MISSION STATEMENT:

Made with purpose. Designed with vision.

We create outdoor furniture that is stylish, durable, and good for the planet. We displace the millions of bottle caps found in our oceans and landfills by creating beautiful, sustainable outdoor furniture.

BRAND STORY:

At Capterra Casual, we are purpose driven. Through passionate innovation and design, we create sustainable long lasting outdoor leisure products. Our products are made out of (post consumer) recycled plastic caps, keeping them out of our landfills and waterways.

Sustainability is at the forefront of everything that we do at Capterra Casual. Active participation in projects related to social good and planet protection drives our innovation and design. Our objective is to produce products that have a positive environmental impact.
