ABOUT OUR FURNITURE

Our outdoor furniture is made from up to 100% recycled plastic, which diverts millions of pounds of plastic that would have been destined for a landfill or ocean.

We use high density (HDPE) plastic, grind it up and blend it together with pigment. HDPE plastic is common in bottle caps, milk jugs and orange juice containers (No. 2 plastic ♻️). We take these post-consumer and post-industrial plastics, and use them to make beautiful outdoor furniture.

Our extruders melt and form the mixture into durable recycled plastic lumber. We also use custom in-house molds that reduce the use of hardware and make our furniture structurally superior. All of our frames are constructed with HDPE lumber components.

Proudly Celebrating over 25 Years in Business

Canadian Recycled Plastic Products was founded in Stratford, ON, in 1994. We are proud to be celebrating over 25 years of innovation and design in quality outdoor furniture.

SUPERIOR FIT & FINISH
Our beautiful recycled lumber components, custom molded arms and molded radius slats give our products the best fit & finish on the market.

CONTOURED BACK
We've engineered the ultimate comfort landing zone between the chair seat and back panels. The contoured back combined with the comfort of our engineered seat creates the best seat in the house.

OUTDOOR FURNITURE MADE FROM UP TO 100% RECYCLED PLASTIC

25 YEAR LIMITED WARRANTY

Guaranteed never to rot, crack or split.

SUPERIOR FIT & FINISH

Contoured slats and custom molded arms.

LOW MAINTENANCE

No painting or staining... leave it out all year!

WEATHER-PROOF

Durable and heavy furniture withstands all weather elements around the globe.

Sunbrella® Fabric
Cleaning Instructions:

All Sunbrella® fabrics are engineered to combine the highest level of design and performance.

One of the best ways to keep Sunbrella® fabrics looking good is to brush off dirt before it becomes embedded in the fabrics, and wipe up spills or clean soon after a stain occurs. The quicker you clean spills and stains, the easier they can be to remove.

For easy day-to-day maintenance of your Sunbrella fabric:

- Brush off loose dirt.
- Spray on a cleaning solution of water and mild soap.
- Use a soft bristle brush to clean.
- Allow cleaning solution to soak into the fabric.
- Rinse thoroughly until all soap residue is removed.
- Air dry.

Helpful Hints:

- Avoid scrubbing, hard bristle brushes, or any other abrasive cleaning method.
- Sunbrella should only be allowed to air dry.
- Always rinse Sunbrella thoroughly.
- If fabric has wrinkling, use an iron on the synthetic setting. DO NOT use a steamer or an iron set to the steam setting.

Retreating Sunbrella Fabrics:

Sunbrella fabrics are treated with a proprietary water and stain repellent finish that is designed to last for several years, but may require replenishing after a thorough cleaning. We recommend 303® Fabric Guard™. For more information, visit www.303products.com.

Plastic Lumber Care & Maintenance Instructions

In order to maintain your outdoor furniture, we highly recommend the following steps be taken in order to keep the products looking clean and new.

After purchase, apply 303® Patio Furniture Protectant to frame.
(This is the world’s most powerful UV screening product)

Recommended ways to clean our products:

- 303® Patio Furniture Cleaner (this product is designed to clean resin and plastic furniture)
- Mr. Clean Magic Eraser
- Soapy water and a sponge

What to Avoid:

Pressure Washers. When the nozzle is placed too close to the plastic it could chew and/ or fray the plastic. This leaves a fuzzy look to the plastic, and allows atmospheric dirt and particles to get inside the plastic.
