STONESTRONG COMPOSITE

Designed for Beauty, Engineered for the Elements

With outdoor lighting fixtures made with StoneStrong composite, you now get the best of both worlds: the versatility and style you’ve come to expect from Generation Lighting, coupled with the rugged, no-nonsense durability of this remarkable proprietary material.

StoneStrong is made up of ground marble and emery for strength, latex composite for durability, bonded together with an ATP adhesive used primarily in outdoor applications.

StoneStrong composite is especially well-suited for harsh climates where prolonged exposure to salty air, rain, sun, snow and humidity—even debris and pollutants—is the rule, not the exception.

BENEFITS
- Rustproof
- Resists Corrosion, Fading, Fire, Acids and Alkali
- Twice the Strength of Resin
- Withstands Temperatures Ranging from -20°F up to 120°F
- Eco-Friendly—Complies with Restriction of Hazardous Substances (RoHS)
- Maintains Fine Design Details and Textures
- Coastal Region Approved

5 YEAR WARRANTY
