CENTURIES OLD KNOW-HOW -

Appointed as the official ceramicist to the Royal House of Chakri Dynasty (Kingdom of Thailand). Our generational knowledge of ceramics positions us to craft modern jewel accents for the most discerning of Royals.

MATTE OR GLOSS

In addition to our rich glazes, we include options of matte or rich gloss finishes—contrasting options to layer your specifications.

HERE TO STAY

Ceramic material is one of the toughest outdoor materials in terms of color permanence. Woods fade, plastics ultimately fade, but ceramic glazes will hardly alter over several decades.

UNPARELLELED GLAZE OPTIONS

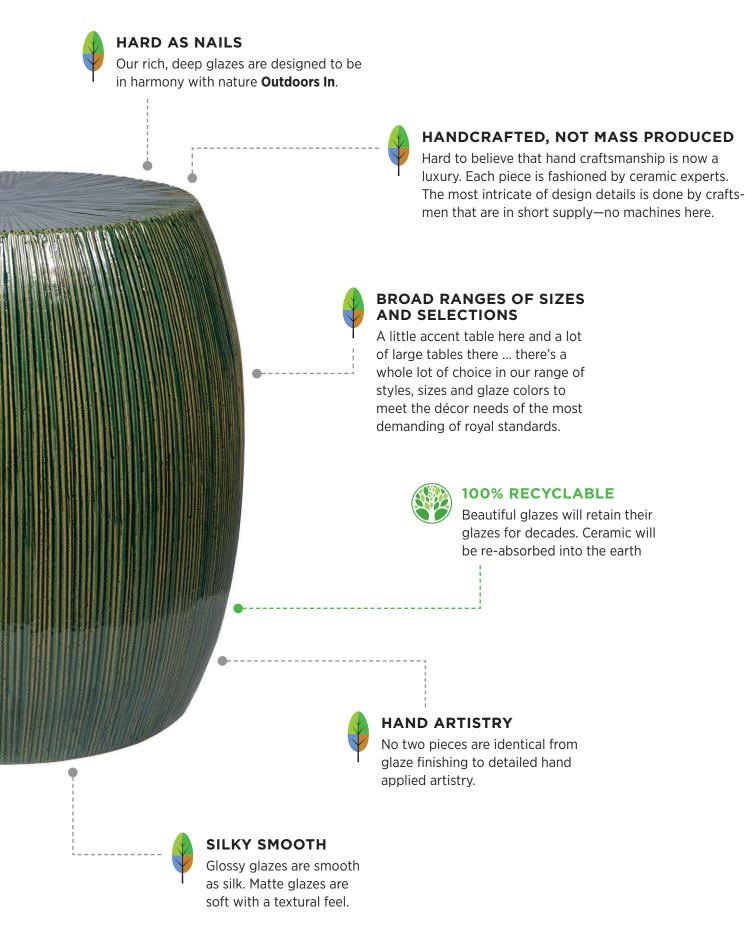

From ancient blue and white to new modern styles (and everything in between), our glaze collections are unparalelled in their depth of tone and for the choice of colors, allowing you flexibility to specify gorgeous, rich color accents to create personalized specifications.

HEAVY & DURABLE CERAMICS

Our ceramics are much more than most. Hand-molded and styled, these ceramics offer heft and weight—ideal for the outdoors in everyday normal weather conditions.

We reserve the right (at any time) to change, modify or alter any part of this product including but not limited to the glaze in order to improve overall quality. Our handmade ceramic products can be adapted and refined according to the different shapes and dimensions available. Each product is a unique handmade item, as such you should expect variations in glaze finishes. Glazes may show irregularity in the colors and the surface as a result of the handmade work. Surfaces cannot be perfect. Pictures, ceramic samples and descriptions are purely indicative.

FIZZ

PROFESSIONAL UPHOLSTERY KNOWLEDGE

EASY CARE

Exceptional performance outdoor fabrics with removable, washable cushion covers.

Body padding is critical to your continued -enjoyment and elevates your comfort
by protecting you from the hard surfaces
and edges of the frame. Extra padding
not only creates comfort, but makes the
product look comfortable as well.

SUPERIOR PERFORMANCE

Asides from looking "all gussied up," Fizz goes beyond looks to deliver contract quality expectations.

ALL DRESSED UP AND READY FOR ANY OCCASION

Comprehensive 100% solution-dyed choices to reflect and enhance colorways and allow you to add accessories to create truly personalized living spaces. Alternatively, we can accommodate COM specifications.

PERFORMANCE FEET -----

One-piece injection-molded polyolefin feet with UV inhibitors resist fading. Specialized rubber pads reduce slippage on wet or slick surfaces.

Exposed metal feet are stainless steel with clear powder coat finish for added protection. Metal feet have nylon pads to prevent slip and skidding.

USA DESIGNED AND MADE

Promotes sophisticated American design everywhere.

TRILLIUM® FILLED BACK PILLOWS

Known for its ultra-dense, soft and luxurious feel, Trillium® polyester is a premium product often used as a down and feather alternative indoors.

Hypo-allergenic and anti-microbial, Trillium provides the comfort you expect and the performance we demand.

HIGH-RESILIENCY FOAM SEAT CUSHIONS

Layered foam-on-foam construction minimise wrinkles and improves performance.

Our thick foam cores are topped with layer of high-performance contouring foam which gives the cushion its long-lasting shape.

Our anti-microbial foam seat cushions are laminated with a water barrier and then placed into a zippered, water resistant polyester bag prior to being stuffed into the fabric cover of your choosing.

ALL STITCHED UP

Important custom details like double needle stitching or French seams add value and help set Fizz product apart from typical off-theshelf patio furniture.

All stitching uses non-shrink, UV-protected, mildew-resistant thread.

ECO-FRIENDLY

Frames use only water-based stains.

Where possible, we seek recyclable products such as polyester that can be made from recycled bottles.

We use only recycled cardboard for packing and try to minimize plastic packaging.

GETTING FRAMED

All Fizz products are built using furniture-quality, marine-grade hardwood panel board.

Interlocking frame components are glued and stapled together using water-based, low-VOC adhesives and surgical stainless steel staples for high performance **Outdoors In**.

Probably better known for their high performance Italian racing tires, Pirelli is also the source for the specialized rubber webbing used in Fizz furniture production.

This durable, mildew-resistant product is the perfect support system for the cushions in your Fizz seating.

PERPETUAL

SILKY SOFT TO THE TOUCH

European know-how and expertise is shown in fabulous Venetian-plaster like concrete finish. Silky smooth to the touch.

SUPERIOR HAND CRAFTMANSHIP

No two pieces will be alike, making each piece unique—a sight to behold and a joy to the touch.

RICH, DURABLE WOOD

Our Perpetual reclaimed Teak --collection is entirely recycled from man's progress. History is on display in our reclaimed wood, showcasing notches and uses from a previous incarnation.

PERFORMANCE GLIDES

Our rubber stripping protects the best flooring.

SUPERIOR ENGINEERING ------

Attention to details goes beyond skin deep. We get into the details, making sure that precision engineering goes beyond what most concrete furniture offers—reinventing the concept of "Vorsprung Durch Technik" as it relates to this sophisticated, world-class collection.

ENVIRONMENTALLY SOUND

Sustainable reinforcement material "ramie" is used, which means no use of resin or fiberglass substances in the concrete or finish. All products are fully recyclable at the end of life cycle.

EUROPEAN EXCELLENCE

Incorporating deep European knowledge and craftsmanship. Years of experience is delivered so that you can enjoy the best of lightweight concrete married to ---stunning material palettes.

YIN AND YANG

Fabulous specifier color palettes from slate or beautiful ivory with steel or reclaimed teak-how can you go wrong?

RICH ARCHITECTURAL DESIGNS

Our elegant and sophisticated designs help to fashion each piece into exquisite furniture. Perfect for Outdoors In.

DETAILING

Some skimp on the details. We don't. Our scale is superbly executed to create fine conversation pieces.

SUPPORT WOMEN

Female owned, designed and operated concrete furniture business, using sustainable materials produced in a developing country that employs minorities who would struggle to gain employment in the traditional jobs sector.

PERFECT SYMMETRY

Precision designs provide clean, crisp details, creating perfect symmetry and balance.

SEALER, 1-LITER

NOTES

To avoid staining, do not use or place any item on top of any Perpetual lightweight concrete surface without sealing the product with our specially formulated sealer.

> A 3.0ML bottle of sealer is shipped with every product—LOOK for it carefully in the shipped carton box. READ the Product Care instructions shipped and follow instructions on how to apply the sealer.

> Buyer is responsible for sealing and re-sealing product depending upon where is is located and how often it is soiled. The sealer ONLY provides you with a temporary protective solution to stains. Failure to quickly clean up spills and regularly re-apply our specified sealer can result in stains that are not possible to remove.

> Use our **Repair Kit** to repair minor surface chips to your lightweight concrete products. Specify Ivory White or Slate Gray.

> Use our Refurbishment Kit to repigment surfaces and refurbish rough finishes on lightweight concrete surfaces. Specify Ivory White or Slate Gray.

Read important product information at the front of the Perpetual section.

PROVENANCE SIGNATURE COLLECTION CERAMICS

BY LAURA MULLER

CENTURIES OLD KNOW-HOW

Appointed as the official ceramicist to the Royal House of Chakri Dynasty (Kingdom of Thailand). Our generational knowledge of ceramics positions us to craft modern jewel accents for the most discerning of Royals.

MATTE OR GLOSS

In addition to our rich glazes, we include options of matte or rich gloss finishes—contrasting options to layer your specifications.

SUPPORT WOMEN

Female-owned design business. Our goal is to support women-owned firms whenever possible.

HERE TO STAY

Ceramic material is one of the toughest outdoor materials in terms of color permanence. Woods fade, plastics ultimately fade, but ceramic glazes will hardly alter over several decades.

UNPARELLELED GLAZE OPTIONS

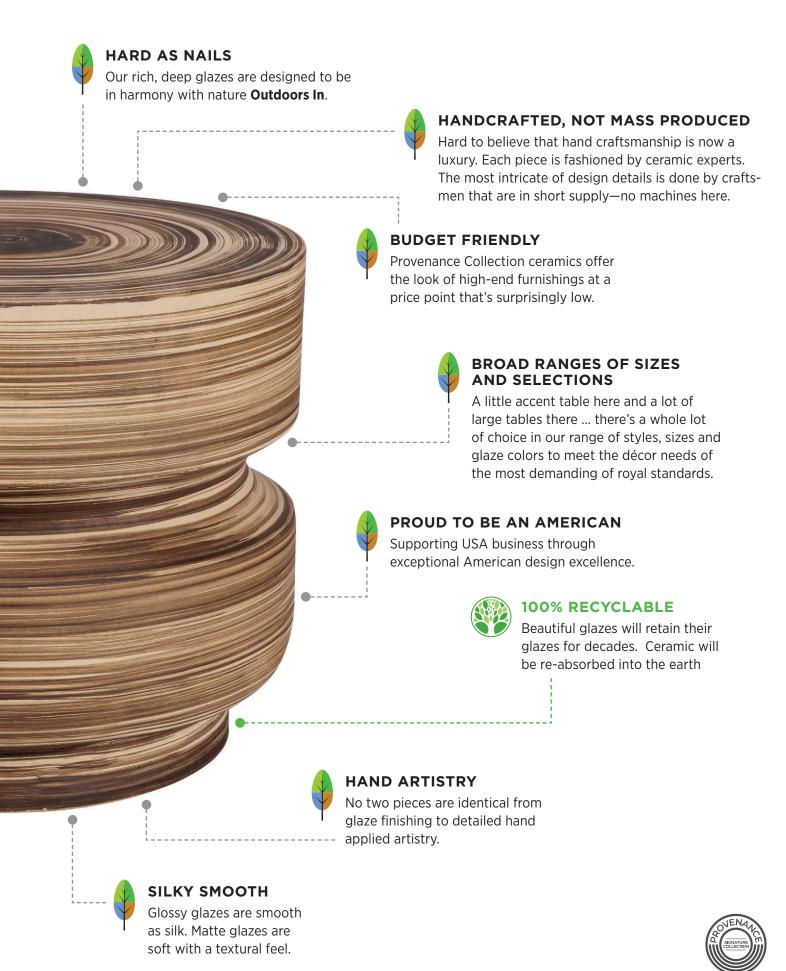

From ancient blue and white to new modern styles (and everything in between), our glaze collections are unparalelled in their depth of tone and for the choice of colors, allowing you flexibility to specify gorgeous, rich color accents to create personalized specifications.

HEAVY & DURABLE CERAMICS

Our ceramics are much more than most. Hand-molded and styled, these ceramics offer heft and weight—ideal for the outdoors in everyday normal weather conditions.

PROVENANCE SIGNATURE COLLECTION FRP

BY LAURA MULLER

READY FOR THE OUTDOORS

- Easy cleaning: No sealing or polishing
- Highly stain- and fade-resistant
- No outdoor furniture covers required: These products are built to withstand everyday weather 365 days

SUPPORT WOMEN

- Female-owned design business
- Our goal is to support women-owned firms whenever possible

NATURAL TEXTURES

- Abstract nature-inspired designs are intended to visually promote feelings of wellness
- Production techniques permit wood tones and grains to appear realistic

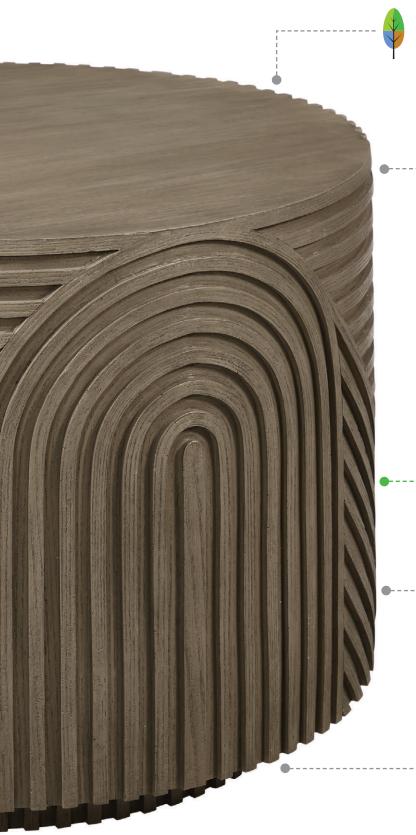

FRP ADVANTAGES

- Anti-corrosive material suitable for marine environment specification
- Will tolerate electrostatic cleaning*

DESIGNED FOR YOUR LIFESTYLE

- Created by an experienced designer with years of appreciation of customer needs
- Material and color palettes specifically designed to allow for **Outdoors In** specification

SUITABLE FOR ALL CLIMATES

- Will not rot, mildew or rust
- Heat deflecting material, better than stone or metal—does not incur significant temperature fluctuations

ECO-FRIENDLY

- FRP is recyclable
- No off-gassing
- LEED-recognized material

PROUD TO BE AN AMERICAN

 Supporting USA business through exceptional American design excellence

- While lightweight, FRP pieces are built on an inner steel support structure for lasting integrity
- Easy to install and move, some pieces are light enough to ship via UPS
