SEASIDE CASUAL

VIA SEASIDE & SEASIDE CASUAL

We launched **Via Seaside** to continue building on **Seaside Casual's 25+ years of Outdoor Living Without Compromise**. This provides us a chance to work with other brands and bring new products to the market.

Via Seaside offers a curated selection of **outdoor furniture and solar / hybrid lighting** collections from Maiori Design Studio.

We are proud to be the **exclusive distributor of Maiori products in North America**.

MAIORI

MAIORI DESIGN STUDIO®

Maiori Design is an interdisciplinary research studio **founded by experts in the field of industrial design**.

Through innovative know-how and expertise in new technologies, **Maiori products are smart and adaptable** with a view to enhance comfort as part of an eco-friendly approach.

Maiori regularly calls on **guest designers** to expand the product range and tap into the current pool of talent.

KARIM RASHID

Time Magazine has described Karim Rashid as the “most famous industrial designer in all the Americas”.

Over 3000 designs in production, over 300 awards and working in over 40 countries attest to Karim’s legend of design.

CHRISTOPHE PILLET

The lucidity of expression and search for simplicity are key principles in Christophe’s work.

He has won **international acclaim** for the quality of his creations, and **his signature is associated with the finest brands**: Lacoste, Jean-Claude Jitrois, Maiori, and others.

ANTOINE LESUR

Exciting French talent Antoine Lesur’s creations equally emanate **sensitivity and technique**.

He is a graduate of the Ecole Boulle and established his own design studio in 2012 and was **awarded the prestigious Émile Hermès Prize** in 2014.

THE STIPA COLLECTION

The Stipa collection features aluminum table & chair frames with seat/backs that feature coordinating Novosier Fiber panels. This straw-like composite has a warm and soft touch that is resistant to weather, UV rays, bacteria and environmental pollution. This exclusive composite is extruded and twisted to be woven into a high performance T6 aluminum frame. With a classic and comfortable design, Stipa will stand out in any outdoor setting.

- Seating options available in Dining and Bar heights.

THE KOSE COLLECTION

Café Furniture that is stackable, lightweight and unique, Kose's curvy silhouette embodies all of Karim's most recognizable design language, while the powder-coated aluminum, with perforated surfaces, adds the MAIORI trademark feel. Kose embodies human qualities like emotion, usability, humor, positive energy, and proud spirit that are so often missing from design, resulting in a stacking café arm chair that is lightweight and current.

- The Kose Bistro Tables feature adjustable leveling screws to help balance furniture on uneven surfaces.

THE A600 COLLECTION

The simple yet sophisticated look of Christophe Pillet's A600 Series for MAIORI is created for the outdoors with a nod to the indoors. This series of tables and chairs are sure to be a contemporary classic. Combining the timeless charisma of a French country garden with a modern and refined aesthetic, the A600 collection makes physical the dialogue of contrasts from Christophe Pillet's conception.

- The A600 Bistro Table features adjustable leveling screws to help balance furniture on uneven surfaces.
- The A600 Square and Long Dining Tables each feature umbrella holes.

THE HUGGY COLLECTION

Huggy revisits bistro furniture to redefine it. Each piece is a statement full of character and restraint. Containing no sharp angles, its nonchalant outlook and sturdy design are an example of brilliant engineering at the service of originality. A body of T6 aluminum means every piece is ultra light yet heavy-duty. Add a layer of trademark powder coating and you have a high performance promise from any piece, in any location, indoors or outside.

THE GREENS COLLECTION

Greens provides a chic vertical garden to express yourself. Designed with a simple drip watering system that allows water to flow from top to bottom, Greens is ideal for interior spaces as well as outdoor settings. Greens can rest against a wall, or stand freely as a privacy barrier, adding a growing, living softness to any space. If you need to move or store it, Greens can be disassembled and easily nests into a single unit.

- The Greens Collection features a stackable, modular system for easy storage and custom heights.

LA LAMPE POPUP

INSPIRED BY THE JAPANESE ART OF KIRIGAMI

The Popup lamp is designed to “pop up” anywhere, at any time, on a table, in the garden, or even on a terrace. Extremely compact, it fits easily into a bag to provide light wherever you are for up to 10 hours. The design of the lacquered aluminum lampshade was inspired by a Japanese art form - Kirigami, which consists in cutting paper and giving it different shapes, often with movable shapes.

FEATURES

- Weather resistant. Suitable for indoor & outdoor use.
- Wireless solar-powered lighting module to light up anywhere.
- Module charge lasts 6-10 hours in automatic mode.
- Suspension cord is included for easy hanging.
- The nomad lamp.

LA LAMPE PACHA

THE SOLAR VERSION OF A CANDLE LIGHT LANTERN

A true nomad by nature it will follow you outside or inside the house. Due to its stretched fabric, it will provide a soft halo of light which will create a warm atmosphere. The frame is made of Charbon or Blanc powder coated aluminum and is dressed with a waterproof off-white coated fabric. Allows up to 10 hours of splendid light in automatic mode.

FEATURES

- Weather resistant. Suitable for indoor & outdoor use.
- Wireless solar-powered lighting module to light up anywhere.
- Module charge lasts 4-10 hours in automatic mode.
- Top Handle for easy handling and hanging.
- Stretch fabric defuses a soft halo light and warm atmosphere.

ACCESSORIES & REPLACEMENT PARTS

USB CHARGING TRAY FOR 8 LIGHT MODULES

The Solar Charging Tray allows you to efficiently recharge multiple modules at the same time instead of moving your lamps around. It is specially designed for outdoors, made with a weather resistant oven cured painted aluminum frame.

LP6509

Charging Tray that can charge up to 8 Modules. Stackable for more Modules.

LP6509-WHEEL

4 removable wheels for charging tray.

LA LAMPE PARIS SHELF

The Paris Shelf converts La Lampe Paris into a multi-functional product. It fits tightly on La Lampe Paris and turns it into an auxiliary table which sits perfectly next to your seating or as standalone. Made of aluminum with epoxy paint finished, which allow glassware or any object securely placed on top. It is sturdy and weather resistant. The Paris Shelf can be installed at sitting or standing heights of 16" or 36".

SOLAR HYBRID MODULES **SLS**

The Hybrid Modules collect light from the sun and produce electricity during the day. In case of bad weather, the module can charge through the USB dock. The energy is then stored in the battery and restored at night. They deliver 75 - 300 lumens of light for up to 10 hours in automatic mode, which provides uniform warm global light to the surrounding area. They can also be connected to the MAIORI app, which enables remote operation and programming using a Bluetooth transmitter.

LIGHT MODULE (B)

- LP6530 & LP6536
- 3 Modes: 75/150/300 Lumens
- 4-10 Hours in Automatic Mode
- 6 Hours Charging
- 1000 Cycles

LIGHT MODULE (S)

- LP6532, LP6535 & LP6537
- 2 Modes: 50/100 Lumens
- 6-10 Hours in Automatic Mode
- 5 Hours Charging
- 1000 Cycles

LIGHT MODULE (M)

- LP6597
- 2 Modes: 50/100 Lumens
- 4-10 Hours in Automatic Mode
- 5 Hours Charging
- 1000 Cycles

COLORS & MATERIALS

POWDER COATED ALUMINUM

Maiori products are made from lightweight, marine grade aluminum with a corrosion resistant finish for indoor & outdoor use. After the metal is pre-treated with a chrome coating, the powder coating is applied electro-statically and cured at high temperatures to ensure there is 100% coverage of the metal's surface. The result is a finish that is impervious to moisture and resistant to corrosion, cracks & scratches.

VIA SEASIDE WARRANTY

LIMITED 5 YEAR RESIDENTIAL AND 3 YEAR COMMERCIAL WARRANTY

If a defect is documented within 5 years for (Residential use) or 3 years for (Commercial use) from the original invoice date, the defected product or component will be replaced without charge. The guarantee would be valid only upon presentation of the invoice with an original proof of purchase dated from the MAIORI dealer of origin, a description of damaged product, including how the damage occurred, along with photos of the damaged product.

THE MAIORI WARRANTY IS LIMITED TO PRODUCTS BEING USED IN THE WAY THEY WERE ORIGINALLY INTENDED AND WILL NOT COVER DAMAGES RESULTING FROM THE FOLLOWING:

- General wear and tear or natural fading of the materials used.
- Any damage arising from insufficient care, or from non-compliance with the supplied instructions and advice for receiving, assembling, using, maintaining and storing.
- Superficial damage, including corrosion originating from scratches or abrasions that result from normal operation, or which cannot be repaired with touch-up paint.
- Unauthorized repair or alterations.
- Any damage occurs by contact with the ground or any other foreign object including damage which occurs by sudden and severe weather events or other extreme acts of natural disasters.
- Finishing of the products are not guaranteed as the life of the product is greatly determined by care as well as the surrounding environment.
