NOVA Quick Ship: All items in this NOVA of California Stocking Catalog are guaranteed to ship within 14 working days.

NOVA was founded in 1923 by David Moskowitz from his humble Brooklyn home. He believed that home décor should be functional, beautiful and widely accessible.

In 1956, David's son Mel moved the company from Brooklyn to Los Angeles. Swept up in the West Coast artistic culture in all its richness, he absorbed the shifts in painting, murals, sculpture, film, architecture and furniture design.

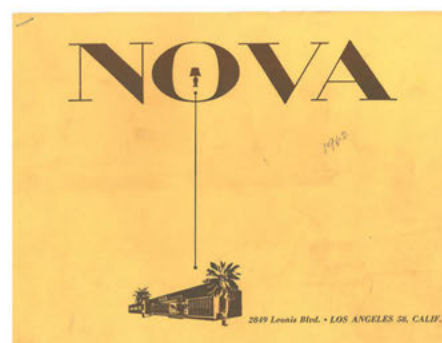

What is now called mid-century modernism was an historical milestone for NOVA and continues to be a living, breathing ideal reflected in much of today's best design and architecture.

Today, as we at NOVA enter our 92nd year, we are proud to carry on our founder's passion for designing and manufacturing original, beautiful and functional home décor created for modern living. NOVA is the leading resource for soft contemporary and simple modern home furnishings. Our passionate staff comes from eleven different countries and we share a common thread of living with integrity and authenticity.

We offer this catalog to bring original design, beauty and joy into your home.
