

# TOUR

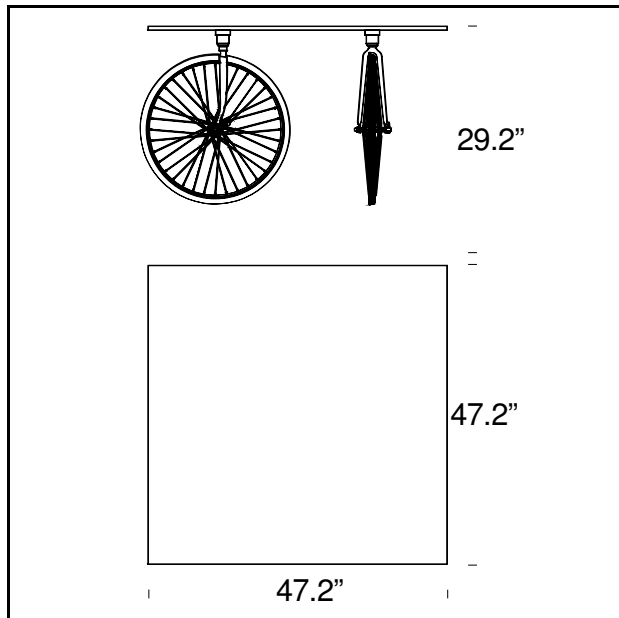

Gae Aulenti, 1993

Tour is the evolution of the Table with Wheels. Again with wheels, but in this case taken from bicycles, it was a surprising piece. The beveled float glass top, 15 mm thick, rests on 4 pivoting wheels attached to four stainless steel plates. The forks are chromed and the wheels are covered in rubber.

**TECHNICAL SHEET**

Table with 15 mm cut float glass top. Pivoting wheels are attached to the top by four stainless steel plates. Chromed forks. Solid rubber wheels.

**MODEL NAME:** Tour

**CODE:** 3005
