Modular Scalable Lighting

SNAPS

FREEDOM TO DESIGN

"I realized that if the conductor becomes a beautiful thing, then suddenly, it unlocks new doors. With SNAPS, the conductive leather straps are the essence of the fixture."

andy minton

CREATIVITY UNLEASHED

Whatever the size, however unique the space, SNAPS can be your solution.

Modular and scalable, this can easily be configured to almost any shape and dimensions you can imagine.

VERSATILE LIGHTING SYSTEM

With so many potential applications and endless configurations, your design possibilities are limitless.

ART + ALCHEMY

by HUBBARDTON FORGE

ärt
the expression or application
of human creative skill
and imagination

alkēmē
the ancient process of
transforming essential base
metal into gold

Art + Alchemy designs are both sculptural and distinctive. They are created in our workroom, a collaborative space where designers and engineers come together. From concept through development and fabrication, this is a space where we throw out the book and think without restrictions. It is a place to let the imagination take us on journeys to create pieces that push the boundaries.

Once the design concept is proven, manufacturing the product using custom tooling proceeds. A choice of 11 standard finishes are available; or we can custom-match any RAL color for you. And, with all of our Prototype & Tooling done on-premise, our team can work with you to customize dimensions and aspects of any product in our Art + Alchemy collection to suit a specific project.

SNAPS

CREATIVITY UNLEASHED

The beauty of SNAPS lies not only in the flow and movement of the leather straps and hand-carved alabaster stone, but in its versatility. Both modular and scalable, SNAPS is a lighting system that can adapt to and enhance any space. With five basic products, plus optional extension straps (4 additional straps in 2 different lengths, offered with and without LED alabaster modules) to create longer lengths or more intricate designs, and an array of custom leather options from which to choose, SNAPS can be configured to create a design that is uniquely yours.
