# AZZURRO

L I V I N G

AZZURRO LIVING strives to bring people together who are passionate about good design. Our products are made to enrich the lives of those who use them. They're made to integrate beautifully into both indoor and outdoor surroundings.

Our passion for designing and developing luxury handwoven furniture led us to manufacturing in our fully owned and operated factory. This is how we manage a stringent quality control program on all products and projects from start to finish.

Master craftsmen and women bring our designs to life by hand bending and polishing aluminum frames along with hand weaving advanced all-weather wicker and rope patterns.

We design, research, develop and test all products at the highest standards which enable us to deliver innovative, trendsetting furniture that can go anywhere, outdoors or in.

## THOUGHTFUL DESIGN

All designs in our collection are carefully selected to inspire. We are as passionate about the process as we are the final product.

From researching, creative conceptualizing, material selecting and prototyping, we aim to deliver original designs that create a seamless outdoor or indoor lifestyle.

Our design team oversees all aspects of the products' creation, ensuring that every piece is designed for maximum enjoyment and aesthetic impact.

This attention to detail makes every project a challenge and a new adventure that keeps us inspired.

# AMALFI

Offers a sleek design that seamlessly blends with its surroundings. Crafted with Batyline Sling Fabric by Serge Ferrari, renowned for its exceptional outdoor durability and easy maintenance.

Now Featuring:

**Batyline**

# AMELIA

Focused attention on comfort and style with a distinctive hand knotted pattern that infuses simple elegance that accentuates the breezy character of the Amelia collection.

SCAN ME

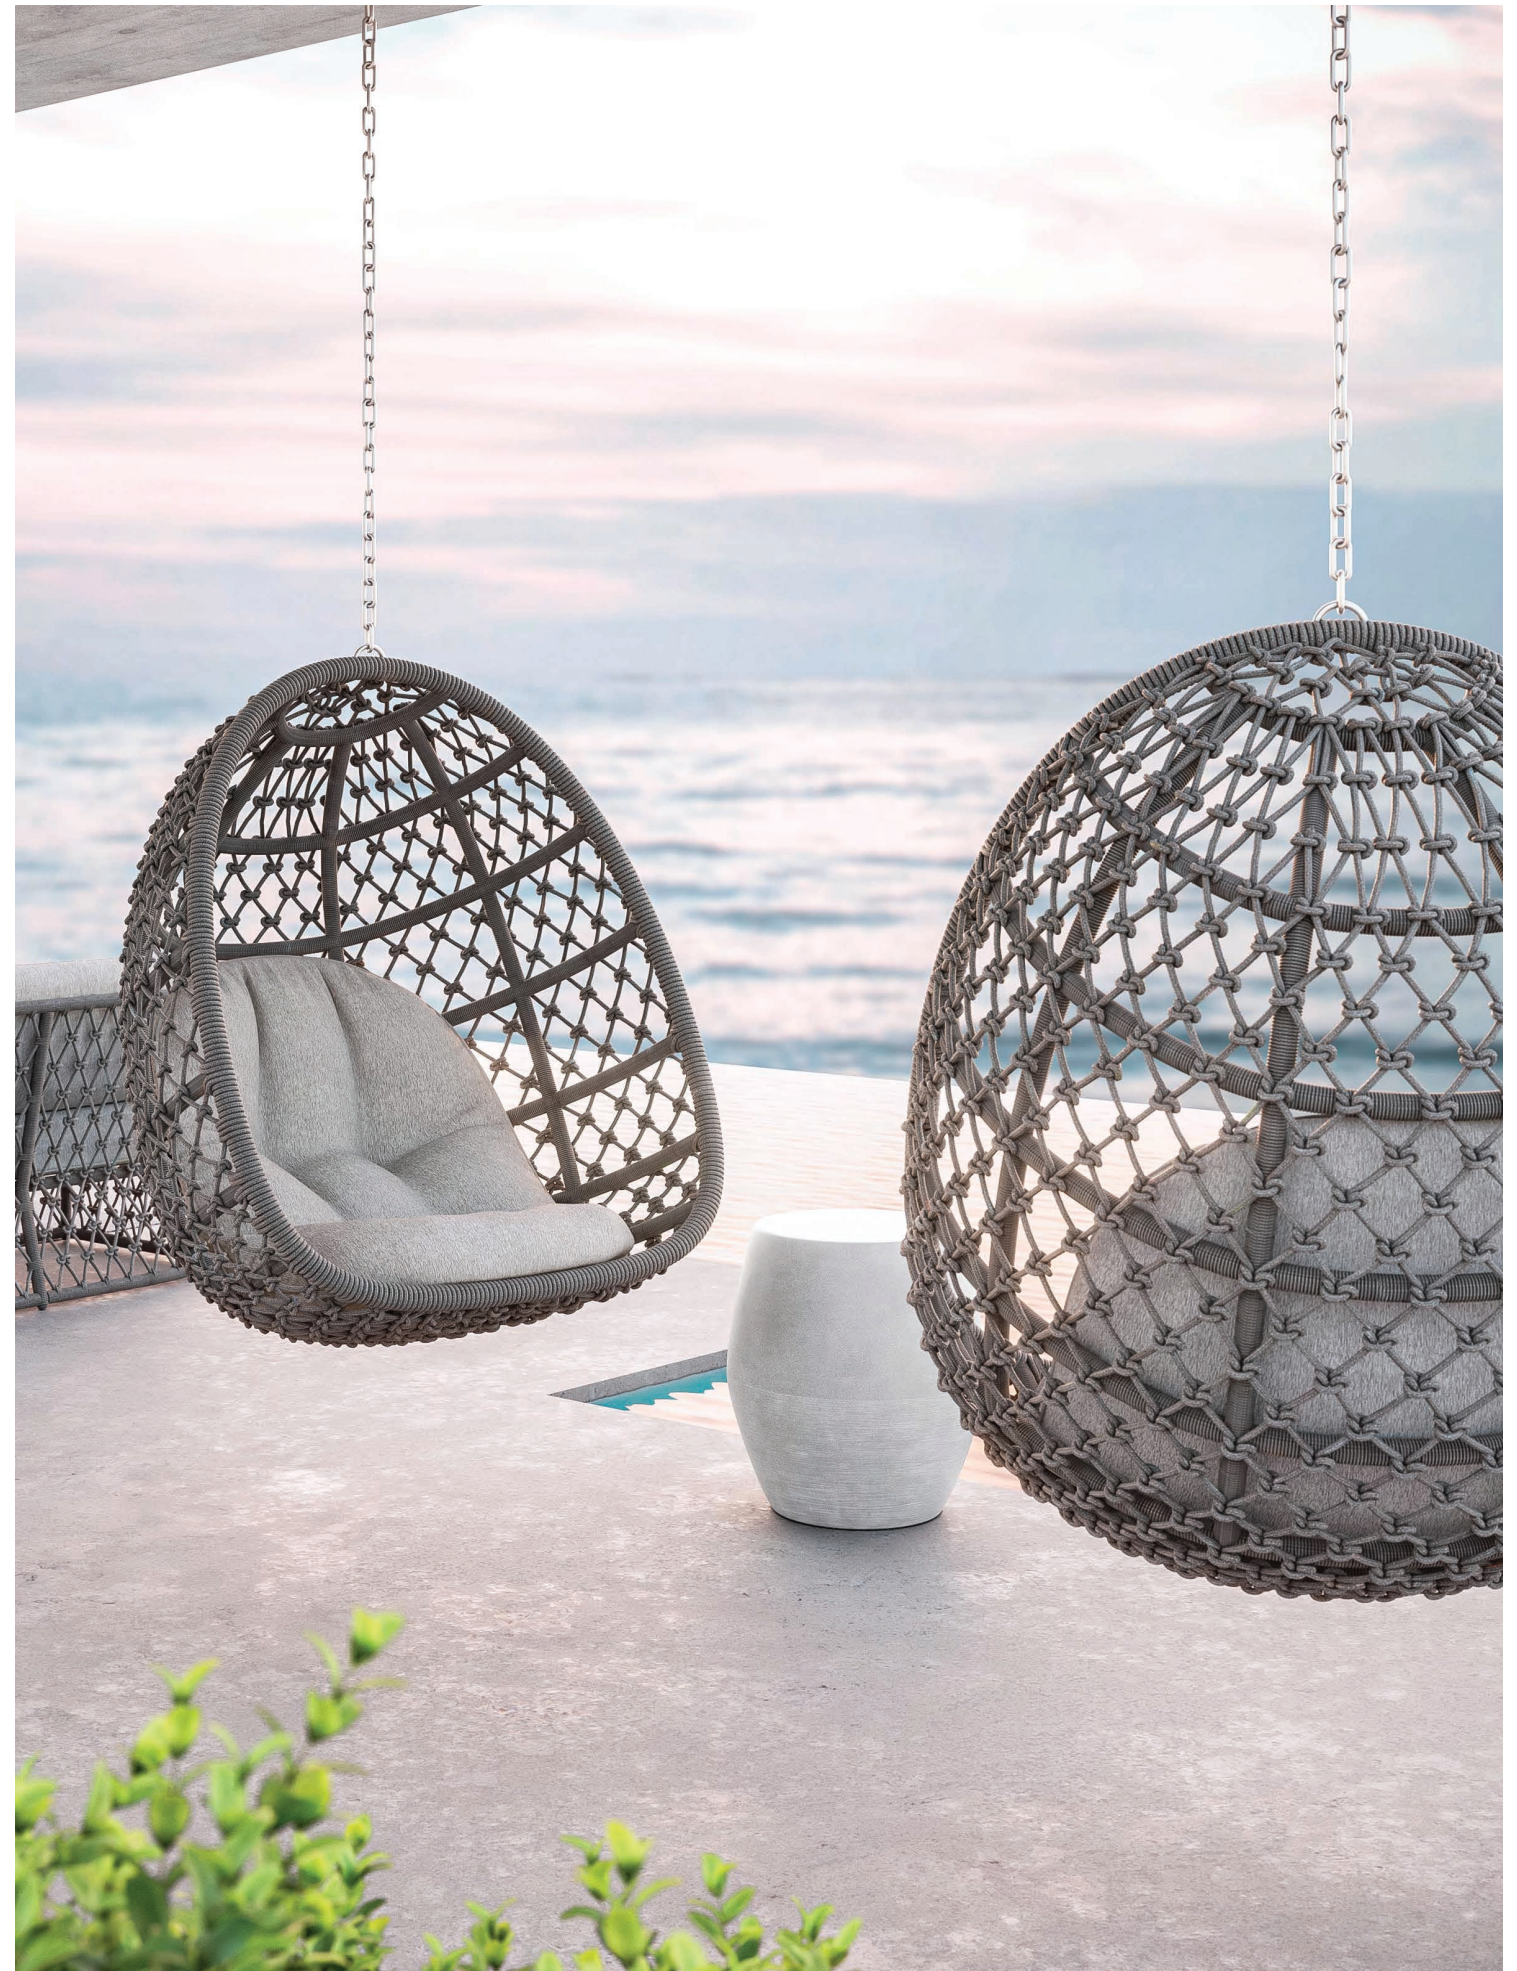

# AVALON

The Avalon club chair showcases an original handwoven pattern and an architectural aluminum frame that exudes chic elegance with a modern edge.

SCAN ME

# CAPE TOWN

A delicately designed aesthetic featuring graceful curves and all-weather textelene rope for firm support in tough conditions. Surround yourself with style and relax in the easy, breezy Cape Town collection.

SCAN ME

# CATALINA

The Catalina collection distinctively combines a linear weave, subtle curves, and emphasized edges to ensure comfort and style.

SCAN ME

# CEBU

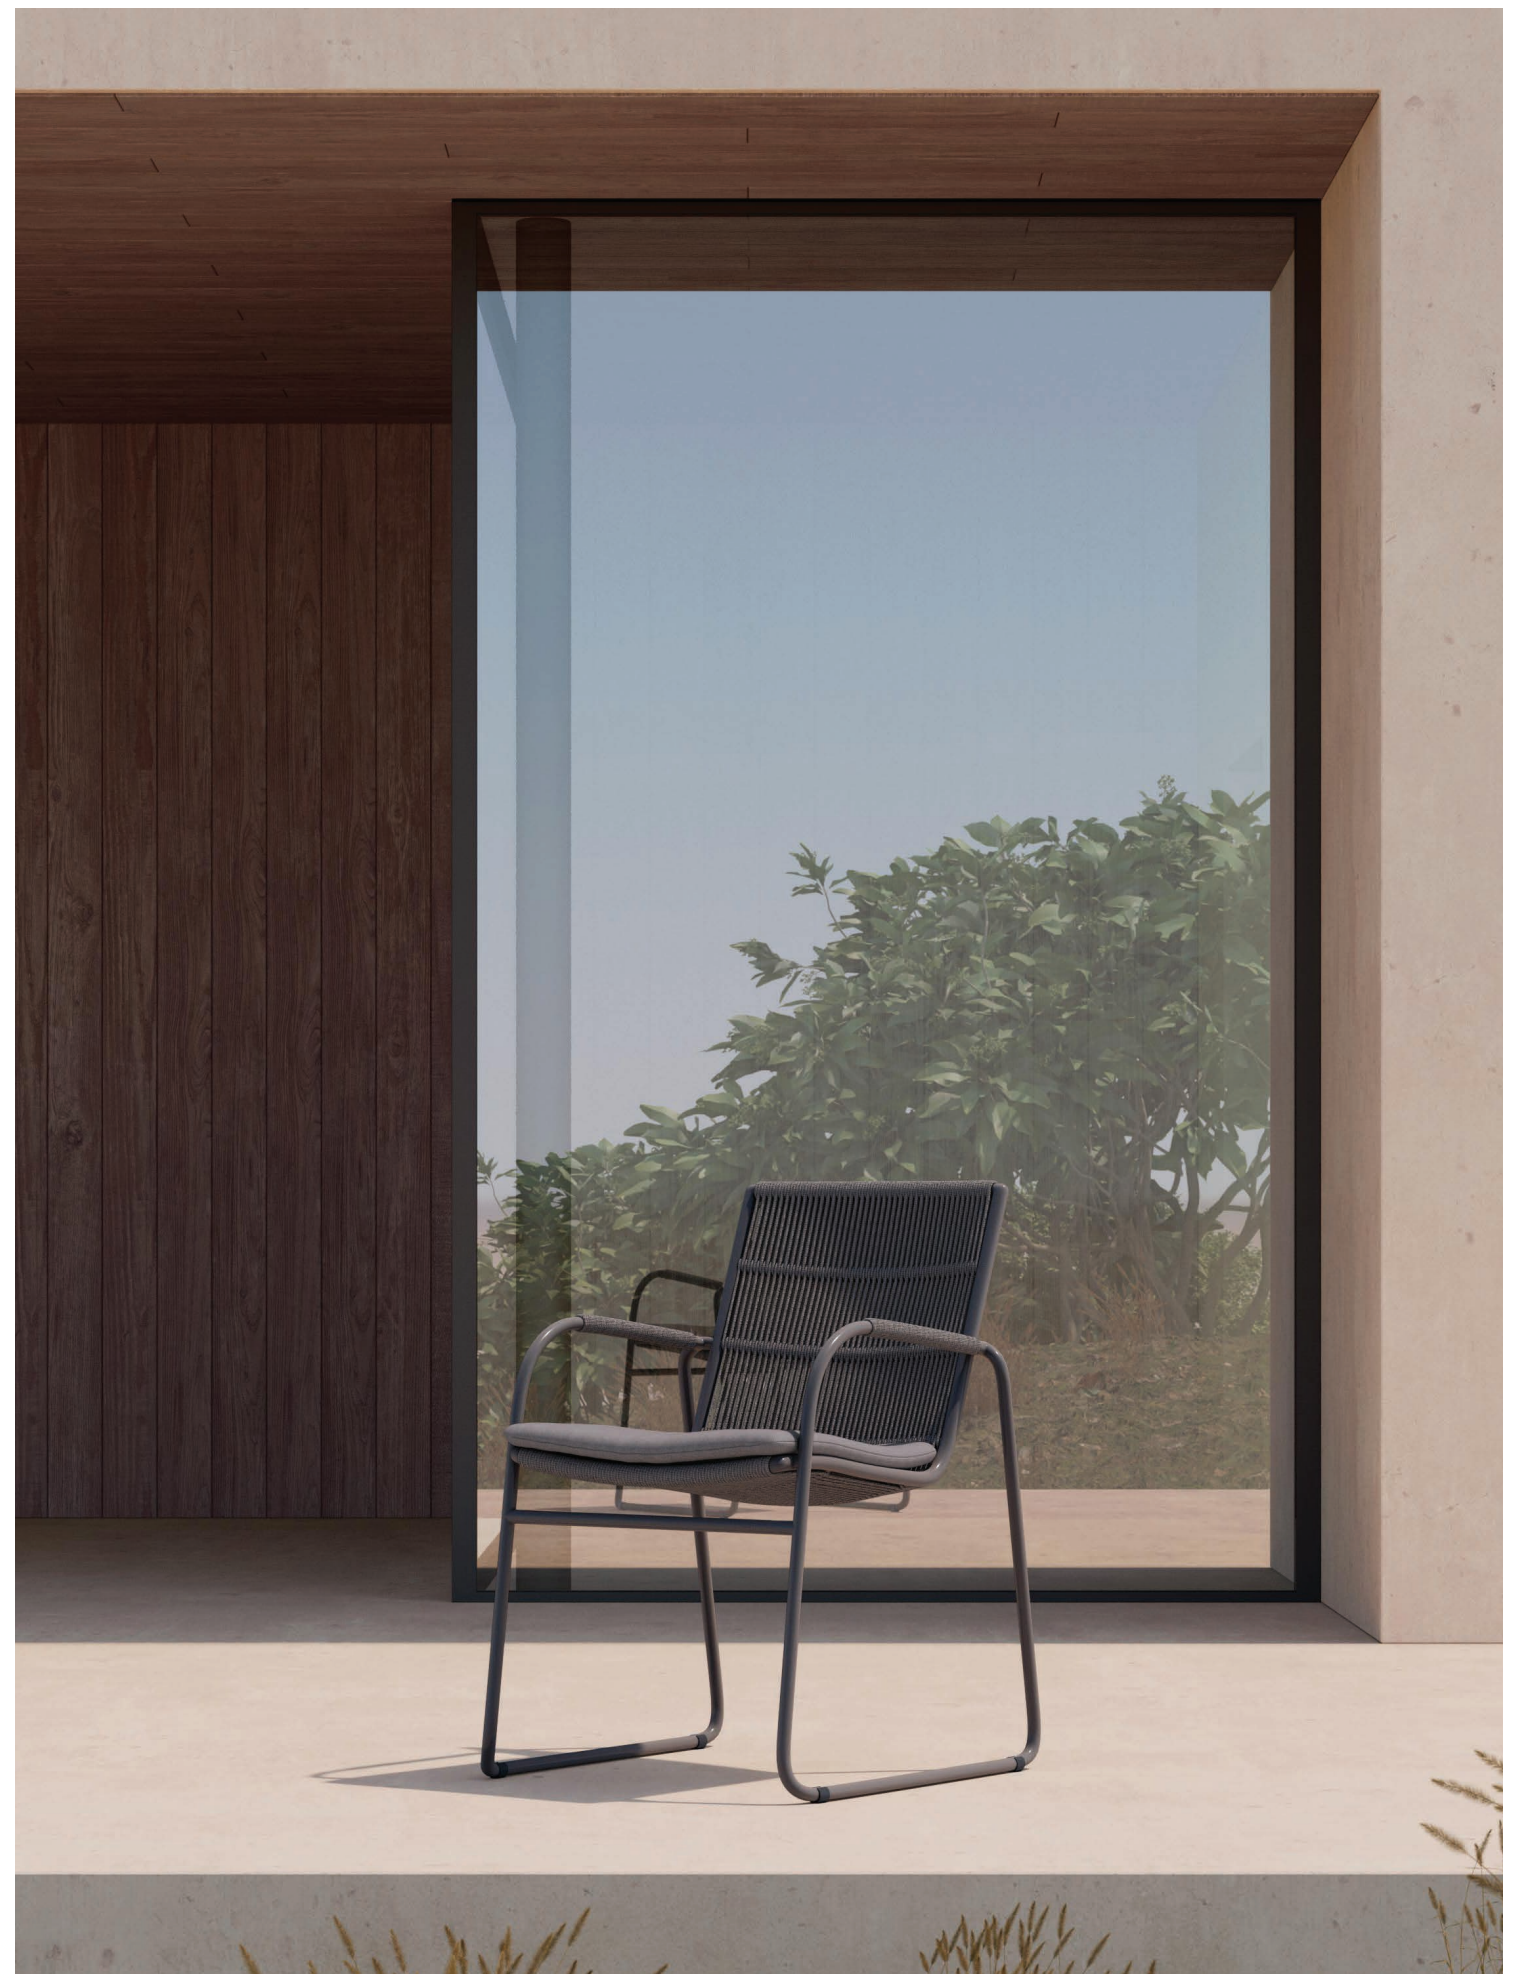

Exquisite simplicity combined with clean lines and a durable all-weather rope weave. Its lightweight stainless steel frame is easy to stack yet sturdy, while high-density cushions cater deep-down comfort.

SCAN ME

# CORSICA

The Corsica collection is hand-crafted to perfection and features all-weather rope with a crisp color scheme and sleek aesthetic.

SCAN ME

# COVE

Showcasing the ingenuity of timeless modern furniture, the Cove club chair weaves heavy-duty all-weather rope around a streamlined aluminum frame that is ergonomically perfected.

SCAN ME

# COZUMEL

Gentle curves, intricate details, and unyielding materials, the Cozumel club chair ensures memorable al fresco gatherings. Illustrating the elegance of two materials coalescing beautifully, reimagined with outdoor performing, zero maintenance materials.

SCAN ME

# CRETE

Shaped for comfort with a supportive back, it's easy to relax in and easy to care for. Built lastingly by hand, weather resilient materials withstand residential or commercial conditions. Get more fun out of outdoor living with the Crete Collection.

SCAN ME

# DUNE

The sculptural curves of the Dune club chair lends itself to long lounging and relaxation while textural all-weather rope offers a tailored finish.

SCAN ME

# KAMARI

Embodying an attitude of serenity, the Kamari collection features enticing curves, and tranquil finishes that deliver this completely fresh look.

SCAN ME

# KIAWAH

This innovative collection captures the essence of modern and modular living. Kiawah features all-weather wicker and a generously sized frame for comfortable living.

SCAN ME

# MADEIRA

Madeira's captivating design offers reliable comfort through a parallel system of support, while high-density cushions in soft performance fabric ensure lasting comfort and durability, making it an alluring and sophisticated choice for outdoor relaxation.

SCAN ME

# MAUI

Eye-catching artistry, Maui ensures sophistication, comfort, and weather resilience. Complex, handcrafted weaves of all-weather rope knotted into a powder coated aluminum frame last longer, look better, and need less care.

SCAN ME

# MILOS

The Milos stacking chair combines clean lines and intricate weaves for an easy, breezy living experience. These chairs are stackable, lightweight, and resilient, making them suitable for indoor or outdoor use.

SCAN ME

# MONTAUK

The Montauk collection was born by experimenting and researching macramé weaving techniques with experienced artisans. The design and attention to detail is captivating and finds the perfect balance between originality and comfort.

SCAN ME

# MYKONOS

Simple, yet stunning profile with clean lines, bold forms, and subtle details. Weaves of all-weather textelene rope, engineered to defy harsh atmospheric conditions, entwine and smoothly blend with the frame.

SCAN ME

# NAPLES

The Naples dining chair was designed to stand out in a crowd. Its stacking feature brings a sophisticated sense of function and leisure.

SCAN ME

# PALMA

The Palma collection is the definition of coastal modern and an expression of true craftsmanship and style. A striking curved back keeps things relaxed while soft and boldly proportioned cushions are covered in a chenille performance fabric.

SCAN ME

# PALOMA

Beautiful from all angles and with great comfort, the Paloma collection is stylish with an organic look that invites you to sit down and enjoy design at its finest.

SCAN ME

# PAROS

Warm colors and invitingly soft textures, the Paros Dining Chair is a lovely harmony of high-performance materials. Teak details are simple, yet alluring with inherent lasting elegance. The intrinsic delicacy provokes originality, freshness, and leisure living.

SCAN ME

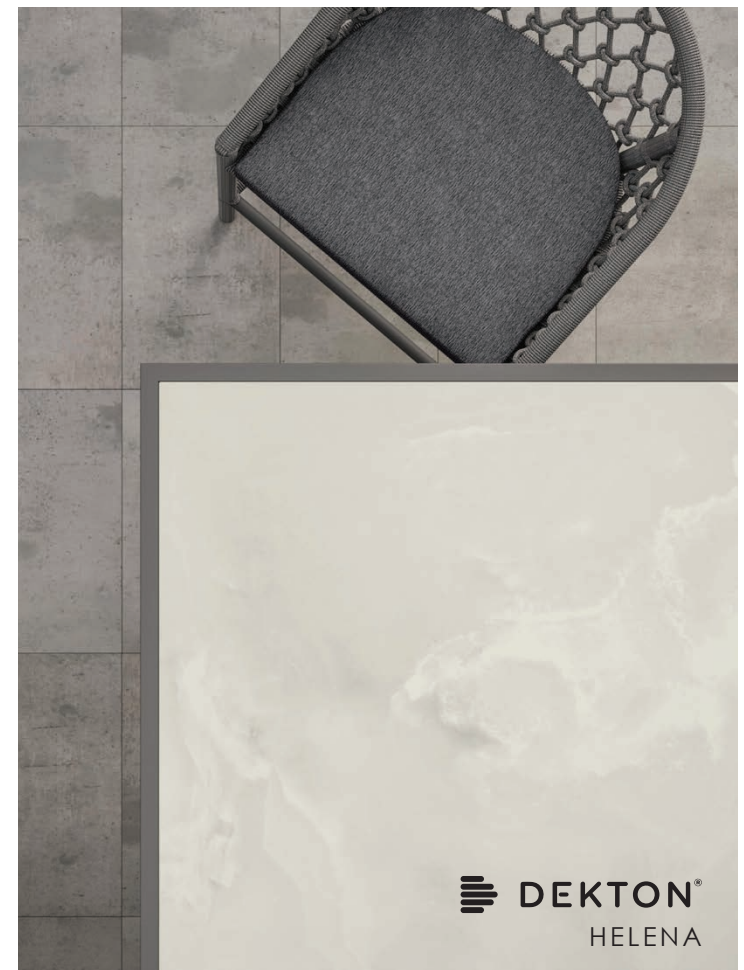

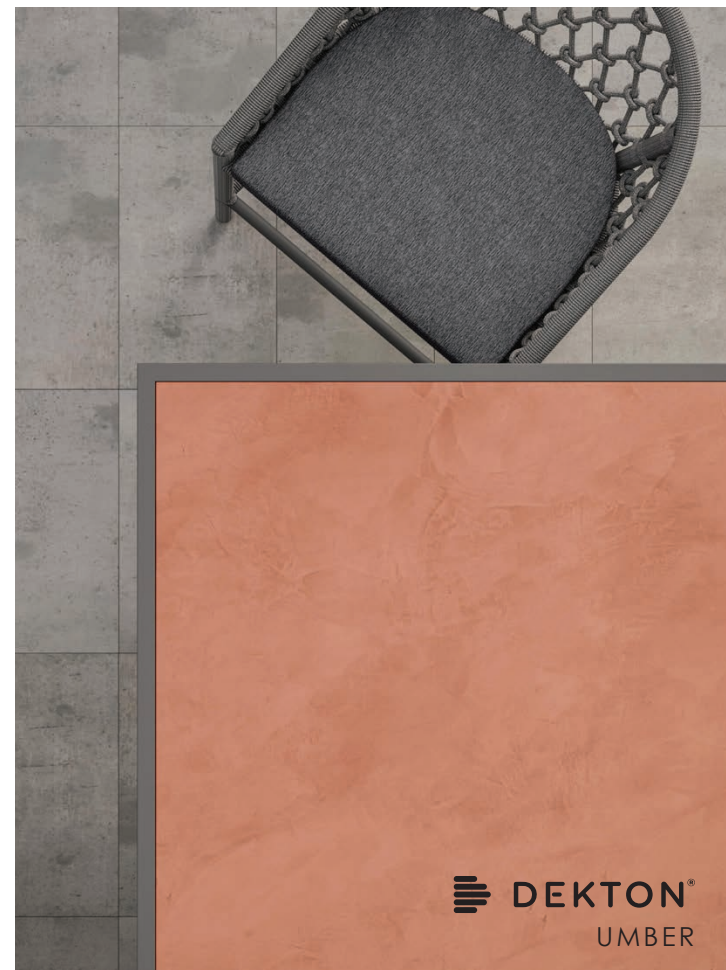

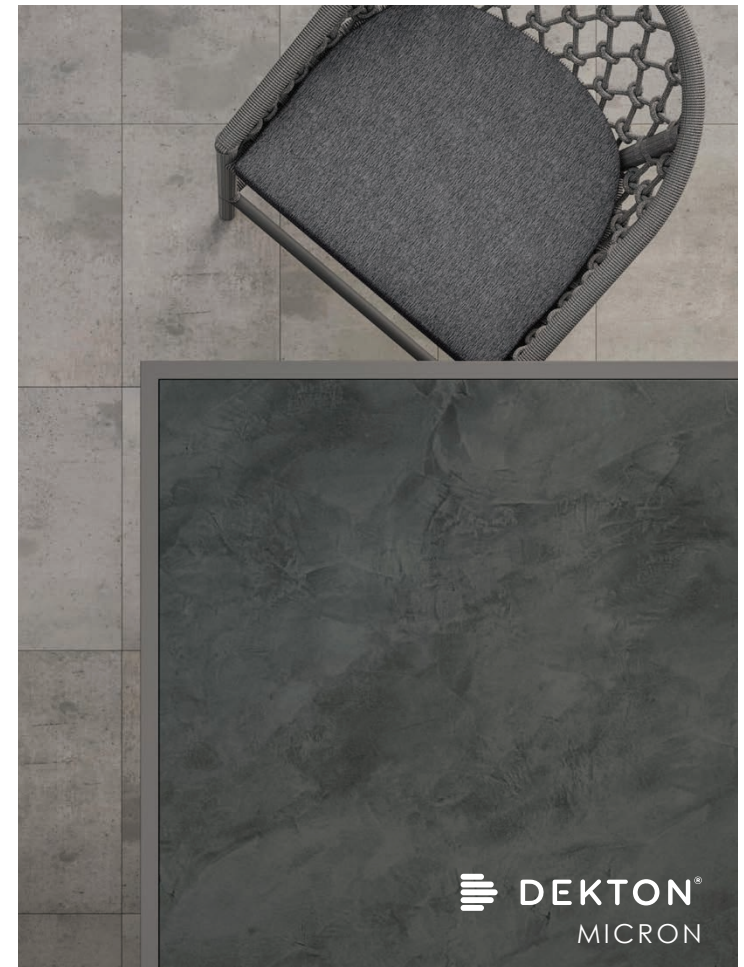

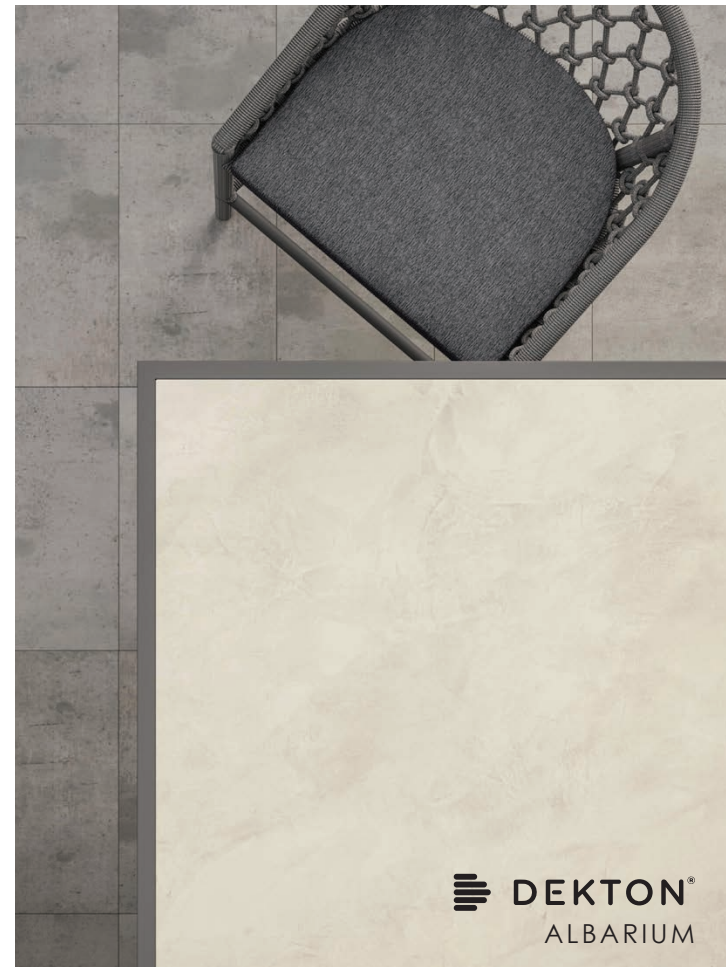

# PAVIA

The Pavia table collection is bold, practical & streamlined. The sophisticated pairing of Dekton table tops means excellence in beauty for any setting, residential or commercial.

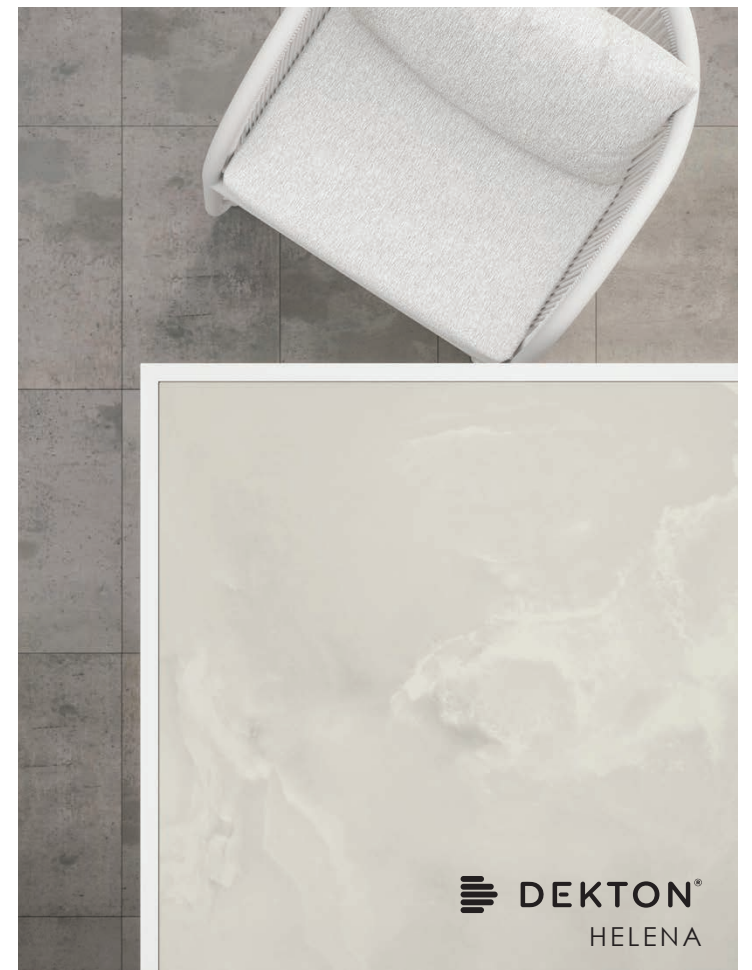

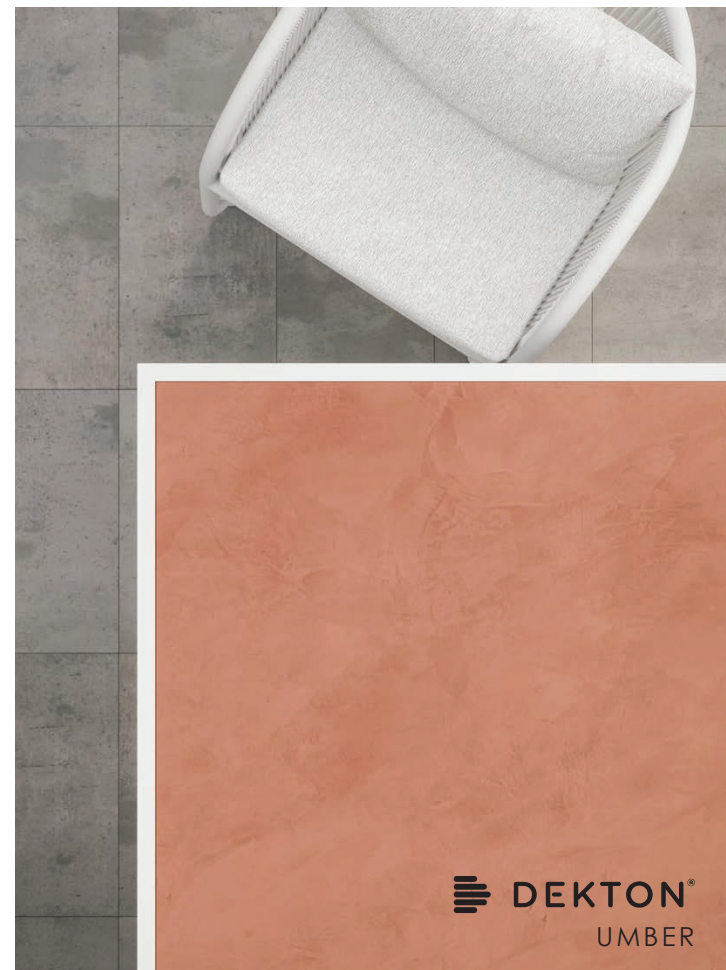

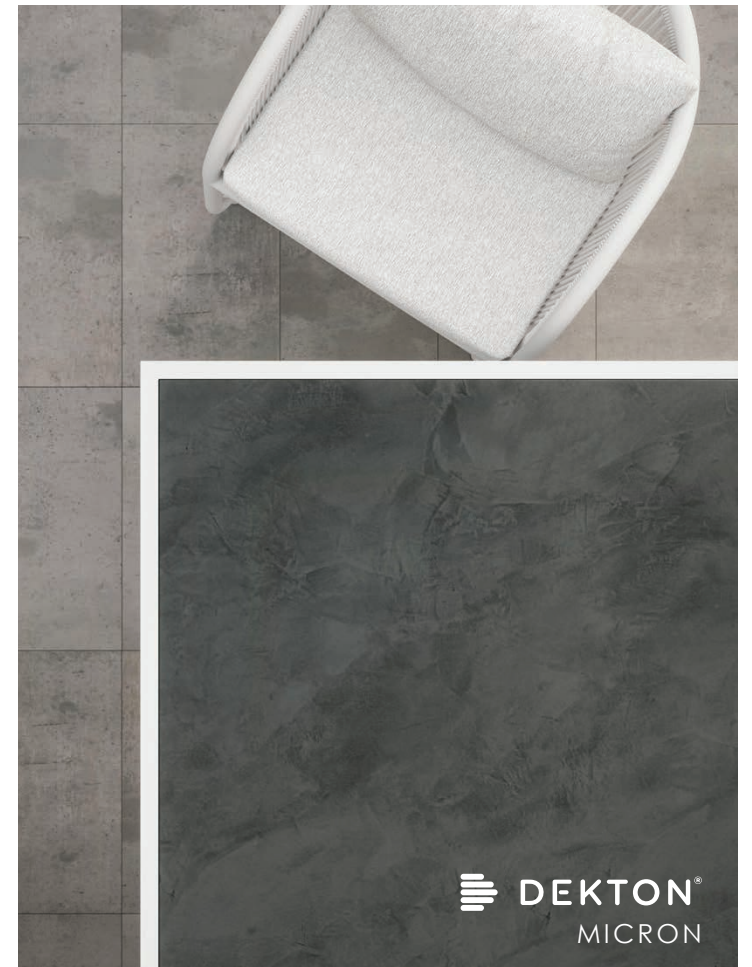

Now Featuring:

# PORTO

The Porto collection features bold shapes and sleek lines combined in a modern expression. Inspired by generous proportions and modern comfort, Porto offers the perfect setting for relaxing and sharing quality time outdoors or in.

SCAN ME

# SANTA CRUZ

Embark on a journey with Santa Cruz, where fine craftsmanship and modern technology fuse together to create a dazzling masterpiece. Santa Cruz ensures exquisite materials, showcasing forms, and deep comfort, enticing you to unwind and take it easy.

SCAN ME

# SICILY

Sicily brings charm and comfort to any space with its gentle curves, generous proportions, and luxuriant cushions. Wrapped in outdoor performance fabrics, it resists messes and the elements.

SCAN ME

# SYDNEY

Sydney draws attention with its bold, perfectly proportioned frame that remains both beautiful and sturdy in tough residential or commercial settings. Indulge in the comfort of materials and witness the beauty of form.

SCAN ME

# TERRA

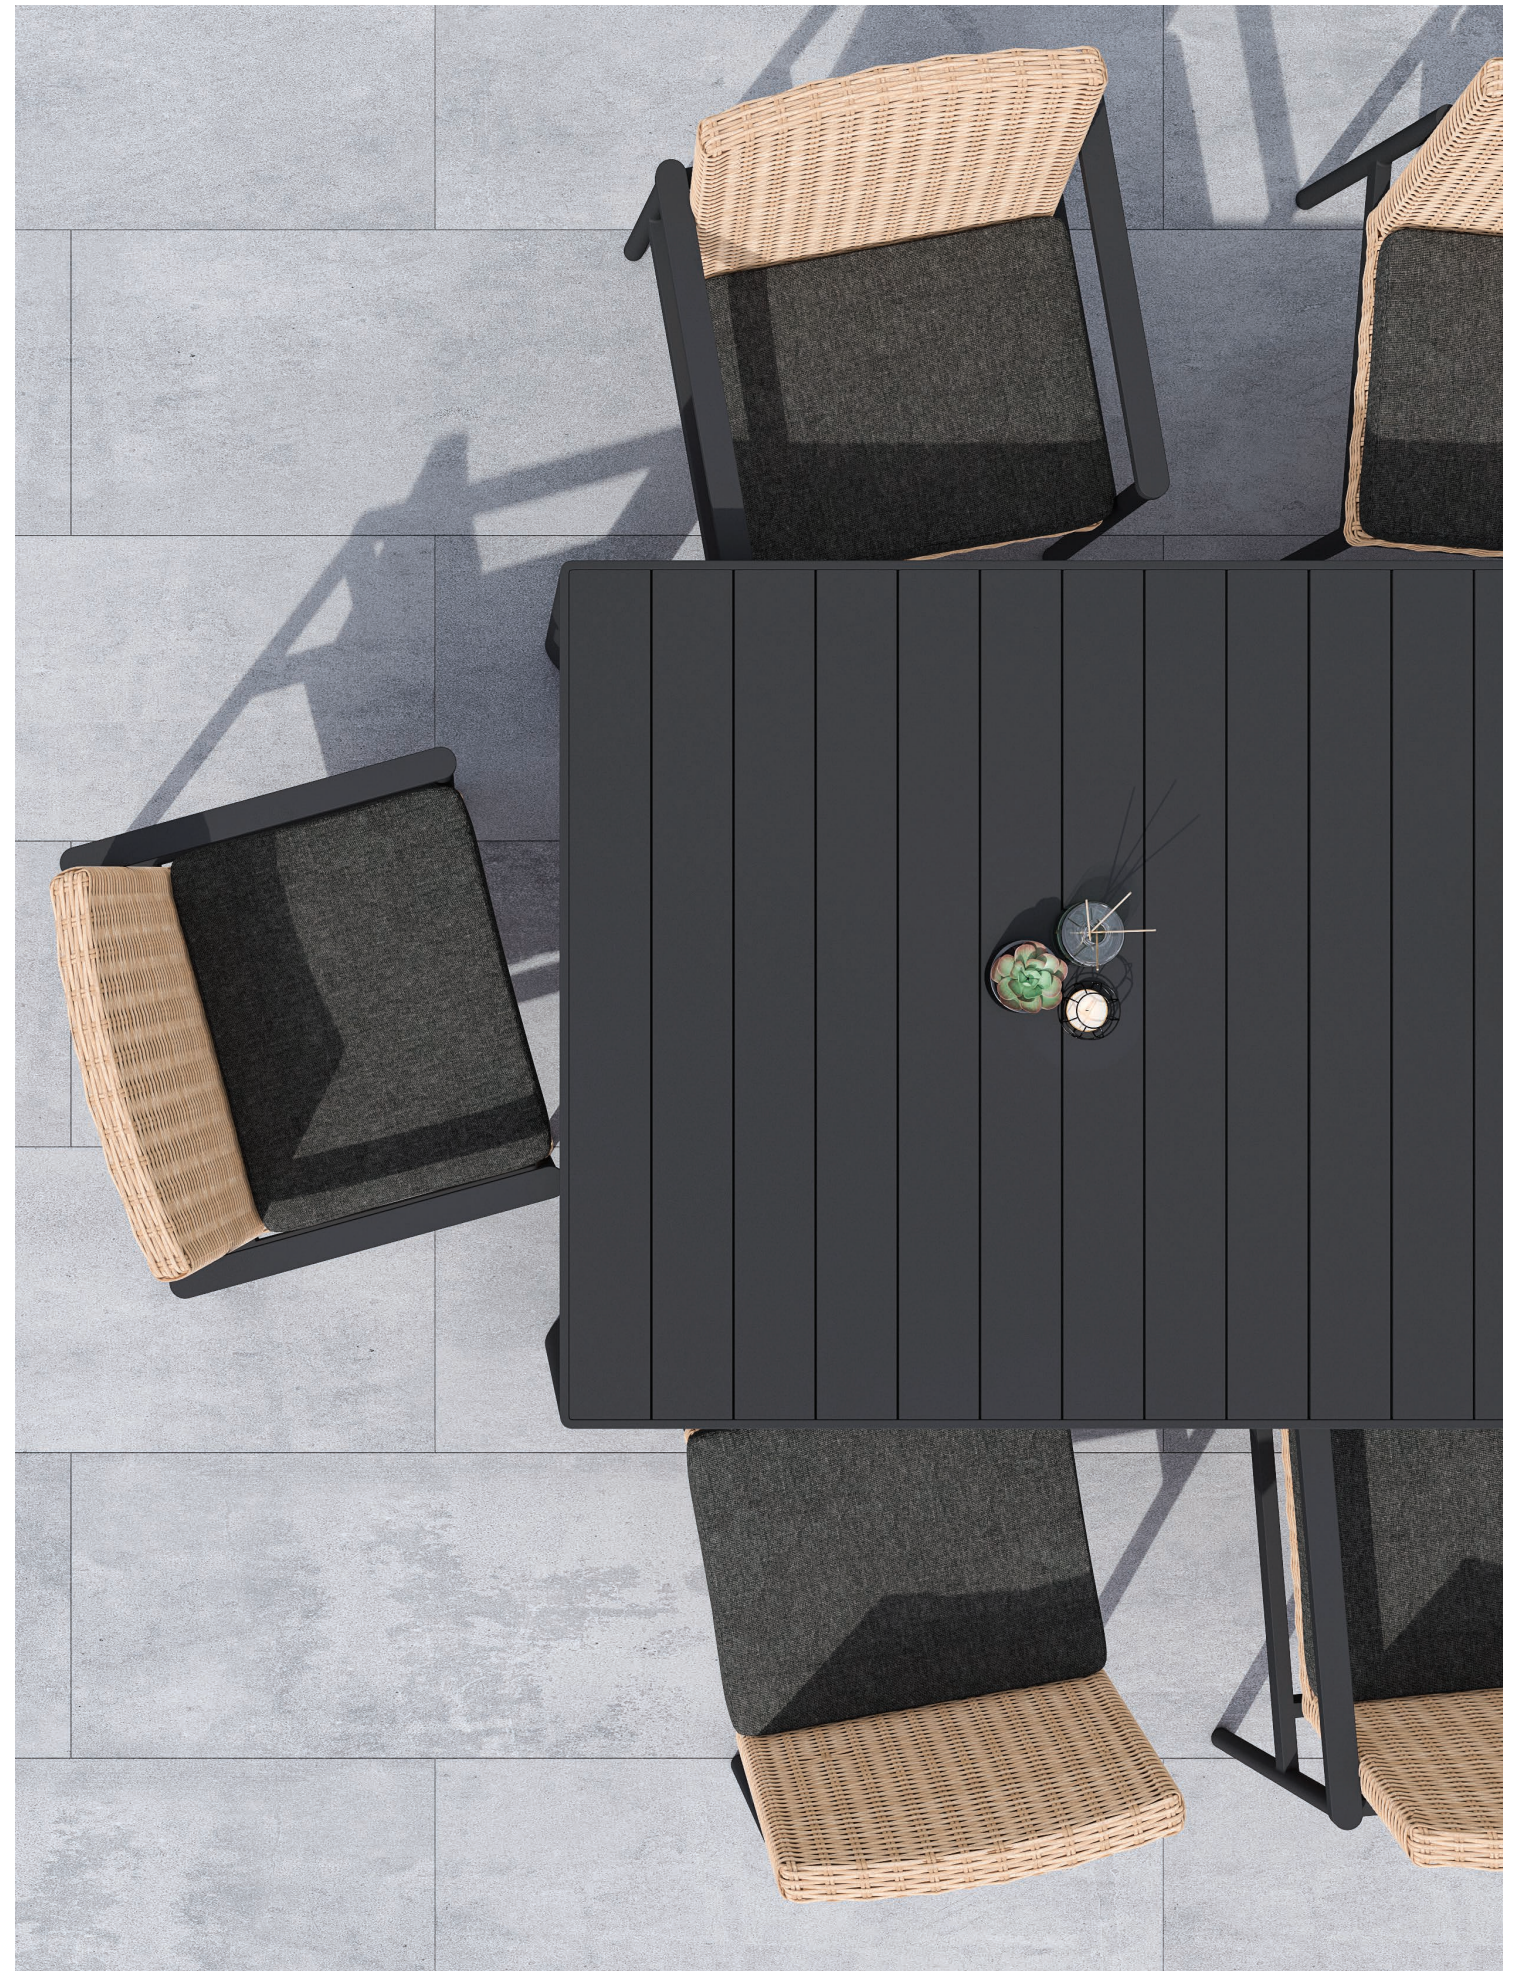

The Terra collection features modern elegance with sleek lines and natural textures. Inspired by the simplicity found in sophisticated mid-century design.

SCAN ME

# TEXOMA

The Texoma collections mix of neutral tones, intricate textures, and clean lines create this classically glamorous and modern silhouette. Carefully balancing old and new, Texoma is swoon worthy, perfectly proportioned, and impeccably crafted.

SCAN ME

# TULUM

The Tulum Club Chair encompasses the beauty of natural materials, but with freshly engineered, nearly impervious materials. The generously sized form creates its own environment of comfort, while slight openings in the material allow for glimpses of light and airy breezes.

SCAN ME

# WAVE

Stretch out under the sun in the Wave all-weather chaise lounge that's crafted to conform to the contours of the human body for exceptional comfort.

# OUR MATERIALS

All materials used in our products are optimal for outdoor use. They are made to withstand wide temperature ranges, UV rays, water, and overall harsh atmospheric conditions.

# MATERIALS & CARE

Crafted with precision and designed for lasting comfort, Azzurro Living's materials redefine the standard for outdoor living. We go beyond the ordinary to ensure that your outdoor furniture remains as vibrant and resilient as the day you first brought it home.

Our materials are not just easy to clean; they epitomize the essence of low maintenance. Azzurro Living sets the bar for outdoor living with materials that not only boast enduring durability but also make maintenance a breeze.

## ALL-WEATHER WICKER

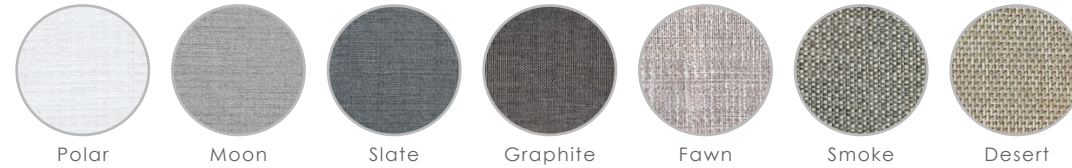

## ALL-WEATHER ROPE

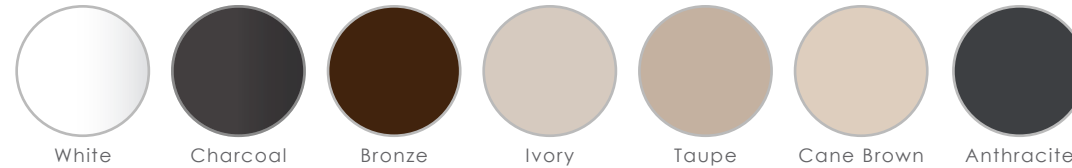

## ALL-WEATHER TEXTELENE

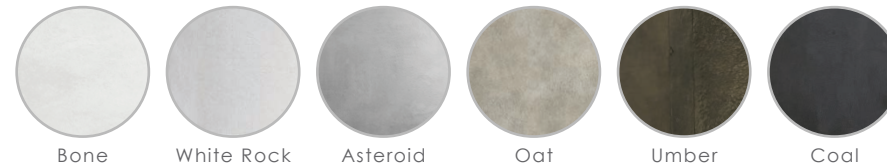

## PERFORMANCE FABRICS

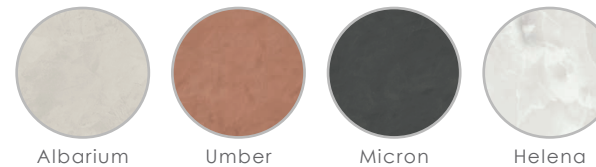

## POWDER COATED METALS

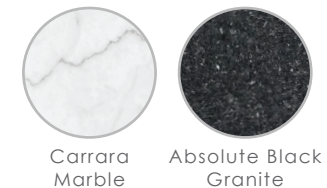

## CONCRETE (GFRC)

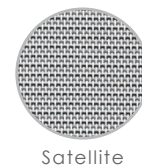

## DEKTON®

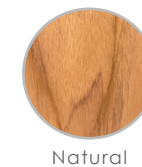

## NATURAL STONE

## BATYLINE ELIOS®

## TEAK HARDWOOD

**ALL-WEATHER WICKER**

We manufacture all-weather wicker from the highest quality man-made HDPE fibre. This remarkable material has many benefits including high suppleness, tear resistance, UV resistance and weather resistance.

To clean, wash the furniture with a solution of mild detergent and water, rinse with clear water, and dry thoroughly.

**ALL-WEATHER ROPE**

Our rope is Olefin based and performs excellently for outdoor use as it is climate and UV-resistant.

It is easy to maintain and can be cleaned with a solution of mild detergent and water. Once detergent and water are applied, simply rinse with clear water, and dry thoroughly. Do not use oil cleaners.

**TEAK HARDWOOD**

Sustainably harvested and inherently durable, Teak is naturally amber colored but weathers to a silvery gray patina when left outside.

Quickly clean the spillage by dabbing the area clean with a clean, absorbing cloth. Use clean water to spray dirt away from the surface and dry thoroughly. Do not use soap. To maintain teak's natural honey-amber color, applying teak oil prevents weathering. Sealers also protect the wood from UV radiation, molding, and water damage.

**POWDER COATED ALUMINUM**

Our powder coated aluminum is lightweight and very durable. We guarantee excellent resistance to corrosion, weather, and water. Our aluminum is precision welded, hand polished, and requires little maintenance.

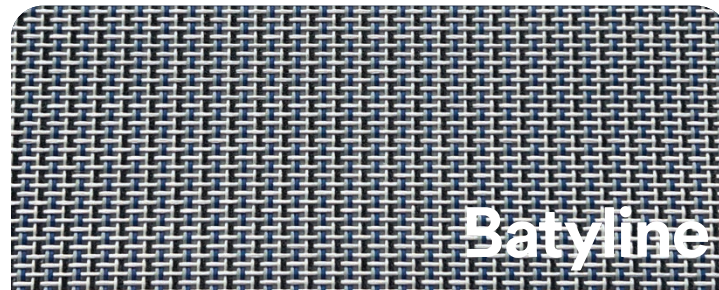

To clean, wash the furniture with a solution of mild detergent and water, rinse with clear water, and dry thoroughly.

**CONCRETE (GFRC)**

Our concrete products are made from GFRC (glass fiber reinforced concrete). This combination produces light yet strong products with a contemporary solid concrete appearance. Each product is finished individually, each product is unique with variations in shading and marks.

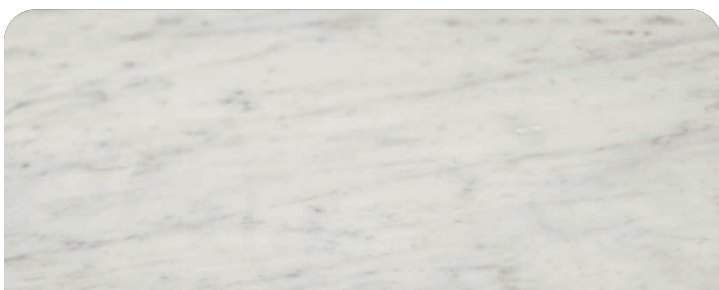

Dirt and most stains can be removed from GFRC by scrubbing with a mild detergent and water.

**BATYLINE ELIOS BY SERGE FERRARI**

Inspired by the classic style of tweed suits, Serge Ferrari introduces its softest innovation for upholstery.

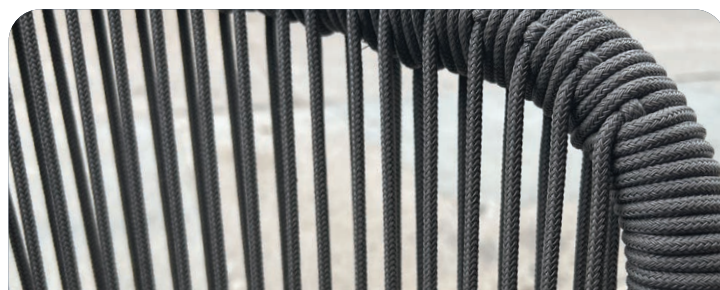

Spray mild cleaner on the surface and let sit for 2-3 minutes. Use a soft bristle brush and brush in a circular motion. Flush with plenty of clean water, it is very important to avoid residue drying on the surface. Wipe the surface with a clean, dry cloth.

**NATURAL STONE**

The types of stone we have selected are natural, and therefore unique. Any crystals or streaks are specific characteristics of each stone.

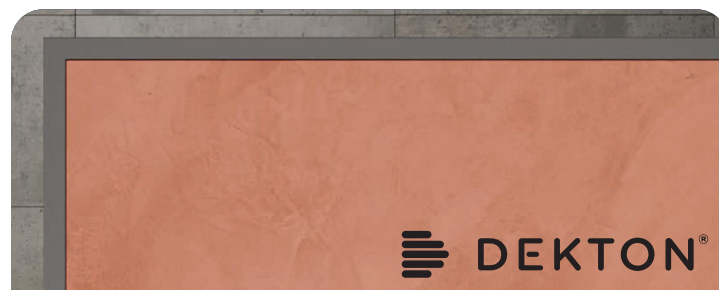

To maintain, avoid treating the stone with aggressive protective substances that can alter color or texture. Simply wash with a mild detergent and water, rinse with clear water, and dry thoroughly.

**ALL-WEATHER TEXTELENE ROPE**

Sling or Textelene, a woven, vinyl-coated, high-strength polyester yarn, is ideal for outdoor furniture. Its synthetic coating ensures superior weather and UV resistance, coupled with exceptional mechanical and chemical strength.

The non-absorbent nature promotes quick drying, maximum stain and mold resistance, and easy cleaning with mild soap and water.

**DEKTON®**

Dekton® by Cosentino combines the qualities desired by the chef in all of us. It is a clean surface that is nice to touch and resistant to the daily grind that takes place in a home over years of use.

Brush off loose dirt. Simply wash with a mild detergent and rinse with clear water, and dry thoroughly.

## CUSHIONS & FABRIC

Azzurro Living cushions are made of premium quality foam covered with high-end Solvita Performance Fabrics. Our plush chenille fabric is intended to mimic the look and feel of a soft and luxurious indoor fabric with the durability to go outdoors, the perfect complement to Azzurro Living products.

Engineered to withstand the demands of rigorous cleanings and heavy use in high traffic commercial environments as well as home use. Designed to weather the elements, resist stains, spills, fading and mildew.

Azzurro Living fabrics are amazingly easy to clean. Most spills clean up with just mild soap and water.

Furniture covers are strongly recommended to protect furniture from the elements and minimize aging.

**High Performance**  
Batyline fabrics are sought out by the biggest brands in furniture because of their exceptional strength properties and durability in outdoor conditions.

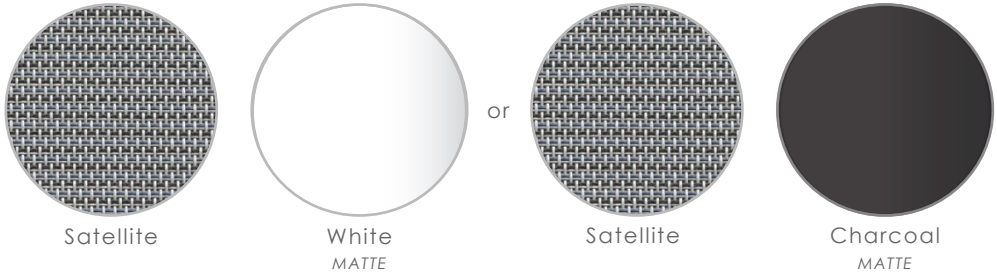

**Comfort**  
Batyline fabric brings the soft touch that enhances furniture comfort. Its easy cleaning and resistance to day-to-day stains allows users to more fully enjoy their outdoor living spaces.

**Durability**  
Serge Ferrari Group regularly confirms its ongoing commitment to reducing its environmental impact by manufacturing quality and safe fabrics that last longer in challenging environments.

**Benefits**  
Batyline fabrics are recyclable and Greenguard Gold-certified, guaranteeing their very low level of COV and formaldehyde emission.

**Characteristics**  
Batyline fabric's openwork weave makes it breathable, for maximum well-being. Due to its breathability, the Batyline fabric surface dries quickly, thereby offering optimum comfort for relaxation.

PAGE 175-180

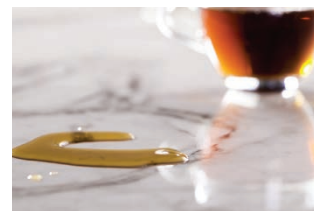

### UV-Ray Resistant

Dekton is unaffected by ultraviolet rays. It's color does not fade or degrade over time, maintaining the same appearance as the first day it was purchased in any interior or exterior application.

### Extreme Temperature & Fire Resistance

It's low coefficient of thermal expansion makes it ideal for projects exposed to sudden changes in temperature. The A1 certification accredits Dekton as a non-combustible material.

### Water & Stain Resistant

Dekton boasts very low porosity, making it extremely resistant to water and stains, which can easily be removed with standard cleaning products.

### Scratch & Impact Resistant

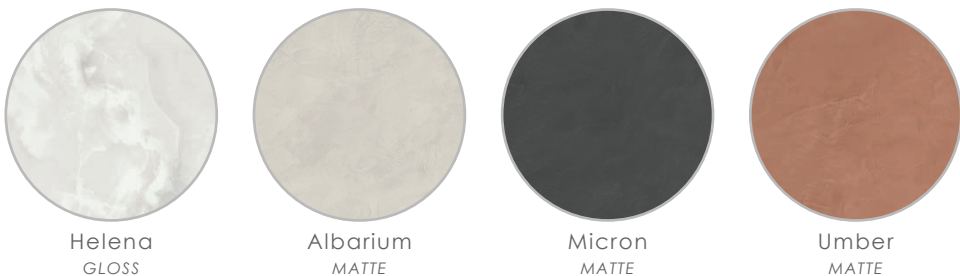

Dekton's great resistance to impact and scratches makes it perfect for everyday use. It's hardness equals quartz, scoring 7/10 on the Mohs scale of mineral hardness.

### Abrasion Resistant

Dekton withstands abrasion better than granite and porcelain, making it ideal for all interior and exterior applications including facades and flooring in commercial spaces subject to high activity.

## WARRANTY

Aluminum Frame	7 years
All-Weather Wicker	3 years
All-Weather Rope	3 years
Batylite	5 years
Concrete (GFRC)	2 years
Natural Stone	1 year
Dekton	25 years
Teak	2 years
Solvita Fabrics	5 years

This warranty applies to the original purchaser and protects against Solvita Performance Fabrics becoming unserviceable due to color or strength loss from normal usage and exposure conditions, including sunlight, mildew and atmospheric chemicals.

This warranty does not cover normal care and cleaning; damage from misuse or abuse; improper installation; or costs associated with replacement of the furniture, including labor and installation.

### Fire Tables

Fire Tables are UL Listed for liquid propane (LP) and natural gas (NG). Outdoor Greatroom burners offer a limited lifetime warranty; visit [www.outdoorrooms.com](http://www.outdoorrooms.com) for details.

The limited warranties listed above cover residential and commercial use.

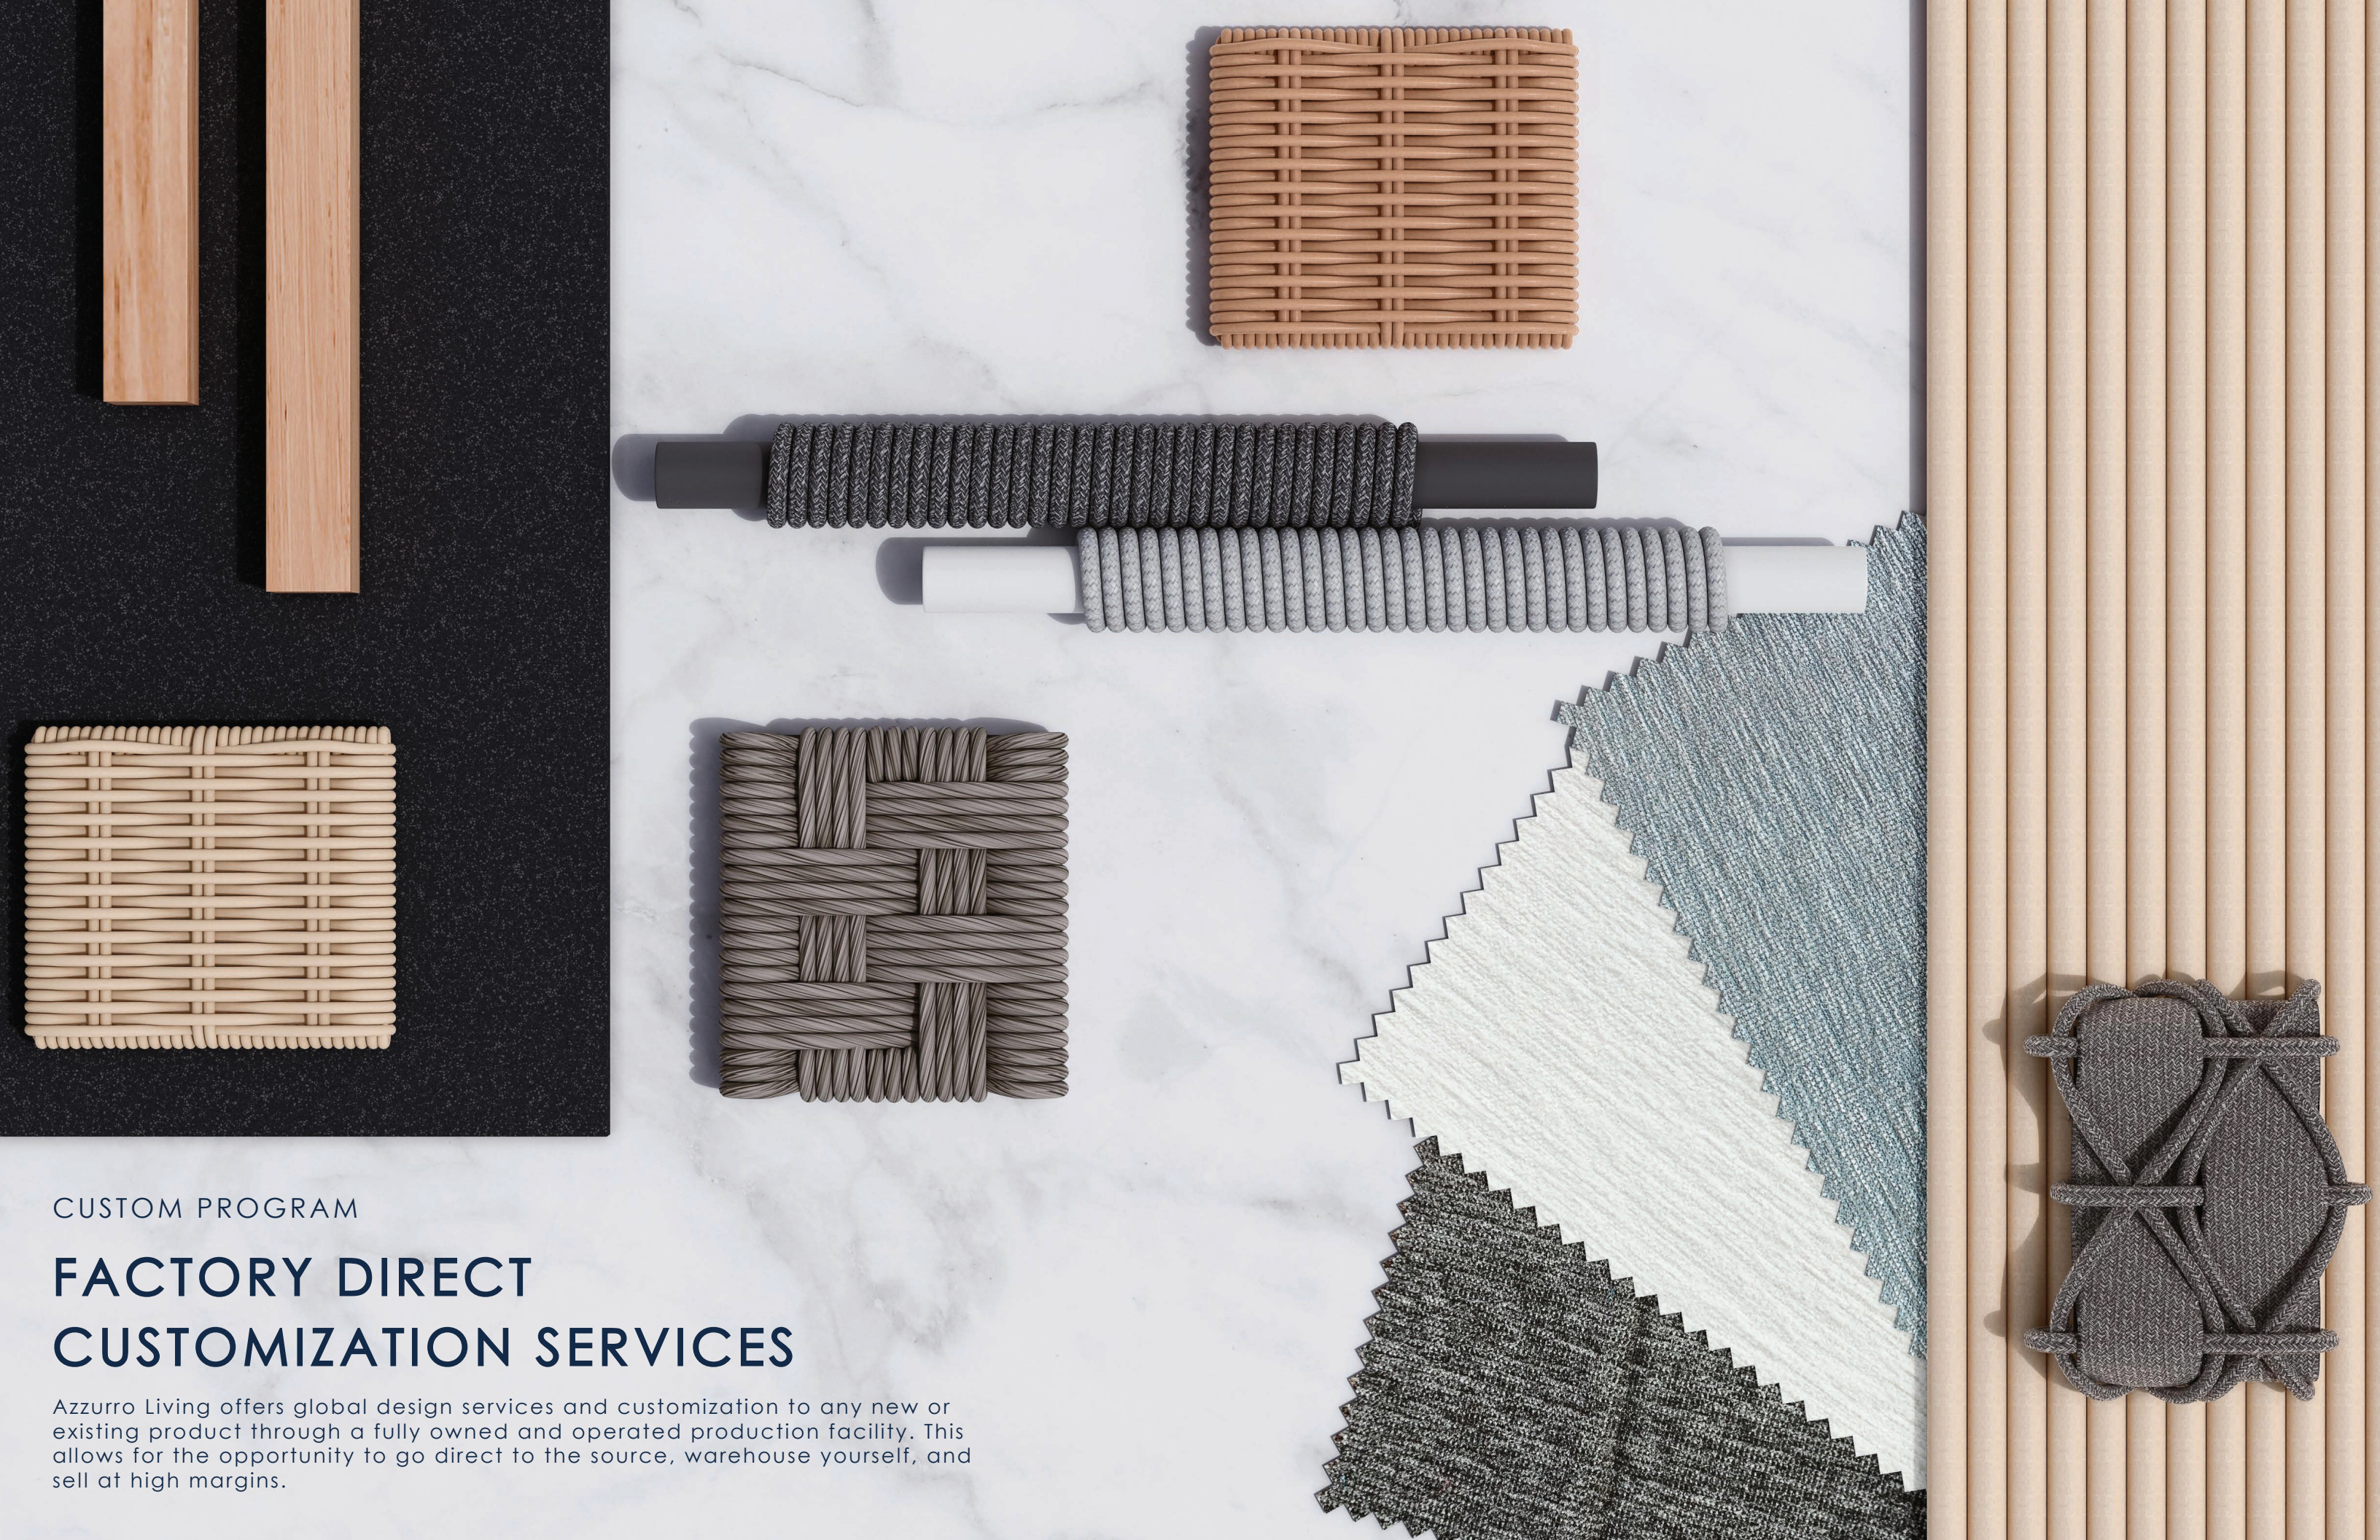

SCAN FOR DETAILS

### ADDITIONAL INFORMATION

These guarantees are only valid when the product is used in those applications for which it was made. The guarantee will be automatically revoked in the event of inappropriate product use and is subject to Azzurro Living's general terms and conditions. Although every effort is made to photograph our products and fabrics accurately, due to contributing factors such as photography lighting and print reproduction, we cannot guarantee that the colors shown will exactly match the color and finishes of our actual products.

CUSTOM PROGRAM

## FACTORY DIRECT CUSTOMIZATION SERVICES

Azzurro Living offers global design services and customization to any new or existing product through a fully owned and operated production facility. This allows for the opportunity to go direct to the source, warehouse yourself, and sell at high margins.

# GOING FACTORY DIRECT

Submit your concept, project details or customization requirements.

Our R&D and Design team will work with you on finalizing detailed specs and materials that are achievable.

We'll prepare drawings and visualizations for you to confirm  
Once confirmed, you'll receive a quote.

Upon approval, a sample will be produced.

When the produced sample is approved, we'll gear up for mass production and ship your products.

# CUSTOMER'S OWN MATERIAL

Azzurro Living's COM service lets you choose any fabric for custom furniture upholstery. Send in your selected material, and we'll expertly craft and upholster your furniture, offering limitless design possibilities for a truly unique experience.

## Requirements

Submit COM order form and verify correct fabric yardage within 48 hours of placing order. Please email to [info@azzurroliving.com](mailto:info@azzurroliving.com).

Send Fabric with the COM order form into Azzurro Living's specialty selected upholstery shop.

Receive 2 sets of cushions; 1 cushion in Azzurro Living's stock color and 1 custom cushion with selected fabric.

Minimum Lead Time: 8-10 Weeks After Fabric Arrives  
Minimum Order Quantity: None  
Additional Charges Apply

Customized orders can take longer to manufacture than standard products and minimum order quantities must be met for each project. Therefore, we advise always to indicate very clearly the requested delivery date.
