**Disclaimer**

Natural oak products may exhibit variations including knots, shade variations, medullary rays and other natural characteristics.

Up to a Century years old, recycled from buildings and bridges in Indonesia, heavy variation is expected. No two wood planks are the same, therefore no two furniture pieces are the same.

Our full aniline leather pieces are made from premium, minimally treated hides and may patina over time, as well as retain stains, scratches and fading in sunlight. Color variations will occur between dye lots and is therefore acceptable.

100% Cowhide with thin layer pigmentation and grain patterns that will vary from hide to hide.

Teak is naturally weather resistant and durable, and will grey and patina over time. To slow this process, please protect with rain covers to reduce direct sun exposure.

Our indoor teak is unsealed using the natural teal oils, highlighting the wood's natural beauty and may be susceptible to stains or discoloration from spills due to its porous surface. Coasters, trivets and placemats are highly recommended.

Constructed from salvaged wood remnants, no two are alike.

Due to the hand-created nature of our products, each item will vary slightly. Handcrafted with a specialized blend of proprietary materials. Expect slight variation in color, texture, and patterns - each uniquely beautiful.

Each mirror is hand crafted, so the aging patterns will vary slightly.

Doors and drawers may shift in shipping, please refer to Care & Maintenance resources for easy adjustment and leveling instructions.

Handcrafted with a specialized blend of proprietary materials. Expect slight variation in color, texture, and patterns - each uniquely beautiful.

Includes an optional extra leg recommended for heavy support and more frequent use.

## **More Info**

Hardwax Oil - Plant based. Semi closes wood pores.

Varnished - Polyurethane closes wood pores.

Reclaimed teak has a unique character and patina, with colour variations ranging from light to dark brown with bronze undertones. Each item has a unique story to tell, with its natural age and definition. The material is particularly resistant and durable, having been used for nearly a century and ready to live on for many more generations to come.
