The Athena range of free jack pendants are sold as complete sets including both pendant and canopy. One advantage of this system is the ability to customize the length and placement of each drop pendant. In the event a pendant becomes damaged or faulty it is easily replaceable without requiring the disassembly of the whole unit.

10005PN-BZ

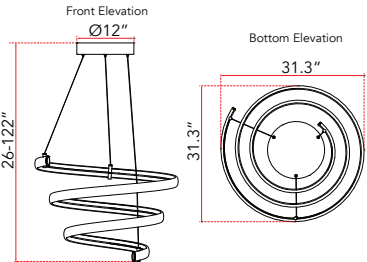

10005PN-TS

Sling pendant is incredibly flexible: The aluminum frame, available in Bronze or Titanium Silver, can be extended from 16 inches to 36 inches. Aircraft cable mounting points feed power to the fixture, eliminating the unsightly power cord for a seamless look and its design is only surpassed by the technology it's equipped with — a high-output 160W LED module that's fully dimmable with 0-10v Dimmers, supplied with a universal 120-277V driver. Make a statement with Sling.

The JoJo is a modern spin on a classic aesthetic. This vanity features a solid glass diffuser with a water-like appearance. The hollow glass bubbles and splashes enabling the light to dance playfully through it, like waves crashing on the shore. The back plate for this fixture is capable of sliding laterally across the fixture to cover the Junction Box in case it is not center to the fixture. Perfect for any contemporary restroom upgrade or even a revamp on a classical ornate style washroom, this vanity is a perfect fit for almost any setting.

At Abra, we believe in the magic of lighting. And because we care greatly about the overall lighting experience, we design and manufacture innovative LED fixtures in modern, state-of-the-art styles that are made to perform — and last. Our products are twice as bright, still with exceptional color rendering and overall quality. Beyond our full range of designer lighting fixtures, we also offer full custom capabilities at our manufacturing facility. Versatile, well-made and neoteric: Say hello to Abra.

With our unique partnership with our factories, we are able custom manufacture unique designs or replicate one or multiple fixtures to our customer specifications.

Glass feather chandelier in metallic finish. Wire frame caged lamp pendant in hotel room.

Massive rectangular pendant with intricately layered glass diffuser at reception

Ask about Abra's Custom Capabilities! We pride ourselves on our ability to create quality custom pieces at a valued engineered price.

Multiple layered ring pendants in hotel lobby.

Different number lights in varying styles with laser cut numbers.

LED Mirrors with defogger and backlight. Tiered pendant with cascading ring design.

Starburst pendant between hotel elevators.
