2020

Seeing clearly in 2020

Being a designer at heart means seeing inspiration everywhere. Whether it's in ceramic glazes found in the hills of Kyoto or the textures found in the Arizona desert, a designer visualizes product everywhere. This is our passion, to bring you new, interesting beautiful product from our travels all over the globe.

We have added over 350 new pieces to this year's catalog, so there is something that works for everyone. Our continued focus on having a sense of adventure, traveling the world to stay inspired, and learning more about different cultures and their traditions and techniques, helps us bring you new pieces in so many categories of the home. Bringing you new ideas, different looks and different price points is what we do best.

This year we have added The Lifestyle Collection by Jamie Young Company to our main line catalog for all to see! This collection includes product with the same quality, and design aesthetic as the Jamie Young Company main line, but strategically priced for your value driven projects. Check it out starting on page 230.

Our full collection is on our website and our newest items can be seen at any of our permanent showrooms; Atlanta, Las Vegas, High Point, Dallas, Los Angeles, Laguna Beach and Irvine.

As always, our goal in 2020 is to help our customers, whether it's with our In House customer service, at our showrooms, or with one of our 90+ dedicated sales representatives on the road. You can now log on to our website and get your pricing or even place your orders whenever it is convenient for you! Our goal is to make your life just a little easier while getting the product you need. We are close to 100% in stock and ship within one week. Get in touch with us so we can help answer any questions.

Enjoy and thank you as always for being the best customers!
