TRUE VINTAGE

dining room • bedroom • living room tables
home entertainment • home office • accents

A bold expression of the feminine heart and home, True Vintage is a transformational collection inspired by vintage artifacts, classical motifs and exotic antique doors.

Crafted of natural Pecky Pecan in a whitewashed driftwood tone, True Vintage exudes a soft, ethereal feeling with a dream-like charm and aspirational quality.

Accent finishes run the gamut from a rustic gray to a tree-bark-colored finish. The relaxed casual finishes are a juxtaposition of the old and new, rich in character yet warm and inviting.

A bold original and courageous design, True Vintage combines the best elements of romantic European style with an updated, casual chic vibe to bring an unforgettable elegance to your home.

Design

Grand architectural forms and designer touches such as relaxed moldings, elegant carvings, dome-shaped accent nails and scrolled metal bases give a dream-like charm to True Vintage.

Finish & Hardware

An elegantly-aged, soft driftwood-tone finish with whitewash paint distinguishes True Vintage. Accent finishes include a Antique Linens on a bachelors chest and writing desk, Vintage Blend on the bench and a dining chair and Parisian Pewter on the metal tables. Custom-designed antique silver hardware is fashioned in a ring pull, delicately-carved French-style handles in a romantic old world design, and in simple knob pulls.

Quality from start to finish

Of all the aspects of wood furniture, the finish most visibly reflects its character, quality and style. While the finish is one of the last things we do, it's the first thing you see. That's why at Hooker, we utilize a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes "feel" as good as they look, with a smoothness that is delightful to the touch.

Wood & Veneer Construction

Many of our furniture items are constructed of hardwood solids and veneers or hand-painted finishes over durable wood products such as medium density fiberboard (MDF) and particle board. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture. Due to a wide variety of wood species and decorative designs used in our furniture styles, variations in construction are possible.

Drawer Construction & Operation

Detail of cedar-lined bottom drawer

- Full height, full depth and full width drawers for maximum storage capacity.
- All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use.
- Plywood drawer bottoms are attached to plywood drawer sides for strength and durability.
- Our top-of-the-line bedroom collections include bottom drawers on major case pieces that are cedar-lined for the aromatic benefit and preservation of clothing.
- Some night stands offer receptacles on the back of case.

Cord Clip

A convenient cord clip avoids one of life's little headaches by holding phone charging cords securely in place so they don't fall behind the nightstand.

High Quality Bonded Leather

Hooker Furniture uses high quality bonded leather made from a minimum of 60% leather fibers for consistency, durability and environmental friendliness.

DINING

Enchant your guests and family with the inviting elegance of True Vintage dining. An 88-inch rectangle dining table expands to 128 inches with 2 twenty-inch leaves. Or, select a 60-inch round dining table. Both tables are complemented by soft upholstered dining chairs and softly carved bases. Finish off your room with the carved accent storage chest or bunching display curios.
