FEATURES

- Provides six feet of shade, with a wind vent for additional stability.
- Fiberglass ribs for maximum flexibility and wind resistance.
- 2x UV coated silver polyester canopy provides UPF 50+ sun protection.
- Durable 60 degree angle tilt mechanism.
- White powder coated steel 2-piece center pole.
- Polyester carry bag included.

Manufactured with the sun's most harmful rays in mind, the Frankford solar reflective beach umbrella is made with a UV coated silver canopy, offering maximum protection. This umbrella has a sturdy yet lightweight white powder coated steel pole with an easy push-button tilt, allowing you to block the sun from multiple angles throughout the day. Its fiberglass ribs provide the flexibility necessary to withstand beach front winds.

At a total weight of just 6 pounds, this umbrella is ideal for a quick and easy set up. Each umbrella comes with a matching carry bag to safely store it when not in use.
