COLLECTIONS

LOVE OUR AMERICAN-MADE FIRE TABLES

Embracing one of the hottest trends in outdoor living, Homecrest is proud to be an industry leader in outdoor fire tables. Available in coffee, chat, dining and balcony heights, Homecrest fire tables offer a powerful 60,000 BTU burner (30,000 BTU on fire tables with the Nova base) and come standard with your choice of fire jewelry, as well as a secure key and match-throw ignition. This incredible heat will extend your outdoor season and add ambiance to your outdoor space. Note: Rectangle and Nova base fire pits come standard with an elevated Onyx riser under the fire bowl.

1 ALL ABOUT YOUR FIRE TABLE

The rectangular fire tables feature a required fire burner riser and propane drawer. The riser elevates the burner to reduce the surface temperature on the fire pit top and the drawer allows for easy access to the propane tank. Each fire table comes equipped with a removable key valve to easily control the flame and the option of a glass guard to contain the flame in windy conditions.

2 SELECTING FOR AN OUTDOOR DINING OR CONVERSATION SPACE

Conversation sets help create the feel of a living room in your outdoor space. Choose a pair of chat chairs with ottomans and/or a side table; or a set with a sofa and/or loveseat and coffee or fire pit.

FIRE JEWELRY - 1/4" GLASS

Our reflective fire glass is more vibrant, more brilliant and cleaner than almost every other brand in the industry. Our unique method of producing fire glass reduces the amount of fine glass powder created during the more-popular tumbling process used by most companies in the industry. By reducing fine glass powder, this method positively affects the performance of your burner and brings out the brilliance of your fire glass. Our jewel-like glass crystals will last a lifetime without burning, melting, emitting toxic fumes or discoloring.

Note: Each fire table comes with any two 10 lb bags (your choice of one or two colors). Nova base fire pits come with one 10 lb bag and only allow for one color selection. When ordering fire jewelry individually (without a fire table), use the six-digit model number. When ordering fire jewelry with a fire table, use the two-digit color code number that is above the color name.
