LIVING OUR VALUES

# The Berlin Gardens Difference

## OUR PROCESS

Located in Ohio's Amish country, Berlin Gardens pairs advanced machinery with traditional methods and skills handed down through generations.

## SERVICE

Making the customer happy isn't just something else we do – it's the foundation upon which everything else is built.

## QUALITY

To us, quality means consistency. To the customer, this means holes line up for easy assembly, all components are hand-routed for exceptional smoothness and little details are not missed.

## LEAD TIME

Our lead time is typically shorter than most of our competitors. Even during peak season, we deliver in a timely manner.

## DESIGN

From hidden fasteners to sleeker-lined chairs, we're constantly improving our design.

# The Best Furniture Uses the Best Materials

## POLY LUMBER

At Berlin Gardens, all of our furniture is built using only the highest-grade poly lumber. Made from high-density polyethylene (HDPE) plastic, this durable material is the secret behind manufacturing low-maintenance furniture designed to last decades.

We use two types of poly in our furniture — both produced by leaders in the industry.

**PolyTuf™**

Manufactured by Tangent, PolyTuf™ recycled plastic lumber has become a mainstay of the furniture industry. Its high strength-to-weight ratio and versatility make it an excellent choice for most poly furniture.

NEW

**Seaboard®**

VYCOM® Seaboard® HDPE is a denser alternative to PolyTuf™. This premium marine-grade poly (MPG) can be fabricated to create more customized furniture designs with a thinner profile.

See how our premium poly stacks up against wood patio furniture:

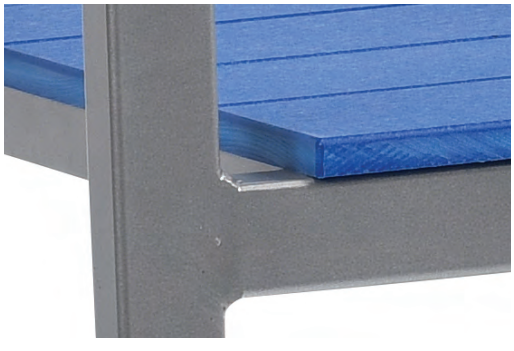

| BENEFITS | WOOD | POLYTUF™ | SEABOARD® |
|---|---|---|---|
| **Virtually maintenance-free ownership** | | ● | ● |
| **Does not crack or split over time** | | ● | ● |
| **UV-stabilized colors that resist fading** | | ● | ● |
| **Withstands hot and cold climates without warping** | | ● | ● |
| **Smooth, splinter-free surface** | | ● | ● |
| **Not damaged by water or salt spray** | | ● | ● |
| **Easy-to-clean surface that limits germs and bacterial growth** | | ● | ● |
| **Dense and durable** | | ● | ● |
| **Thinner profiles for sleeker furniture designs** | | | ● |
| **Dimensional lumber for classic designs** | | ● | |

## PREMIUM HARDWARE

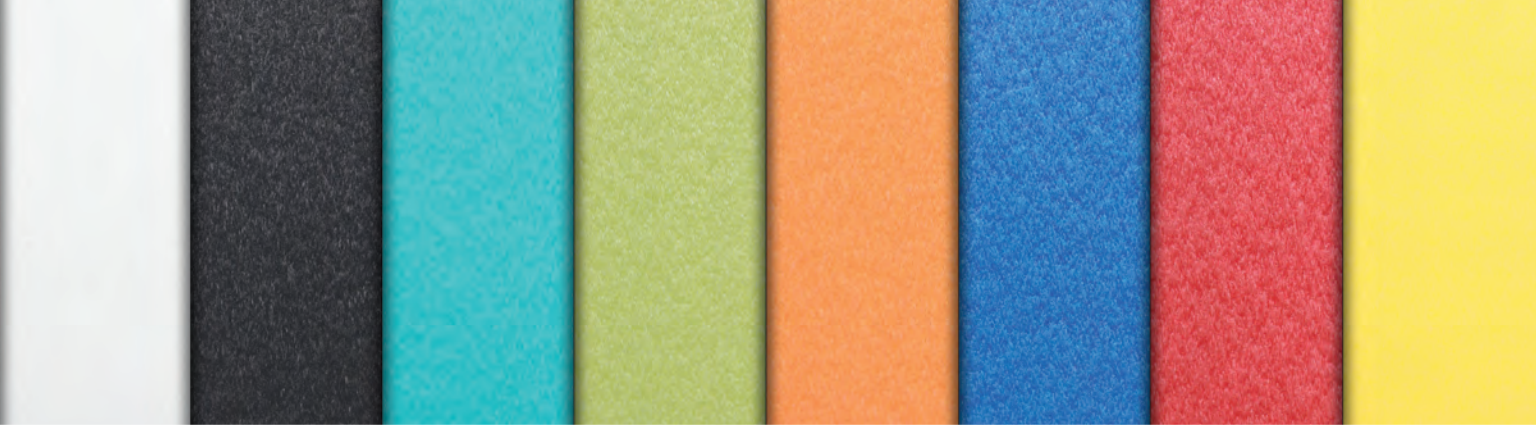

**Chrome-Plated Fasteners**

Unlike other poly furniture manufacturers, Berlin Gardens only uses chrome-plated stainless steel fasteners. These fasteners resist corrosion better than standard stainless steel — keeping your furniture free from unsightly rust stains.

**Aluminum Frames**

We use strong, welded aluminum frames to provide long-lasting support under tabletops and thicker furniture components. While our furniture is designed to keep most aluminum supports out of sight, those that are visible are powder coated to maintain an attractive, durable finish.

# GO GREEN WITH BERLIN GARDENS

Your Berlin Gardens poly furniture offers more than just a great place to relax with friends and family. It also protects the environment. That's because our poly lumber is manufactured using 95% recycled content.

**Here's a look into the recycling process:**

1

Polyethylene plastic, commonly used in manufacturing detergent containers, is gathered to be recycled.

2

Recycled plastic is ground, melted and cooled to produce purified plastic pellets, which are tested to maintain the highest quality control standards.

3

Pellets are melted, extruded and shaped into precision-cut poly lumber.

## FURNITURE CARE AND MAINTENANCE

Poly furniture is made from high-density polyethylene (HDPE), a recyclable plastic that never needs to be painted or stained. It will not rot or splinter, and contains added UV protection to resist fading.

Thanks to its resilient properties, most furniture only needs to be cleaned a few times per year. Light colors, such as white, may require more frequent cleaning to keep it looking new. To maintain the beauty of your furniture:

- Do not place flower pots or any items on furniture that will leave stains.
- Do not place hot items directly onto furniture to avoid melting.
- Wash furniture regularly with Berlin Gardens cleaners or non-abrasive soap and water.
- For deep cleaning, spray thoroughly with a non-abrasive cleaner, then scrub the furniture with a soft bristle brush and rinse with warm water.
- If needed, spray the furniture with a non-abrasive cleaner and wash it using a high-pressure washer. Keep the tip of your pressure washer 16" to 20" away from your furniture to avoid damaging the material.

All of our fasteners are made from stainless steel — most of which are chrome-plated and highly corrosion-resistant. However, in extreme conditions such as coastal areas, some corrosion may still occur. To ensure the longevity of your furniture and fasteners, we recommend regularly rinsing it with fresh water.

If properly cared for, you'll be able to relax in your poly furniture for years to come!
