INSPIRED® VISIONS

Peak Season

As we step into 2026, outdoor living continues to redefine itself as a seamless extension of the home, guided by sustainability, wellness, and multi-functionality. These values produce outdoor spaces that are as practical and personalized as they are beautiful, redefining how we connect with each other.

We are pleased to introduce the 2026 Inspired Visions Collection by Peak Season. In our evolving world, we find consumers desire to create outdoor spaces that enhance the homes they continue to prioritize and invest in.

We invite you to imagine and explore what inspires you to live outside. As you review the products in this year's assortment, please keep in mind the overall eclectic nature of our line and do not let the way we photographed or merchandised our product limit your creative direction. We look forward to collaborating with you to bring fresh inspiration to outdoor living.

Outdoor Lantern Collection

Our Outdoor Lantern Collection offers an array of oversized designs built to withstand the elements while adding a warm, inviting ambiance to your outdoor setting. Available in a variety of styles and silhouettes, these lanterns complement a range of decor themes. For a complete look, pair them with our battery-powered outdoor LED candles, which feature a gentle flicker option and remote control.

SEE ITEMS IN INDEX ON PAGE 126 - 129

Outdoor Lighting Collection

Light up the outdoors with our weather resistant lamps and pendants. Featuring an outdoor rated design with glass globe to keep out moisture. For wind resistance our lamps have a weighted base. See the product index for our complete collection and Sunbrella shade options.

SEE ITEMS IN INDEX ON PAGE 130 - 134

IMPORTANT:

It is recommended that a 60-watt equivalent LED (8-watt actual), a 60-watt equivalent CFL (13-watt actual), or a 40-watt Incandescent bulb be used. Inspired Vision outdoor lamps have been rated for up to a maximum of 40-watt Incandescent.
To avoid risk of injury or fire, DO NOT exceed the recommended wattage.
