Natural Hardwood Furniture
Made in Vermont

ABOUT COPELAND

Copeland Furniture has been producing wood products and furniture since 1976. We have gradually grown over the years from a one man shop to the largest employer in our small town of Bradford, Vermont producing high quality furniture.

We are surrounded by beauty. The architectural gems that line the streets in Vermont's well preserved villages inform our aesthetic and sense of proportion. The natural landscape surrounds us with beauty in the form of farmland and mountains, and is also the source of a renewable resource - solid hardwood - from which we build beautiful furniture for your home.

We know that our environment is, in many ways, very fragile. We are the beneficiaries of the strong stewardship ethic practiced and passed down by those who went before us. We hope that the next generation appreciates our stewardship and is inspired to continue the tradition.

We hope that you can see that respect for the landscape in the furniture we build for your home – timeless designs and timeless quality. We remain a family owned and operated business committed to manufacturing high quality products in America.

ASTRID BEDROOM IN CHERRY

With its deeply splayed legs producing dramatic cantilevers, the Astrid Bedroom is an engineering feat that defies expectations and inspires a sense of possibility. A true platform bed, Astrid may be ordered with or without the headboard panels. Recommended mattress thickness is 8" to 12".

The Astrid Bedroom is crafted in solid cherry hardwood and Made to Order in five finishes* with a variety of knob or pull options. The finish is **GREENGUARD Certified** for low chemical emissions.

*Natural variations in solid wood and hand-applied finishes make each piece unique. Slight grain and finish irregularities as well as subtle differences in stain shades are signs that the furniture has been crafted from solid wood and are considered hallmarks of quality.

BERKELEY BEDROOM

A fusion of Arts & Crafts and Asian design, the Berkeley Bedroom is both sophisticated and practical. Crafted in solid cherry hardwood* with American black walnut accents, the collection features a variety of cases and a low footboard bed designed for use with a mattress only. The Berkeley Bedroom is Made to Order in five finishes** with a variety of pull options. The finish is **GREEN-GUARD Certified** for low chemical emissions.

*Case sides are laminated with cherry veneer.

**Natural variations in solid wood and hand-applied finishes make each piece unique. Slight grain and finish irregularities as well as subtle differences in stain shades are signs that the furniture has been crafted from solid wood and are considered hallmarks of quality.

2 Drawer	2-BER-20-XX	23 3/4"w x 22"l x 25 1/2"h

Space, style and function are the three main themes expressed in the Berkeley storage bed. With 4, eight inch deep, sub-mounted drawers, the bed provides plenty of inconspicuous storage, allowing for a roomier living environment. The Berkeley storage bed is unique, in that the drawers are mounted six inches above the floor allowing for easier access than other storage beds. The Berkeley bed is crafted in solid cherry hardwood with American black walnut accents.

The optional nightstands, also crafted in solid cherry are designed to allow easy access to the storage drawers.

CANTO BEDROOM

By juxtaposing a formidable solid wood frame with delicate hairpin legs, the Canto Bedroom evokes a feeling of mid-air suspension. A slight inward rotation of the legs combined with a “cove” style relief produces a comfortably reclined headboard. The Canto bed is designed for use with a mattress only.

Upholstery on the bed is available in a range of microsuede, fabric, Ultrasuede®, Ultraleather® or leather colors as well as COM (customer's own material). Please refer to the upholstery page of this catalog.

The Canto Bedroom is crafted in solid American black walnut with natural finish and Made to Order with a variety of knob or pull options. The finish is GREENGUARD Certified for low chemical emissions.

CANVAS BEDROOM

The pure minimalism of the Canvas Bedroom serves as a perfect backdrop for any modern environment. Cases may be ordered unadorned with push to open drawers or with a knob or pull with soft close self-close drawers.

The Canvas Bedroom is crafted in solid American black walnut or solid maple hardwood with six finishes* and Made to Order with a variety of knob (default single knob in center of drawer) or pull options. The finish is **GREENGUARD Certified** for low chemical emissions.

*Natural variations in solid wood and hand-applied finishes make each piece unique. Slight grain and finish irregularities as well as subtle differences in stain shades are signs that the furniture has been crafted from solid wood and are considered hallmarks of quality.

CATALINA BEDROOM IN NATURAL CHERRY

Combining the clean, unadorned lines of the International Modernists with organic and geometric forms, the Catalina Collection is suggestive of the works of America's Mid-Century Modern designers. The years following WWII were a time of uncertainty but also of great hope and progress. Designs of the period reflected that sense of hope and the promise of an ideal future. In our current period, one finds comfort and nostalgia in Catalina's retro-modern shapes and sensibilities.

The Catalina bed is low and sleek, designed for a mattress only, and is available in two heights. The Catalina Bedroom is crafted in solid cherry hardwood* with natural finish and Made to Order with a variety of knob or pull options. The finish is **GREENGUARD Certified** for low chemical emissions.

*Bed headboard panel is laminated with cherry veneer.

CATALINA BEDROOM IN WALNUT

Combining the clean, unadorned lines of the International Modernists with organic and geometric forms, the Catalina Collection is suggestive of the works of America's Mid-Century Modern designers. The years following WWII were a time of uncertainty but also of great hope and progress. Designs of the period reflected that sense of hope and the promise of an ideal future. In our current period, one finds comfort and nostalgia in Catalina's retro-modern shapes and sensibilities.

The Catalina bed is low and sleek, designed for a mattress only, and is available in two heights. The Catalina Bedroom is crafted in solid American black walnut hardwood* with natural finish and Made to Order with a variety of knob or pull options. The finish is **GREENGUARD Certified** for low chemical emissions.

*Bed headboard panel is laminated with walnut veneer.

CONTOUR BEDROOM IN ASH

With a continuous ribbon of solid ash surrounding the mattress and wrapping up and around the headboard, the Contour bed exemplifies streamline Modernism. The sleek Contour cases feature softened corners with a choice of shaped Opel laminated glass or solid wood tops. The Contour bed is designed for a mattress only. It is perfectly complemented by attached shelf nightstands.

The Contour Bedroom is crafted in solid ash hardwood and Made to Order in five finishes* with a variety of knob or pull options. The finish is **GREENGUARD Certified** for low chemical emissions.

*Natural variations in solid wood and hand-applied finishes make each piece unique. Slight grain and finish irregularities as well as subtle differences in stain shades are signs that the furniture has been crafted from solid wood and are considered hallmarks of quality. Products selected in Soaped Ash display a variegated range of colors from blonde to light brown.

MANSFIELD BEDROOM IN CHERRY

The Mansfield Bedroom represents a striking combination of the familiar and the unconventional. Mitered frames support the cases producing complex facets that create visual interest and highlight the collection's solid construction. The geometry of the black bronze ring pulls reflects that of the overall collection and is a fresh take on a traditional form. The bed is low and sleek, designed for a mattress only. It is perfectly complemented by a selection of case pieces.

The Mansfield Bedroom is crafted in solid Cherry and Made to Order in six finishes* with a variety of knob or pull options. The finish is **GREENGUARD Certified** for low chemical emissions.

*Natural variations in solid wood and hand-applied finishes make each piece unique. Slight grain and finish irregularities as well as subtle differences in stain shades are signs that the furniture has been crafted from solid wood and are considered hallmarks of quality.

MODULUXE BEDROOM

Modern Luxury for the Bedroom

Available in three unique headboard designs, a 29" H and a 35" H series, and with an array of other options Moduluxe has the versatility to realize your vision.

Moduluxe is Versatility.

Platform beds and cases are available in heights of either 29" or 35". A 35" high storage bed is also available.

Three unique headboard designs are available: a flat panel design, an upholstered design and a louvered "clapboard" design.

Cases and media units are available in a wide range of configurations.

The Moduluxe Bedroom is crafted in solid maple, cherry or American black walnut hardwood* and Made to Order in twelve finishes** with a variety of knob or pull options. The finish is GREENGUARD Certified for low chemical emissions.

*Bed headboard panel is laminated with maple, cherry or walnut veneer.

**Natural variations in solid wood and hand-applied finishes make each piece unique. Slight grain and finish irregularities as well as subtle differences in stain shades are signs that the furniture has been crafted from solid wood and are considered hallmarks of quality.

29" High Bed

35" High Bed

35" High Case

29" High Case

In basic functional terms the difference between the 29" high case series and the 35" high case series may be understood as the difference of one drawer - as with the three and four drawer cases shown here.

Moduluxe Headboard Designs

Panel Headboard

Simple design emphasizing the character of the wood grain itself.

Upholstered Headboard

Horizontal bolsters available in microsuede or full aniline dyed leather in multiple colors as well as customer's own material.

Louvered Headboard

This "clapboard" style design emphasizes the character of the wood grain with slightly more geometric detail than the panel headboard.

29" High Beds & Nightstands

The Moduluxe Bedroom is crafted in solid maple, cherry or American black walnut hardwood* and Made to Order in twelve finishes** with a variety of knob or pull options. The finish is GREENGUARD Certified for low chemical emissions.

*Bed headboard panel is laminated with maple, cherry or walnut veneer.

**Natural variations in solid wood and hand-applied finishes make each piece unique. Slight grain and finish irregularities as well as subtle differences in stain shades are signs that the furniture has been crafted from solid wood and are considered hallmarks of quality.

Finish Options

Natural variations in solid wood and hand-applied finishes make each piece unique. Slight grain and finish irregularities as well as subtle differences in stain shades are signs that the furniture has been crafted from solid wood and are considered hallmarks of quality.

Upholstery Options

Upholstered items are available in a range of microsuede, fabric, Ultrasuede®, Ultraleather® or leather colors as well as COM (customer's own material). Please refer to the upholstery page of this catalog.

MONTEREY BEDROOM

The Monterey Bedroom gives traditional Arts & Crafts an Asian touch. The clean lines of the Monterey beds are perfectly complemented by a selection of case pieces. All pieces are crafted in solid cherry hardwood.* The Monterey bed is designed for use with a mattress only. The Monterey Bedroom is Made to Order in five finishes** with a variety of knob or pull options. The finish is **GREENGUARD Certified** for low chemical emissions.

*Natural variations in solid wood and hand-applied finishes make each piece unique. Slight grain and finish irregularities as well as subtle differences in stain shades are signs that the furniture has been crafted from solid wood and are considered hallmarks of quality.

SARAH BEDROOM IN CHERRY

The Sarah Bedroom exhibits the clean lines and balanced proportions of its Shaker influence. At the center of the Sarah Bedroom is the striking bed design of the romantic raised panel sleigh bed. It has a generous headboard and can be configured for a mattress and box spring or mattress only. The Sarah Sleigh bed with a high footboard is available with either a 51" or 45" high headboard.

All pieces are made of solid cherry hardwood* and Made to Order in five finishes** with a variety of knob or pull options. The cases are also available in maple hardwood* and Made to order in eight finishes** with a variety of knob or pull options. The finish is **GREENGUARD Certified** for low chemical emissions.

*Case sides are laminated with cherry or maple veneer.

**Natural variations in solid wood and hand-applied finishes make each piece unique. Slight grain and finish irregularities as well as subtle differences in stain shades are signs that the furniture has been crafted from solid wood and are considered hallmarks of quality.

SOHO BEDROOM

Accepting the premise that we shape our surroundings and then our surroundings shape us, the SoHo Bedroom seeks to instill the feelings of comfort and clarity. Borrowing elements from the best of traditional and contemporary design, SoHo falls into a category of its own; Modern-Classic. From the 'floating cabinet' motif of Mid-Century-Modern design to the updated Panel bed – designed for use with a mattress only, SoHo subtly evokes harmony, simplicity and versatility.

The SoHo Bedroom is crafted in solid walnut and maple or cherry and is available in an assortment of species combinations and knob and pull options for a highly customizable room setting. The finish is GREENGUARD Certified for low chemical emissions.

SURROUND BEDROOM

The Surround Bedroom envelops its sleepers with softened corners throughout an upholstered, cove-style headboard.

The Surround bed can be configured for a mattress and box spring or mattress only.

Upholstered Surround headboards are available in a range of microsuedes and fabrics or Ultra-suede®, Ultraleather® or leather colors as well as COM (customer's own material). Please refer to the upholstery page of this catalog.

The Surround Bedroom is crafted in solid ash hardwood and Made to Order in five finishes* with a variety of knob and pull options. The finish is **GREENGUARD Certified** for low chemical emissions.

*Natural variations in solid wood and hand-applied finishes make each piece unique. Slight grain and finish irregularities as well as subtle differences in stain shades are signs that the furniture has been crafted from solid wood and are considered hallmarks of quality. Products selected in Soaped Ash display a variegated range of colors from blonde to light brown.

WAVE BEDROOM

The Wave Bedroom is a compelling expression of organic design while at the same time, a unique application of manufacturing technology. The carved three dimensional headboard panel and drawer fronts are highlighted by a sleek, minimalist bed frame and cabinetry.

The Wave Bed is designed for use with a mattress only and is perfectly complimented by a selection of case pieces with push to open drawer slides.

The Wave Bedroom is crafted in solid American black walnut or solid maple hardwood with two finishes. The finish is **GREENGUARD Certified** for low chemical emissions.

*Natural variations in solid wood and hand-applied finishes make each piece unique. Slight grain and finish irregularities as well as subtle differences in stain shades are signs that the furniture has been crafted from solid wood and are considered hallmarks of quality.

The silverware drawer is fitted with an anti-tarnish insert.

AXIS DINING

The Axis Dining collection is a study in geometric harmony and principle. The gentle curve visible along the table's edge is created as a consequence of the broader curve cut into the table top. The duality of this motif is reflected in the chairs and buffet. The Buffet features height adjustable drawers and an anti-tarnish silverware tray.

The Axis Dining collection is crafted in solid ash hardwood and Made to Order in five finishes*. The finish is **GREENGUARD Certified** for low chemical emissions.

*Natural variations in solid wood and hand-applied finishes make each piece unique. Slight grain and finish irregularities as well as subtle differences in stain shades are signs that the furniture has been crafted from solid wood and are considered hallmarks of quality. Products selected in Soaped Ash display a variegated range of colors from blonde to light brown.

Finish Options

CATALINA DINING IN CHERRY

Combining the clean, unadorned lines of the International Modernists with organic and geometric forms, the Catalina Collection is suggestive of the works of America's Mid-Century Modern designers. The years following WWII were a time of uncertainty but also of great hope and progress. Designs of the period reflected that sense of hope and the promise of an ideal future. In our current period, one finds comfort and nostalgia in Catalina's retro-modern shapes and sensibilities.

The Catalina Dining Room is crafted in solid cherry hardwood and Made to Order in five finishes* with a variety of knob or pull options. The finish is **GREENGUARD Certified** for low chemical emissions.

*Natural variations in solid wood and hand-applied finishes make each piece unique. Slight grain and finish irregularities as well as subtle differences in stain shades are signs that the furniture has been crafted from solid wood and are considered hallmarks of quality.

CATALINA DINING IN WALNUT

Combining the clean, unadorned lines of the International Modernists with organic and geometric forms, the Catalina Collection is suggestive of the works of America's Mid-Century Modern designers. The years following WWII were a time of uncertainty but also of great hope and progress. Designs of the period reflected that sense of hope and the promise of an ideal future. In our current period, one finds comfort and nostalgia in Catalina's retro-modern shapes and sensibilities.

The Catalina Dining Room is crafted in solid American black walnut hardwood with natural finish and Made to Order with a variety of knob or pull options. Catalina Dining items are finished with a low sheen (10 sheen) top coat. The finish is **GREENGUARD Certified** for low chemical emissions.

ESSENTIALS COLLECTION

The Essentials Series is an assortment of occasional tables, dining tables, desks and chair in classic mid-century modern styling. Essentials Tables, Desks and Chair utilize recovered wood, including a range of size, natural markings and coloration, resulting in solid hardwood surfaces with significant character and interest. A special offering, the Essentials Tables, Desks and Chair both celebrate the character and uniqueness of each tree and demonstrate Copeland Furniture's ongoing commitment to environmental sustainability.

The Essentials Farm Table features seared Ash hardwood legs. Choose between steel hairpin legs with brushed nickel finish or wood legs for other tables and desks. Chair legs and spindles are brushed aluminum. The Essentials Farm Table is crafted in solid American black walnut and features seared Ash hardwood legs. The other Essentials Tables, Desks and Chair are crafted in solid American black walnut or natural cherry hardwood. The tables and chair in walnut are finished with low sheen (10 sheen) top coat. The finish is **GREENGUARD Certified** for low chemical emissions

EXETER DINING IN CHERRY

Exeter dining is a striking marriage of isometric tension and modern design. Extension Tables incorporate self-equalizing ball bearing glides and can be ordered with either one or two self-storing butterfly leaves to seat up to twelve. Exeter tables are available in a range of glass top sizes highlighting the unique geometry of the table base.

The Exeter Dining Room is crafted in solid cherry hardwood with five finishes*. The finish is GREEN-GUARD Certified for low chemical emissions.

*Natural variations in solid wood and hand-applied finishes make each piece unique. Slight grain and finish irregularities as well as subtle differences in stain shades are signs that the furniture has been crafted from solid wood and are considered hallmarks of quality.

UNICA TABLES BY THE INCH

Unica tables by the inch is a highly versatile table series that can be ordered custom sized to meet your specific needs. The clean minimalist design, highlighted by a subtle metallic structural element, is timeless and melds with any décor. The program allows you to choose the width and length of your table in one inch increments as well as choose from one of five table heights. A highly functional series, Unica tables may be ordered as Coffee Tables, Benches, End Tables, Console/Sofa Tables, Desks/Work Tables, Dining Tables, Counter height Tables.

The Unica Tables are crafted in solid American black walnut hardwood with natural finish or solid cherry hardwood in five finishes* or solid ash hardwood with five finishes*. The tables in walnut are finished with a low sheen (10 sheen) top coat. The finish is **GREENGUARD Certified** for low chemical emissions.

*Natural variations in solid wood and hand-applied finishes make each piece unique. Slight grain and finish irregularities as well as subtle differences in stain shades are signs that the furniture has been crafted from solid wood and are considered hallmarks of quality. Products selected in Soaped Ash display a variagated range of colors from blonde to light brown.

Unica's Flexible Function

1. **16" High Series** - appropriate for benches and low coffee tables (18" x 60" bench pictured)

ESSENTIALS COLLECTION

The Essentials Series is an assortment of occasional tables, dining tables, desks and chair in classic mid-century modern styling. Essentials Tables, Desks and Chair utilize recovered wood, including a range of size, natural markings and coloration, resulting in solid hardwood surfaces with significant character and interest. A special offering, the Essentials Tables, Desks and Chair both celebrate the character and uniqueness of each tree and demonstrate Copeland Furniture's ongoing commitment to environmental sustainability.

The Essentials Farm Table features seared Ash hardwood legs. Choose between steel hairpin legs with brushed nickel finish or wood legs for other tables and desks. Chair legs and spindles are brushed aluminum. The Essentials Farm Table is crafted in solid American black walnut and features seared Ash hardwood legs. The other Essentials Tables, Desks and Chair are crafted in solid American black walnut or natural cherry hardwood. The tables and chair in walnut are finished with low sheen (10 sheen) top coat. The finish is **GREENGUARD Certified** for low chemical emissions

MIMO STORAGE

MiMo, a portmanteau for Miami Modernist Architecture, is defined by the juxtaposition of glamorous materials with minimalist styling. The MiMo bedroom collection, with its metallic and Walnut accents, combines a stark Modernist form with a touch of flair for a design that is both graceful and timeless.

The MiMo Storage cases are crafted in solid maple hardwood with a bright white finish and American black walnut hardwood with natural finish with your choice of bronze (100) or nickel (200) legs and a variety of knob or pull options. The finish is **GREENGUARD Certified** for low chemical emissions.

MIRRORS IN CHERRY

Mirrors in solid cherry hardwood are available in five finishes. The finish is **GREENGUARD Certified** for low chemical emissions.

*Natural variations in solid wood and hand-applied finishes make each piece unique. Slight grain and finish irregularities as well as subtle differences in stain shades are signs that the furniture has been crafted from solid wood and are considered hallmarks of quality.

UNICA TABLES BY THE INCH

Unica tables by the inch is a highly versatile table series that can be ordered custom sized to meet your specific needs. The clean minimalist design, highlighted by a subtle metallic structural element, is timeless and melds with any décor. The program allows you to choose the width and length of your table in one inch increments as well as choose from one of five table heights. A highly functional series, Unica tables may be ordered as Coffee Tables, Benches, End Tables, Console/Sofa Tables, Desks/Work Tables, Dining Tables, Counter height Tables.

The Unica Tables are crafted in solid American black walnut hardwood with natural finish or solid cherry hardwood in five finishes* or solid ash hardwood with five finishes*. The tables in walnut are finished with a low sheen (10 sheen) top coat. The finish is **GREENGUARD Certified** for low chemical emissions.

*Natural variations in solid wood and hand-applied finishes make each piece unique. Slight grain and finish irregularities as well as subtle differences in stain shades are signs that the furniture has been crafted from solid wood and are considered hallmarks of quality. Products selected in Soaped Ash display a variegated range of colors from blonde to light brown.

Unica's Flexible Function

INVIGO SIT-STAND DESKS

Invigo is a highly configurable series of sit to stand desks that can be specified in a range of sizes and finishes. Built on a high quality three-stage, dual motor lift base with three programmable positions, Invigo desks raise from 25" to 51" inches in height. Desks may be fitted with a variety of wire management, storage, decorative and computer accessories.

The Invigo Sit-Stand Desks are crafted in solid cherry, solid walnut or solid ash hardwood and Made to Order in several finishes*. The finish is **GREENGUARD Certified** for low chemical emissions.

Why should I choose a sit-stand desk?

- A typical desk worker spends from 9 to 12 hours a day sitting. Add time spent sleeping and that's up to 19 sedentary hours every day! ^{1,2}
- A sedentary lifestyle dramatically increases risk of diabetes, obesity, heart disease, chronic pain, depression and a host of other illnesses. ²
- Exercise alone cannot fully offset the harmful effects of a sedentary lifestyle. Even for those who regularly exercise, prolonged periods of sitting can reduce circulation, introducing risk factors for a number of diseases. ^{3, 4}
- Incorporating periods of standing into your daily routine can reduce risk factors obesity, diabetes, cardiovascular disease and cancer. ⁴
- In addition to health benefits, workers who use sit-stand desks have been shown to be more alert, energetic and productive. ⁵

What to look for in a sit-stand desk

Durability of work surface.

Desk tops receive heavy use. Veneers and laminates are often not up to the task.

Assembly.

Most sit-stand desks on the market require a significant amount of complex user assembly. Invigo desks are fully assembled at our factory in Bradford, Vermont and arrive in plug-and-play condition.

Hand Control Unit.

Desks with programmable preset heights can be customized to one or more users personal requirements.

Range of Motion.

Most sit-stand desks have either 2 or 3 lift stages. Three stage desks generally have a greater range of motion.

Breadth of Options.

Choose a desk for the appropriate size, shape and edge profile and select add ons such as drawer, keyboard tray, monitor arm, modesty screen and wire management as necessary.

Motors.

Electronic sit-stand desks generally have single or dual motors. Dual motor desk tend to operate smoother and can accommodate a greater load.

Aesthetics.

While inherently utilitarian in nature, a sit-stand desk can either enhance or detract from any interior environment. A wide range of wood finishes, base colors and decorative elements will allow a personal touch as well as help the desk blend seamlessly into.

Customizing your sit-stand desk

1

Choose Your Size

Invigo desks are available in a wide range of sizes. Consider both the available space and your functional requirements.

SARAH HOME OFFICE

The popular Sarah Home Office collection includes two desk options along with file, shelving, and organizer options that work together to create a trim, functional workspace.

The Sarah desk, featuring a drawer-style keyboard tray, can be extended with a left or right side return. A separate desktop organizer adds storage space. A smaller secretary desk can be used alone or accompanied by a return. File storage is offered with a lateral or rolling cabinet; both are equipped with anti-tip locks and can function as a printer stand. Bookcases are available in three sizes and feature adjustable shelves. All pieces are available in solid cherry hardwood* and are Made to Order in five finishes** with a variety of knob options. The finish is **GREENGUARD Certified** for low chemical emissions.

*The lateral file and bookcase case sides are laminated with select cherry veneer.

**Natural variations in solid wood and hand-applied finishes make each piece unique. Slight grain and finish irregularities as well as subtle differences in stain shades are signs that the furniture has been crafted from solid wood and are considered hallmarks of quality.

SELECT HARDWOODS

Copeland selects hardwoods with a long history of sales performance in the North American marketplace. These well established species remain prized and continue to attract top dollar with consumers.

CHERRY

MAPLE

WALNUT

ASH

CHERRY offers superior woodworking characteristics. A strong hardwood with a subtle grain pattern add a uniform texture, its color darkens with exposure to sunlight. It is important to understand that exposure to light accelerates the natural oxidization process. An objects left on a cherry wood surface for an extended period of time may retard the aging process in a limited area. Simply remove the object and, over time, the surface will attain a uniform reddish brown color.

MAPLE is a heavy wood characterized by straight grain or clusters of curls (burls). It is highly resistant to abrasion and indentation and the natural color ranges from cream to light brown.

AMERICAN BLACK WALNUT is a dense wood with a uniform to highly figured grain. The color ranges from light gray-brown to dark purplish-brown. Its rich patina deepens with age.

AMERICAN WHITE ASH is hard and strong and has a medium to coarse, open grain texture. The grain is almost always straight and regular. The heartwood is a light to a medium color, while the sapwood tends to be beige or light brown and is not always sharply demarcated from the heartwood.

Wood options are indicated in piece descriptions. Products selected in Soaped Ash display a variegated range of colors from blonde to light brown.

THE *BEHAVIOR* OF SOLID WOOD FURNITURE

Wood is dynamic material. Some say that it is still “living” even after it is made into furniture. Unlike composite materials and stone, it is constantly adapting to its environment and actually changing weight, shape and size. For instance, a 42” wide table can change $\frac{3}{8}$ ” of an inch in width over the course of a year as the relative humidity in a living space varies with the seasons. Sometimes one surface of a wooden component will receive a different exposure to seasonal changes than the other side and a slight warping or “cupping” might occur. “Cupping” and warping are minimized by engineering the furniture so that wide expanses of hardwood, such as table tops, are stabilized by other components that run across the width of the panel and limit the extent to which the wider panel can move. We also retard variation in moisture content with the application of moisture resistant **Greenguard finishes**. While engineering solutions can limit changes in shape they will never totally eliminate them and some movement is to be expected.

Some interesting facts about solid hardwood furniture and how moisture and humidity effect it:

- 🌿 The hardwoods we use to make furniture have been dried to 6% - 8% moisture content.
- 🌿 The equalized moisture content (EMC) of a typical living environment varies from a low of 4% to a high of 11%.
- 🌿 The range in environment humidity impacts the moisture content of everything in it. For example, when a 42” x 84” Axis Dining Table leaves our factory it weighs 120 lbs. 8 lbs, 6 ounces of that is water.
- 🌿 If exposed over a long enough term to the driest residential environment (heated air in a winter climate) it will lose about 3 1/2 lbs. of water.
- 🌿 Exposed to a high humidity environment (un-air conditioned beach house) it will gain 3 1/2 lbs. It almost never reaches those extremes, because the driest and most humid seasons usually only last for several months and moisture resistant finished retards drying and uptake of moisture.

Think of the cellular structure of wood as bundles of long narrow tubes. As the moisture content of the cells is reduced the tube shrinks in width but not length. With this variation in moisture content, solid wood furniture shrinks, expands and moves. The movement is small and happens slowly and often time it is never noticed. For each 3% change in moisture content of finished wood the width of the wood will change 1% in its width. That means that if we make a table 42” wide out of lumber that is 8% moisture content, and it is left long enough in an environment with 11% EMC, it could expand by 3/8” in width. In extreme to the other, the change in width would be 3/4”.

FINISHES AND FINISH OPTIONS

All pieces are finished with a catalyzed lacquer/varnish that resists stains, moisture rings and spots, heat damage (from hot beverages, etc.), and abrasions. Finishes are formulated to meet Kitchen Cabinet Manufacturers Association (KCMA) standards and provides lasting protection.

Standard finish is GREENGUARD Certified: We use a catalyzed sealer and top coat that is **GREEN-GUARD Certified** for low chemical emissions as the default finish option on all of our products. **GREEN-GUARD certification** is a testing program of UL (Underwriters Laboratory) focusing on the issue of indoor air quality. Further information about **GREENGUARD certification**, can be found at: <http://www.greenguard.org>

Natural variations in solid wood and hand-applied finishes make each piece unique. Slight grain and finish irregularities as well as subtle differences in stain shades are signs that the furniture has been crafted from solid wood and are considered hallmarks of quality. Products selected in Soaped Ash display a variegated range of colors from blonde to light brown.

KNOB AND PULL OPTIONS

A selection of knobs and pulls is available for all Copeland cabinetry and desks.

UPHOLSTERY OPTIONS

Upholstered items are available in a range of microsuede, fabric or leather color as well as COM (customer's own material)

Grade A - Microsuede

Grade B - Fabric

Ultrasuede® HP

Ultrasuede® High Performance ultra-microfiber (excluding HP Jungle Collection) is available on most Copeland Furniture upholstered products. For more information and color choices please visit www.ultrasuede.com.

Ultraleather® Original

Ultraleather® Original is available on most Copeland Furniture upholstered products. For more information and color choices please visit www.ultrafabricsllc.com.

Leather

GREEN FURNITURE

COPELAND FURNITURE IS GREEN FURNITURE - Preservation and stewardship are values that run deep in Vermont. We take pride in the quality of the environment and the natural beauty that surrounds us. Here are some of the ways that our environmental values are reflected in each piece of furniture that we make:

WE USE SUSTAINABLY HARVESTED HARDWOODS FROM THE AMERICAN NORTHERN FOREST - The lumber we use comes from the American Northern Forest, much of it within 500 miles of our factory, consuming less energy in transporting raw material to the factory. An independent research study,* commissioned by the American Hardwood Export Council (AHEC) and conducted by a team of international experts confirms that:

U.S. hardwoods derive from legal and well managed forests.

Hardwood procured from anywhere in the hardwood states could be considered Low Risk in all five Forest Stewardship Council (FSC) controlled wood risk categories.

The U.S. hardwood-producing region can be considered low risk for illegal and non-sustainable hardwood sourcing as a result of public and private regulatory and non-regulatory programs.

**The full report can be found at www.ahec-europe.org*

WE WERE AWARDED SILVER EXEMPLARY MEMBERSHIP STATUS BY SUSTAINABLE FURNISHINGS COUNCIL - Copeland Furniture was awarded Silver Exemplary Membership Status by Sustainable Furnishings Council (SFC), joining only a handful of companies to have been awarded this prestigious distinction for proven performance in meeting a range of specific sustainability measures.

RECIPIENT OF THE SAGE AWARD FOR ENVIRONMENTAL EXCELLENCE - Sponsored by the American Home Furnishings Alliance (AHFA), we were the second American furniture manufacturer to receive this prestigious award. The Sage award program was launched to recognize environmental accomplishments within the home furnishings industry. For more information go to www.sageaward.org

STANDARD FINISH IS GREENGUARD CERTIFIED - We use a post-catalyzed conversion varnish that is GREENGUARD certified for low chemical emissions as the standard finish on all of our products. GREENGUARD certification is a testing program of UL (Underwriters Laboratory) focusing on the issue of indoor air quality. Further information about GREENGUARD certification, can be found at: <http://www.greenguard.org>

WE CREATE DURABLE FURNITURE WITH TIMELESS DESIGNS THAT WILL LAST GENERATIONS - Heirloom-quality furniture has less environmental impact than a piece that will fail or has a "fashion life." As an example of quality design, our Contour bedroom group won the 2014 ASFD (American Society of Furniture Designers) Pinnacle Award for the best new bedroom design. All of our furniture is built using time-tested joinery and construction methods, durable finishes and quality hardware.

WE'RE NOT DONE - While the environmental impact of our factory and the environmental cost of the furniture we build for you is among the lowest, we're not standing still. We've continued to work to reduce VOC (volatile organic compounds) emissions. We've reduced packaging material purchases with the installation of a box making machine that allows us to make only what we need. We recycle all packaging waste and have reduced our reliance on landfill disposal. We heat our building with wood waste from our manufacturing operation further reducing our consumption of oil.

ABOUT COPELAND

Copeland Furniture has been producing wood products and furniture since 1976. We have gradually grown over the years from a one man shop to the largest employer in our small town of Bradford, Vermont producing high quality furniture.

We are surrounded by beauty. The architectural gems that line the streets in Vermont's well preserved villages inform our aesthetic and sense of proportion. The natural landscape surrounds us with beauty in the form of farmland and mountains, and is also the source of a renewable resource - solid hardwood - from which we build beautiful furniture for your home.

We know that our environment is, in many ways, very fragile. We are the beneficiaries of the strong stewardship ethic practiced and passed down by those who went before us. We hope that the next generation appreciates our stewardship and is inspired to continue the tradition.

We hope that you can see that respect for the landscape in the furniture we build for your home – timeless designs and timeless quality. We remain a family owned and operated business committed to manufacturing high quality products in America.
