

FEATURES

- Provides six feet of shade, with a wind vent for additional stability.
- Fiberglass ribs for maximum flexibility and wind resistance.
- 2x UV coated silver polyester canopy provides UPF 50+ sun protection.
- Durable 60 degree angle tilt mechanism.
- White powder coated steel 2-piece center pole.
- Polyester carry bag included.

Manufactured with the sun's most harmful rays in mind, the Frankford Solar Reflective lifeguard umbrella is made with a UV coated silver canopy, offering maximum protection. This umbrella has a sturdy yet lightweight white powder coated steel pole with an easy push-button tilt, allowing you to block the sun from multiple angles throughout the day. Its fiberglass ribs provide the flexibility necessary to withstand beach front winds.

At a total weight of just 6 pounds, this umbrella is ideal for a quick and easy set up. Each umbrella comes with a matching carry bag to safely store it when not in use.

FEATURES

- Choose from superior quality fiberglass ribs (maximum flexibility and wind resistance) or top quality 5mm thick steel ribs.
- Durable 1.3mm thick aluminum center pole.
- 1.375" diameter upper pole, 1.5" diameter lower pole.
- The "EZ-Up" spring activated steel ledge provides a smooth, easy open.
- Reinforced four-layer pockets prevent fabric from tearing.
- Non-twisting end tips won't tear through the fabric, or become loose, ensuring the canopy will always look its best.
- Choose from 9 oz. marine grade acrylic fabric, or heavy gauge vinyl.
- Maintenance free stainless steel hardware.

PERFECT PROTECTION FOR YOUR LIFEGUARDS!

These lifeguard umbrellas combine strength with style. Choose from a steel zinc-plated frame with an acrylic or vinyl canopy, or a durable fiberglass frame with acrylic canopy. Available with the traditional "Lifeguard" printing, or unprinted. The spring activated steel ledge, stainless steel parts, and commercially warranted tilt ensure long lasting protection from the elements for your vital pool protectors.
