Seats twelve.

Left arm loveseat, three corner units, armless loveseat, armless sofa, right arm loveseat and a coffee table/fire pit.

Ideal rug size: 8 ft x 10 ft

HOW TO ORDER YOUR HOMECREST FURNITURE

At Homecrest, we want to make selecting the fabric and frame finish for your Homecrest furniture easy, stress-free and fun. It is important to us that you not only love your Homecrest furniture, but that you love the experience of the selection process. For design ideas and inspiration, visit our website. To help you visualize and customize your chair or fire table, use our Interactive Design Center at design.homecrest.com. Here you'll have the opportunity to 1) Pick your frame 2) Choose your finish 3) Select your fabric and 4) View, print and buy.

BUILDING A CUSHION CHAIR

Homecrest has made selecting fabrics and frame finishes for your cushion chair easy! Simply follow the steps below to create a look that suits you.

1.
PICK A CUSHION COLLECTION
AND CHAIR STYLE
(ex. Elements Chat Chair)

2.
CHOOSE YOUR CHAIR
FRAME FINISH
(ex. Carbon)

3.
SELECT A
CUSHION "C" FABRIC
(ex. Canvas White)

4.
CHOOSE A CUSHION "C"
BACK FABRIC
(ex. Canvas White)

5.
ADD AN OPTIONAL
OUTDOOR PILLOW
(ex. 18" square)

Note: This is only applicable on Grace Cushion collections. Solid fabrics that have a woven texture or color direction will run the opposite direction.

BUILDING AN AIR CHAIR

Homecrest has made selecting fabrics and frame finishes for your air chair easy! Simply follow the steps below to create a look that suits you.

1.
PICK AN AIR COLLECTION
AND CHAIR STYLE
(ex. Elements Air Chat Chair)

2.
CHOOSE YOUR CHAIR
FRAME FINISH
(ex. Carbon)

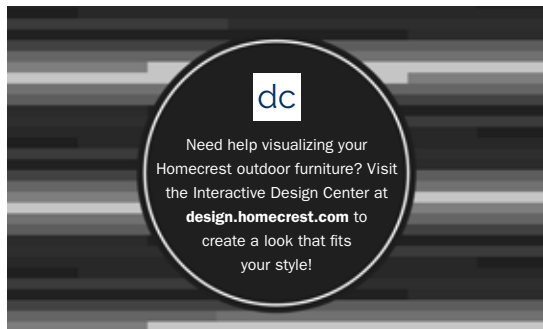

3.
SELECT A
SENSATION SLING "SS" FABRIC
(ex. Agate)

4.
ADD AN OPTIONAL
OUTDOOR PILLOW
(ex. 12" x 22" kidney)

SUTTON & DOCKSIDE COLLECTIONS

SUTTON CUSHION & MODE COLLECTIONS

BUILDING A SLING CHAIR

Homecrest has made selecting fabrics and frame finishes for your sling chair easy! Simply follow the steps below to create a look that suits you.

1. PICK A SLING COLLECTION AND CHAIR STYLE
(ex. Elements High Back Dining Chair)

2. CHOOSE YOUR CHAIR FRAME FINISH
(ex. Carbon)

3. SELECT A SLING "S" FABRIC
(ex. Glacier)

Note: This material will be used on the front and back.

4. CHOOSE A WELT "W" COLOR
(ex. Carbon)

Note: Welts will coordinate with the frame finish unless an alternate welt is selected.

5. ADD AN OPTIONAL OUTDOOR PILLOW
(ex. 18" square)

BUILDING A PADDED SLING CHAIR

Homecrest has made selecting fabrics and frame finishes for your padded sling chair easy! Simply follow the steps below to create a look that suits you.

1. PICK A PADDED SLING COLLECTION AND CHAIR STYLE
(ex. Elements High Back Dining Chair)

2. CHOOSE YOUR CHAIR FRAME FINISH
(ex. Carbon)

3. SELECT A PADDED SLING "PS" OR CUSHION "C" FABRIC
(ex. Canvas White)

Note: If the selected fabric features a "PS" and an "S" symbol on the fabric label, then this material will be used on the front and back of the padded sling.

4. PICK A SLING "S" BACK FABRIC
(ex. Glacier)

Note: This step is only applicable if the front fabric is selected from the Outdura®, Sunbrella® or UltraLeather® swatch books.

5. CHOOSE A WELT "W" COLOR
(ex. Carbon)

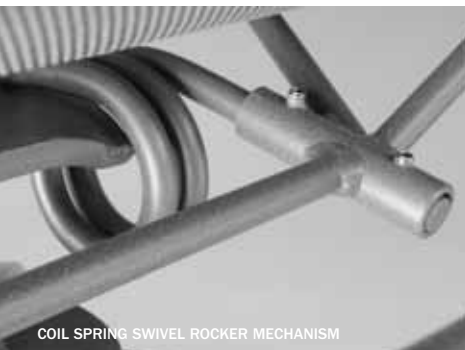

Note: Welts will coordinate with the frame finish unless an alternate welt is selected.

6. ADD AN OPTIONAL OUTDOOR PILLOW
(ex. 18" square)

HOMECREST OUTDOOR FURNITURE COMPONENTS

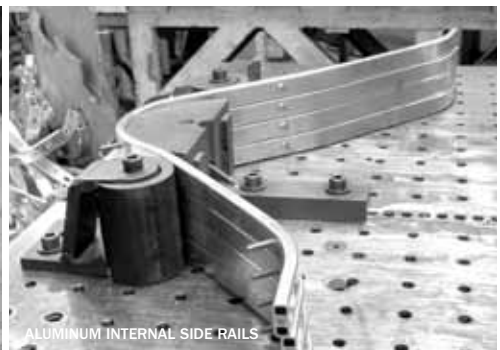

When it comes to designing and manufacturing the best in outdoor furniture, there are no shortcuts. The fabric, cushion and sling construction, paint durability and overall furniture design must all come together to create a product that will endure the elements and stand the test of time. The components, raw materials and construction are equally important and create the foundation for the finished product's quality and durability.

COIL SPRING SWIVEL ROCKER MECHANISM

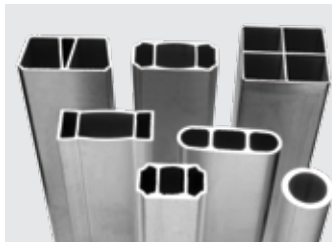

SLING CHAIR ASSEMBLY

ALUMINUM INTERNAL SIDE RAILS

OUR OUTDOOR FURNITURE COMPONENTS

Homecrest components, like our domestic custom aluminum extrusions, floor glides, internal side rails and swivel rocker mechanisms are all integral components of the Homecrest product line.

CUSTOM FRAME MATERIALS

Homecrest uses custom-designed, domestic aluminum extrusions, manufactured to our specifications. Internal wall reinforcements provide additional strength and durability.

FLOOR GLIDES

All floor glides protect the frame and reduce any scratching of the finish when moving the piece across a surface. Floor glides are tested to 50,000 abrasion strokes. Floor glides are field-replaceable.

INTERNAL SIDE RAILS

Homecrest uses custom contoured internal side rails and double layer slings to provide a sturdy and comfortable seat. The "Designed for Weight" collections utilize steel side rails, enhancing the weight of the unit.

CROSS BARS

Cross bars provide the perfect tension to support the comfort and durability of the sling basket. The "Designed for Weight" collections utilize steel cross bars, enhancing the weight of the unit.

PATENTED IN 1966

COIL SPRING SWIVEL ROCKER MECHANISM

Homecrest invented the adjustable swivel rocker mechanism. The re-coil spring and swivel plate are attached to a bottom swivel plate that encapsulates a nylon bushing and eight stainless steel ball bearings. Creating a smooth, durable swivel rock motion that exceeds one million rock cycles.

Featured on most sling and cushion dining collections.

ALUMAROC™ SWIVEL ROCKER MECHANISM

The adjustable AlumaRoc features precision-bent aluminum springs that are connected to an aluminum plate and post, which provides a smooth swivel and rock motion. The AlumaRoc has been tested to exceed one million rock cycles and is made completely of aluminum.

Featured on all club chairs, chat chairs and the Kashton collection.

OUR FRAMES WITHSTAND THE TEST OF TIME

Our products go through an extensive process that cleans the raw material from any foreign debris and prepares the surface for quality paint adhesion. A baked-on polyester powder-coat finish, is applied and provides a durable finish for many seasons. Our paint finish is backed by a five-year warranty.

STRAP APPLICATION

ELEMENTS FRAMES

SLING CHAIR ASSEMBLY

MULTI-STAGE PREP & PAINT PROCESS:

Homecrest takes the necessary steps to properly prepare material for paint application. The multiple, pre-paint steps listed below are important for the proper adhesion of all powder-coat frame finishes.

STAGE 1: PRE-WASH
Removes large contaminants.

STAGE 2: DETERGENT WASH
Completes wash.

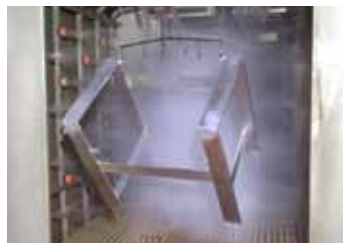

STAGE 3: PRE-RINSE
Rinses off carry-over detergents.

STAGE 4: RINSE
Final rinse prior to chemical application.

STAGE 5: CHEMICAL ETCH
Seals and creates paintable surface.

STAGE 6: RINSE
Rinse off carry-over chemical.

STAGE 7: PAINT APPLICATION
Electrostatic equipment is used to consistently coat all areas of the frame.

STAGE 8: PAINT CURE
Powder-coat cures at an oven temp of 420 degrees for 22 minutes.

DREAMCORE, ULTRACORE, & LUXE OUTDOOR CUSHION COLLECTIONS

Homecrest's cushion collections are beautiful and incredibly comfortable. We use innovative techniques and top-quality materials to ensure that each collection's beauty and comfort lasts for decades. Continue reading to learn more about cushion technologies and how our manufacturing processes ensure outstanding longevity for every cushion we create. All Homecrest frames are backed by an industry-leading 15-year residential warranty and a two-year residential cushion warranty. See page 162 for warranty details.

DREAMCORE™ CUSHIONS *Featured on Elements Cushion, Havenhill Cushion and Liberty Cushion collections.*

The premiere DreamCore seat cushion features High Resilient furniture-grade foam. High Resilient foam provides exceptional durability and longevity, while offering an outstanding level of comfort. Unlike conventional foams (Viscoelastic/memory foam), the cell structure of High Resilient foam is less uniform and more random, creating a stronger structure, excellent elasticity and increased supporting force. Providing support, resilience and ultimately, unparalleled comfort.

BACK CUSHION

The back cushion is constructed with moisture-resistant ticking and is engineered to match the silhouette of the cushion, creating a tailored look. The cushion utilizes individual channels, which hold the fill in place and create both comfort and support.

SEAT CUSHION

The seat cushion is constructed with High Resilient furniture-grade foam wrapped with dacron and moisture-resistant ticking that is glued, not sewn, to prevent moisture penetration.

SEAT DECK & GROMMET VENTING

The seat deck is constructed of 100% virgin vinyl strapping for enhanced comfort. Virgin vinyl straps do not contain clay fillers, which reduce strap memory. The underside of the seat cushion cover features grommet openings for breathability.

BACK ATTACHMENT

Homecrest Liberty and Havenhill seat and back cushions feature a Velcro flap back. Elements Cushion seat and back cushion feature a sewn seam to attach the cushions together. This eliminates the use of ties or tabs.

ULTRACORE™ CUSHIONS *Featured on Allure Modular and Grace Cushion collections.*

UltraCore cushions are considered one of the best cushions in the industry. Its high support factor gives you a very comfortable and luxurious sit while maintaining clean, crisp edges. The thick UltraCore seat cushion is compressed and will keep its resilience.

ALLURE BACK CUSHION

Allure back cushions utilize a solid foam core wrapped in moisture-resistant ticking, providing clean edges and a flat bottom. Ticking is glued, not sewn, to prevent moisture penetration.

GRACE BACK CUSHION

The Grace back cushion features a 4" piece of foam that stabilizes and maintains the shape of the cushion. The cushion is then filled with blown-in polyester fiber to create a soft shape and relaxed comfort that you've come to expect from Homecrest.

SEAT CUSHION

UltraCore seat cushions utilize a solid foam core insert wrapped in moisture-resistant ticking that is glued, not sewn, to prevent moisture penetration. Solid core inserts provide a crisp edge and a firm, durable seating surface.

BACK ATTACHMENT & GROMMET VENTING

Seat cushions of all Allure pieces feature two velcro attachments to prevent seat cushion movement when used in an armless configuration. The underside of the seat cushion cover features grommet openings for breathability.

ULTRACORE BACK CUSHION ASSEMBLY

LUXE OUTDOOR SEAT CUSHION ASSEMBLY

ULTRACORE BACK CUSHION ASSEMBLY

LUXE OUTDOOR CUSHIONS *Featured on Emory Cushion and Sutton Cushion collections.*

The Luxe Outdoor seat cushion is constructed with a combination of materials for durability and longevity. The foam core is wrapped in moisture-resistant ticking that is glued, not sewn, to prevent moisture penetration. It is then wrapped with a dacron layer to provide a soft sit to the cushion. Luxe Outdoor back cushions incorporate three layers of dacron, which does not hold moisture and provides comfortable back support.

Luxe Outdoor
CUSHIONS

BACK CUSHION

Back cushions are constructed using three layers of specific polyester fiber densities to provide stability and comfort. Polyester fiber fill does not hold moisture and does not need to be wrapped in a moisture-resistant material.

SEAT CUSHION

Seat cushions use a 4" inner core of High Resilient foam wrapped in moisture-resistant ticking. The inner core is then wrapped in moisture-resistant polyester fiber. This combination creates the comfort and durability of the Luxe Outdoor seat cushion.

GROMMET VENTING

The casing of all Luxe Outdoor seat cushions feature grommet openings for breathability.

BACK ATTACHMENT

The seat and back cushion are held in place with snap fabric tabs using the fabric of the cushion.

TRADITIONAL DINING CUSHIONS *Featured on Havenhill Cushion and Holly Hill Cushion collections.*

Our dining cushion collections offer luxurious comfort. Quick-drying and extremely resistant to mold, mildew or fading. Our tailored and removable cushions feature a simple turned seam and a slip cover back.

CUSHION CONSTRUCTION

The cushion is constructed of four layers of polyester fiber fill that allows moisture to pass through it. Homecrest's quality-crafted cushions are fast-drying and durable.

SEAMLESS DESIGN

The Homecrest cushion features a simple turned seam and wraps the selected fabric around the sides of the cushion to meet the same fabric selected on the back of the cushion. With this innovative cushion technology, a welt is not required.

VIRGIN VINYL STRAPS

The seat deck is constructed of 100% virgin vinyl strapping for enhanced comfort. Virgin vinyl straps do not contain clay fillers, which reduce strap memory. They are inserted into a slotted frame and are double wrapped.

SLIP COVER BACK

The cushion is tailored with a matching slip cover, eliminating exposed straps on the back frame. The cushion is held in place to the slip cover with industrial grade Velcro and with a pocket flap on the front of the seat to conceal the frame.

SLING & PADDED SLING COLLECTIONS

The Homecrest double layer sling and padded sling have been a consumer favorite for over four decades, offering unsurpassed comfort and exceptional longevity. Expanding our sling technology, Homecrest's revolutionary Air collections are based on an "empty box design," where water runs through the air bucket design, allowing the fabric to dry in minutes rather than hours. All Homecrest frames are backed by an industry-leading 15-year residential warranty and a five-year residential double layer sling warranty. See page 162 for warranty details.

SLING FURNITURE *Featured on all Homecrest sling collections.*

Homecrest's double layer sling has been a consumer favorite for decades, offering unsurpassed comfort and exceptional longevity. Outdoor double layer slings are protected with an industry-leading five-year residential warranty.

SLING CONSTRUCTION

The Homecrest double layer sling uses internal support rails to shape and stretch the sling. This allows for the sling to ergonomically conform to the body and eliminates a rigid surface. Homecrest's double layer sling creates an individual comfort experience.

SERGING

After the first sew line is in place, slings go through a five-thread serging process that doubles the strength of the seam.

WELTING

Sling construction is finished with a sewn-on welt. Welting is attached with a third sew line to combine the multiple layers of fabric. Welting color will default to the frame finish color unless an alternate welt color is selected.

SLING TESTING

Homecrest slings are static-load tested to ensure durability of seam strength, by dropping a 125 lb weight on a sling chair for 50,000 cycles.

PADDED SLING FURNITURE *Featured on all Homecrest padded sling collections.*

The perimeter stitch line silhouettes the outline of the seat and back of the basket allowing for quicker drying time.

PADDED SLING CONSTRUCTION

Padded slings utilize a single layer of polyester fiber fill, sewn between the surface material and an inner layer of material.

SILHOUETTE STITCHING

Top stitching of the silhouette detail is done before adding the back fabric. The silhouette stitch allows for quicker drying time.

BACKING FABRIC SELECTION

Padded slings provide the opportunity to use all Sunbrella®, Outdura® and Ultraleather® acrylic/polyurethane fabrics. If a fabric has been selected from one of those swatch books, a slingable fabric must be selected for the back of the padded sling; this provides the durability of a sling when combined with the top layer fabric.

WELTING

Padded sling construction is finished with a sewn-on welt. Welting is attached with a third sew line to combine the multiple layers of fabric. Welting color will default to the frame finish color unless an alternate welt color is selected.

AIR CHAIR ASSEMBLY

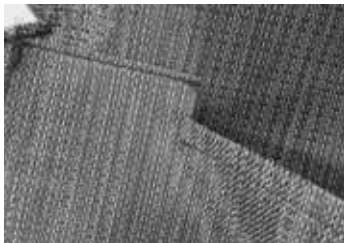

SLING CHAIR ASSEMBLY

PADDLED SLING ASSEMBLY

AIR FURNITURE *Featured on Elements Air and Grace Air collections.*

The Air seating series features the appearance of deep seating, in a fill-free, cushionless construction. Luxurious Sensation sling fabric is the ultimate in low-maintenance comfort, features exceptional shape retention and surface memory.

SEAT CONSTRUCTION

The seating surface is constructed with a double layer of material (mirroring Homecrest's double layer sling) for strength and durability. Sensation fabrics provide the comfort, stretch and recovery that a traditional cushion offers.

VENTED INNER LINING

A vented inner lining allows moisture to pass straight through the seat surface and prevents sunlight from exposing the internal structure.

No-Fill Material

REPLACEABLE & FULLY UPHOLSTERED LOOK

The upholstery of the unit is completed by lacing the side panels to the frame and utilizes a Velcro closure to finish out the bottom. This technique is what gives the Air collections a fully upholstered look. A stretched basket replacement is available if an updated look is desired or as a replacement after years of use.

MODULAR SYSTEM

Multiple configuration options can be achieved using the right arm, left arm, armless, swivel, stationary and corner units. Corner units are available in Stonegate and Mode.

DESIGNED FOR WEIGHT FURNITURE *Featured on Harbor, Stella and Sutton sling and padded collections.*

Our "Designed for Weight" collections are made with both aluminum and plated steel, making them ideal for windy conditions.

ALUMINUM ARMS & BASE

Custom aluminum extrusions are used for the arms and base to create a low-maintenance, less corrosive material for those high-wear components.

STEEL INTERNAL SIDE RAILS

To enhance the weight, the "Designed for Weight" collections utilize powder-coated, solid-steel internal side rails.

Solid-Steel Cross Bar

STEEL CROSS BARS

The cross bar, located on the back and seat of a "Designed for Weight" chair, is powder-coated and made of solid-steel creating additional weight and long-term durability.

Solid-Steel Plate

STEEL PLATE

The "Designed for Weight" swivel rockers feature a 2 3/4" x 3/8" solid-steel plate for added weight. The complete undercarriage and steel swivel spring are zinc-plated and powder-coated for long-term durability.

OCCASIONAL, DINING, CAFÉ, BALCONY & BAR OUTDOOR TABLES

From aluminum and glass to resin materials, Homecrest continues its long history of innovation in outdoor table technologies. Whether glass, metal, HDPE or resin, Homecrest tables are structurally engineered to be used year-round in even the most demanding settings and are artistically designed to be a tasteful and welcoming feature in beautiful outdoor environments.

HOMECREST OUTDOOR TABLES

Homecrest works in a variety of table surface categories. Our Natural Series encompasses several surfaces that look like natural stones and reclaimed wood. Our Eden and Maddox collections utilize both aluminum and HDPE. Our Metal collections include extruded, embossed and formed aluminum.

NATURAL SERIES CONSTRUCTION

Our Natural Series surfaces employ the best practices from the countertop and marine industries, producing individually handcrafted surfaces made to withstand the outdoor elements. These surfaces feature proven marine-grade gel coats, tough polyester cores and an automotive-grade "Nano-Coat" clear coating technology.

WHAT IS "NANO-COAT?"

Nano-Coat is a super hard surface that is UV-protected and has a chemical-resistant paint protection and a corrosion inhibitor. The surface is then resistant to scratches, mars and abrasions. It contains anti-graffiti and anti-stick properties, which lends itself to repel water and dirt, making it easy to clean.

HDPE

Our HDPE collections offer a long-lasting lumber plank look. The planks are manufactured from high quality recycled HDPE (High Density Polyethylene) to create long-lasting recycled plastic lumber. HDPE is an environmentally-friendly, low-maintenance, product and features a textured surface that doesn't rot or splinter, doesn't require paint or stain and is resistant to termites, fungus, salt and oils.

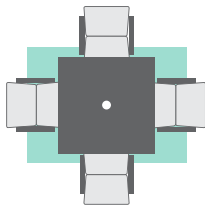

METAL & GLASS TABLE CONSTRUCTION

Our aluminum and steel product go through an extensive process that cleans the raw material from any foreign debris and prepares the surface for quality paint adhesion. A baked-on polyester powder-coat finish, is applied and provides a durable finish for many seasons.

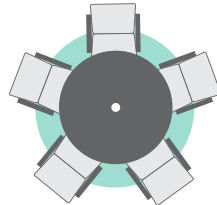

SELECTING FOR AN OUTDOOR DINING SPACE

Whether its dining, café, balcony or bar, below are a few popular configurations for outdoor enjoyment.

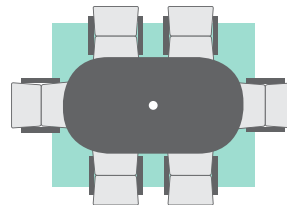

5-PIECE DINING SET:

Seats four.

TABLE TOP COLOR
(ex. Char)

Note: Duo-Tone option is available for Mode (select a base color and a top color) and Dockside (select a frame color and inner slats color).

PRODUCT FEATURE

Use KIT175 to raise the 37XX base on all Natural Series and Breeze dining tables an additional 1.75" in height, changing the table height from 27.5" (dining height) to 29.25" (café height).

COFFEE, CHAT, DINING & BALCONY FIRE TABLES

Embracing one of the hottest trends in outdoor living, Homecrest is an industry leader in outdoor fire tables. Available in coffee, chat, dining and balcony heights, Homecrest fire tables offer a powerful 60,000 BTU burner (30,000 BTU on fire tables with the Nova base) and come standard with your choice of fire jewelry, as well as a secure key, natural gas orifice, black 3/4" aluminum fire burner riser and match-throw ignition.

SUTTON CUSHION & SHADOW ROCK COLLECTIONS

HOMECREST OUTDOOR FIRE TABLES

ACCESSORIES

We offer several reflective fire jewelry options, lazy susans, painted aluminum lids and fire table cover options. The manufacturer highly recommends the use of a glass guard when operating fire tables in windy conditions. Prolonged exposure to flames that are blown flat to the table surface may cause slight discoloration of the cosmetic surface.

EASY PROPANE ACCESS

Each fire table base allows for a 20 lb vertical propane tank (utilized with all round, chat rectangular and chat square fire table bases) or horizontal propane tank (utilized with coffee square and rectangular fire table bases). These tanks are hidden, yet are easily stored and accessed by being mounted on the door or using a pull-out drawer. Our fire tables can either be fueled by propane or converted to natural gas.

EXTERNAL KEY

Each fire table comes equipped with a removable key valve, providing easy flame control when in operation and the added safety of a removable key to prevent tampering when not in use.

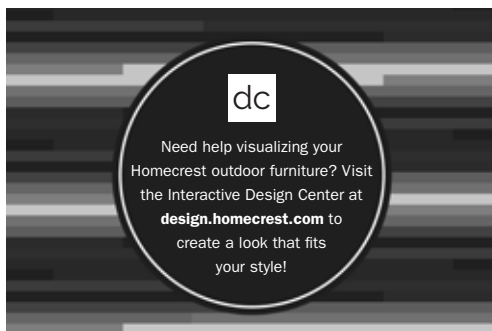

FIRE BURNER CONSTRUCTION

All of our fire table fire pan inserts come standard with an elevated 3/4" aluminum riser, in black, to prevent heat transfer to the top. All of our fire burner/pan inserts are stainless steel and are powder-coated black to avoid discoloration of the burner surface. Our 20" round-shaped fire burner inserts provide additional safety, concentrating the flames towards the center of the burner.

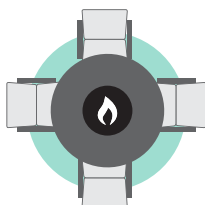

FIRE JEWELRY | 1/4" GLASS

Our reflective fire glass is more vibrant and cleaner than almost every other brand in the industry. Our unique method of producing fire glass reduces the amount of fine glass powder created during the more-popular tumbling process. By reducing fine glass powder, this method positively affects the performance of your burner and brings out the brilliance of your fire glass. Our glass crystals will last a lifetime without burning, melting, emitting toxic fumes or discoloring.

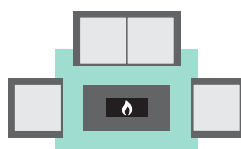

SELECTING FOR AN OUTDOOR CONVERSATION SPACE

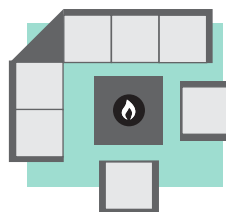

Conversation sets create the feeling of a living room outdoors. Below are a few popular configurations.

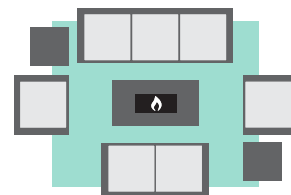

5-PIECE DINING SET:
Seats four.
Four dining chairs
and a 54" dining fire table.
Ideal rug size: 9 ft

4-PIECE CONVERSATION SET:
Seats four.
Loveseat, two chat chairs
and a coffee fire pit.
Ideal rug size: 5 ft x 7 ft

6-PIECE CONVERSATION SET:
Seats seven.
Left arm chat chair, armless sofa,
right arm loveseat, two chat chairs,
corner table and a coffee fire pit.
Ideal rug size: 8 ft x 10 ft

7-PIECE CONVERSATION SET:
Seats seven.
Two chat chairs, Sofa, Loveseat
and a coffee fire pit.
Ideal rug size: 9 ft x 12 ft

LET'S BUILD A FIRE TABLE

Homecrest has made selecting top colors and frame finishes for your fire table easy! Simply follow the steps below to create a look that suits you.

1. PICK A FIRE TABLE COLLECTION
(ex. Timber | Valero Base)

2. SELECT A FIRE TABLE HEIGHT
(ex. Chat)

3. CHOOSE A FIRE TABLE TOP SIZE AND SHAPE
(ex. 42" Round)

4. PICK A FIRE TABLE BASE COLOR
(ex. Carbon)

Note: Duo-Tone option is available for Valero bases only (select a frame color and a side panel color).

5. SELECT A FIRE TABLE TOP COLOR
(ex. Char)

Note: Duo-Tone option is available for Mode fire pits only (select a base color and a top color).

6. CHOOSE YOUR REFLECTIVE FIRE JEWELRY AND OPTIONAL ACCESSORIES
(ex. Platinum)

Note: Your choice of one or two colors. Nova base fire pits only allow one color selection.

WHY YOU'LL LOVE OUR HOSPITALITY

Homecrest Outdoor Living has been manufacturing in America since 1953, and as a pioneer in the outdoor furniture category we have a proud heritage of innovations and 'industry firsts'. All of our furniture is designed, engineered and produced within our facilities in Minnesota, with an unparalleled attention to true manufacturing craftsmanship that has been a hallmark of our brand. This approach to production control and detail ensures the highest-quality products, service and lead-time commitments; and our products are backed by industry-leading warranties.

We invite you to explore our collections catalog and see our portfolio of distinctive furniture for outdoor spaces. Our designs and collections range from modern to traditional aesthetics to suit any outdoor space. And our pieces can be customized in thousands of different fabric and finish options, tailored to your specifications.

- Made in the USA
- Industry-leading warranties
- Custom furniture and quick lead-times
- Commercial quality and hospitality style

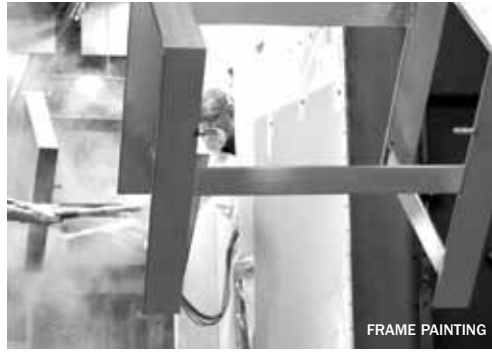

Many of our collections are equally suited to commercial applications and residential spaces where scale, stackability and care-free maintenance are top priorities. Homecrest's industry-leading powder-coated paint processes and top-quality materials ensure that the furniture looks showroom-worthy year-round. Surprisingly comfortable, even without a cushion, these ergonomically designed frames stand up to extreme weather, stack for convenient storage and security and wipe down with a cloth for the optimum in low-maintenance outdoor living, even when in rigorous use.

MARKET APPLICATIONS

Our broad outdoor furniture product offering is perfect for residential and commercial applications. We provide stylish and durable outdoor furniture for multi-family properties, hotels, restaurants, entertainment and education sectors, along with business, industry and sport complexes.

COMMERCIAL QUALITY OUTDOOR FURNITURE

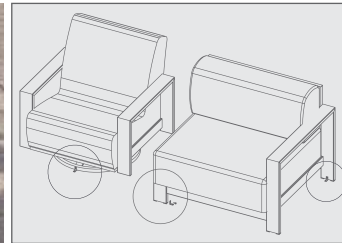

Our collections feature durable frame finishes, high-quality raw materials and components, stackability and customization.

CLEANING PROCESS FOR ADDED DURABILITY
Our domestic sourced aluminum and steel product go through an extensive cleaning process that ensures raw materials are free from any foreign debris. It also prepares the surface for durable paint adhesion. Our durable, polyester, powder-coated frame finishes are baked on and cured to provide the utmost paint adhesion and durability.

FLOOR GLIDES FOR EASY MOVEMENT
All floor glides protect the frame and reduce any scratching of the finish when moving the piece across a surface. Floor glides are a polycarbonate construction and are tested to 50,000 abrasion strokes. Floor glides are field-replaceable.

FURNITURE SECURE BRACKET KIT
Homecrest offers a "Secure Bracket Kit" (406980HP) that is a discrete powder-coated bracket that works with most Homecrest lounge seating and table collections to ensure that they remain in place and are not able to be moved.

CUSTOM FRAME & LASER-CUT MATERIALS
Homecrest uses custom-designed, domestic aluminum extrusions and steel tubing, manufactured to our stringent specifications for strength and durability. Our aluminum extrusions all have internal wall reinforcements for additional durability. Select Homecrest metal collections feature laser-cut designs and mesh baskets that offer a great sit and look. Custom laser etching is available, along with mesh embossing. Contact Homecrest contract division for more information.

DINING, CAFÉ, BALCONY & BAR FURNITURE

Homecrest offers a variety of seating heights for several types of market applications ranging from lounging to dining, café, balcony and bar. It is important to note the desired seating height when selecting tables or pairing with existing tables or seating.

DINING SEATING & TABLE COLLECTIONS
Dining seating pieces have an average seat height of 17.5" and are commonly used in casual outdoor seating areas. Most dining collections have both stationary and motion pieces. Be sure to select dining heights for both the table, which has a 27.5" average height, and the seating collection to ensure proper fit.

CAFÉ SEATING & TABLE COLLECTIONS
Café seating pieces have an average seat height of 19" and are commonly used in restaurants, bars and other active seating venues. Most café collections are stackable and available with and without arms. Be sure to select café heights for both the table, which has a 30" average height, and the seating collection to ensure proper fit.

BALCONY SEATING & TABLE COLLECTIONS
Balcony seating pieces have an average seat height of 24" and are commonly referred to as counter height. Balcony swivel rockers have an average seat height of 20.5". Most balcony collections are available in sling and metal, with and without arms. Be sure to select balcony heights for both the table, which has a 34" average height, and the seating collection to ensure proper fit.

BAR SEATING & TABLE COLLECTIONS
Bar seating pieces have an average seat height of 29" and are commonly used in restaurants, bars and other active seating venues. Most bar collections are available with and without arms. Be sure to select bar heights for both the table, which has a 40" average height, and the seating collection to ensure proper fit.

Note: All Grace Cushion armless, left arm and right arm skus are not standalone pieces.

Available in: C Cushion

COLLECTION WATCH

Grace cushion has coordinating sling pieces on pages 42 and 43.

TAKE NOTICE

If you would like your cushion widths to match when creating a modular configuration, pair the chat chair with the loveseat and the club chair with the sofa.

Note: A solid color fabric selection is required for the back of each unit, with the cushion being the same color or a coordinating pattern. See pages 142 and 144 for Outdura® and Sunbrella® options. Solid color fabrics that have a woven texture or color direction will run the opposite direction on the back frame slip cover of all Grace pieces. Upcharge applies if back fabric grade is higher than the cushion fabric grade. See price list for upgrade pricing.

PRODUCT FEATURE

Grace is constructed with 4" heavy wall aluminum extrusion arms and 10" foam core inserts that are wrapped in moisture-resistant ticking. The back is engineered with a multimedia cushion for added comfort. To achieve the ultimate in comfort, the club chair, sofa and loveseat feature low side arm pillows, constructed in the same fabric as the cushion.

HARBOR

SLING & PADDED | ALUMINUM

Harbor features gently curved arms and our double layer sling. Harbor is one our "Designed for Weight" collections, making it ideal for windy conditions. Made with both aluminum and steel. Aluminum is used for the arms and base to provide a low-maintenance and less corrosive material for those high-wear components. Our "Designed for Weight" collections use powder-coated, solid-steel internal side rails and cross bars for added weight.

STELLA

SLING & PADDED | ALUMINUM

Stella features elegantly sloped arms and our double layer sling. Stella is one our "Designed for Weight" collections, making it ideal for windy conditions. Made with both aluminum and steel. Aluminum is used for the arms and base to provide a low-maintenance and less corrosive material for those high-wear components. Our "Designed for Weight" collections use powder-coated, solid-steel internal side rails and cross bars for added weight.

SUTTON CUSHION

LUXE OUTDOOR CUSHION | ALUMINUM

Plush, all-weather back and seat cushions, plus strong lines and oversized frames are just the beginning of the story that describes Homecrest's Sutton cushion collection. Creating an outdoor living room is easy with Sutton's bold shapes. Gently sloping backs promote restful lounging while Homecrest's plush cushions hug your body with softness and support. From every angle, the innovative design of the Sutton collection strikes a modern pose.

Contemporary and minimalist styling makes the Wynn collection the preferred option for all café and hospitality seating that requires the durability and quality of steel outdoor furniture. This stackable seating collection is available in café, balcony and bar heights. Like all Homecrest products, the Wynn collection is made in the USA and available in all Homecrest frame finishes to coordinate into your space.

PRODUCT FEATURE

The Wynn café chair stacks 4-6 chairs high! A removable protective spacer is installed for stacking.

Homecrest CONTRACT TIP

Pair your contract chair with Homecrest's Mesh tables (see page 137). Our Mesh tables are available in café and bar heights and available in all Homecrest frame finishes (see page 148). This low-maintenance table is ideal for year-round enjoyment.

TAKE NOTICE

My café chairs pair with Homecrest café tables shown on pages 82-137.

***Note:** When ordering multi-pack, quantity of one equals two pieces, as denoted in model #-x.

BREEZE ALUMINUM

Enjoy the beauty of the outdoors with Homecrest's stunning Breeze collection. The attractive and functional Breeze tables and fire tables feature an all-aluminum construction and are well suited for both dining and deep seating applications. Whether by the dock or on your patio, Breeze combines style and function to create a fresh look in any outdoor space.

Note: Use our lift kit (KIT175) to raise the 37XX series base on all Breeze dining tables an additional 1.75" in height, changing the table height from 27.5" (dining height) to 29.25" (café height).

MODE ALUMINUM

Add an element of sophistication to your outdoor space with Homecrest's Mode collection! With clean lines and contemporary inspiration, Mode sets the new standard in casual chic. Mode features a floating aluminum rectangular top and a sleek appearance that brings an elegant style to your outdoor space. Customize your Mode table, and select from a wide variety of heights and sizes to complement your outdoor seating. The aluminum top panels that float over the base frame are available in all frame finishes. Duo-Tone your Mode table or fire pit by selecting one color for the top panels and a coordinating color for the base.

SANDSTONE TABLES NATURAL SERIES

Homecrest's Sandstone tops give your outdoor space a solid foundation. The inspiration for this natural-looking top comes from the Southwestern quarries of the United States. Full of beautiful, rough-hewn detail, Sandstone tops offer years of low-maintenance and architecturally pleasing outdoor enjoyment. With its flawlessly natural look, this durable top will provide the perfect finishing touch for any outdoor furniture set.

SHADOW ROCK FIRE TABLES NATURAL SERIES

Homecrest's elegant Shadow Rock fire tables provide a modern look and perfect complement to any outdoor furniture set. With its beautiful, distinct texture and natural colors, the Shadow Rock fire table creates a stunning centerpiece for your outdoor area and provides a laid-back atmosphere of relaxation and conversation. Available in several heights, top sizes and finishes, Shadow Rock features top-quality, American-made components that will withstand weather and can be used season after season.

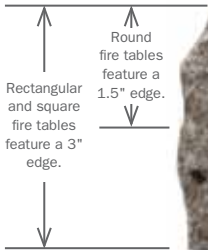

AVAILABLE TOP COLORS

71 - PEBBLE

74 - BOULDER

72 - MIDNIGHT

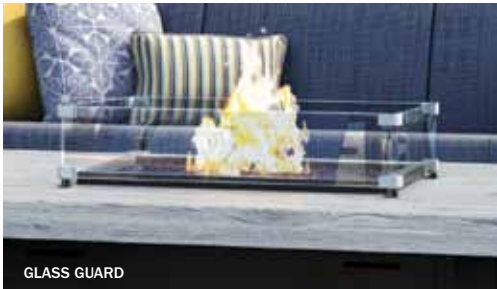

Note: Each top is individually handcrafted and will vary in color. Colors are representations, refer to an actual sample.
For table options including: occasional, dining, café, balcony and bar options check out pages 98-101.

PRODUCT FEATURE

Every Homecrest fire table features easy propane access, a removable key valve for flame control, and a standard burner riser to keep the table surface cool. We also offer glass guards, which are recommended for use in windy conditions to contain the flame.

FIRE PITS | AURORA BASE & ACCESSORIES

Features a 3" natural edge profile.

Note: Each fire table comes standard with a 12" x 24" rectangular 60,000 BTU stainless steel black powder-coated burner, external key valve, match-throw ignition, natural gas orifice, 20 lbs of fire jewelry (select one or two colors) and a black 3/4" fire burner riser.

SLATE TABLES NATURAL SERIES

A welcome addition to any outdoor space, Homecrest's Slate tops features a rustic elegance that could only be inspired by nature. Cast from the pattern and texture of natural slate and produced using industry-leading technology, Homecrest Slate tops are as beautifully authentic in appearance as they are tough and durable. These tops are a favorite on decks and patios across the country and mix seamlessly with pieces from our seating collections.

SLATE FIRE TABLES NATURAL SERIES

A welcome addition to any outdoor space, Homecrest's Slate fire table top features a rustic elegance that could only be inspired by nature. Cast from the pattern and texture of natural slate and produced using industry-leading technology, Homecrest Slate fire table tops are as beautifully authentic in appearance as they are tough and durable. These tops are a favorite on decks and patios across the country and mix seamlessly with pieces from our seating collections.

AVAILABLE TOP COLORS

Note: Each top is individually handcrafted and will vary in color. Colors are representations, refer to an actual sample.
For table options including: occasional, dining, café, balcony and bar options check out pages 106-109.

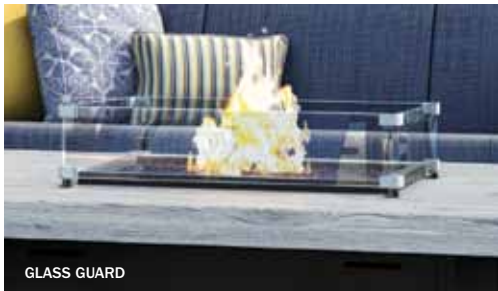

PRODUCT FEATURE

Every Homecrest fire table features easy propane access, a removable key valve for flame control, and a standard burner riser to keep the table surface cool. We also offer glass guards, which are recommended for use in windy conditions to contain the flame.

REMOVABLE KEY VALVE

STONEGATE FIRE TABLES NATURAL SERIES

Featuring the dramatic beauty of natural rock, our popular Stonegate fire tables combine traditional elements with modern finishes for style and durability. Designed to withstand the elements and available in many shapes and heights, Stonegate fire table tops will create a retreat in your backyard. Its clean simplicity and straight-edge finish give Stonegate a trendy appearance and allow it to adapt to a wide range of design applications, whether traditional, contemporary, residential or commercial.

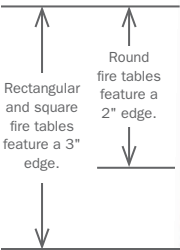

AVAILABLE TOP COLORS

71 - PEBBLE

74 - BOULDER

72 - MIDNIGHT

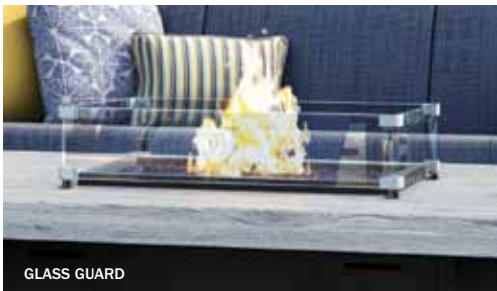

Note: Each top is individually handcrafted and will vary in color. Colors are representations, refer to an actual sample. For table options including: occasional, dining, café, balcony and bar options check out pages 114-117.

PRODUCT FEATURE

Every Homecrest fire table features easy propane access, a removable key valve for flame control, and a standard burner riser to keep the table surface cool. We also offer glass guards, which are recommended for use in windy conditions to contain the flame.

FIRE PITS | AURORA BASE & ACCESSORIES Features a 3" straight edge profile.

Note: Each fire table comes standard with a 12" x 24" rectangular 60,000 BTU black burner, external key valve, 20 lbs of fire jewelry (select one or two colors) and a black 3/4" fire burner riser.

TIMBER TABLES NATURAL SERIES

Cast from beautiful reclaimed wood tables, our popular Timber collection is on-trend and timeless. Using the same technology we use in all Natural Series tops, we are able to achieve a look that is marvelously realistic while retaining the outstanding outdoor performance characteristics you expect from Homecrest. Available in a variety of authentic colors that coordinate with your outdoor living space.

AVAILABLE TOP COLORS

1.75" STRAIGHT EDGE PROFILE
SHOWN IN SEQUOIA

Note: Each top is individually handcrafted and will vary in color. Colors are representations, refer to an actual sample.
For fire table options including: coffee, chat, dining and balcony options check out pages 126-127.

SIDE, END & ADJUSTABLE TABLES

Note: If top and base model #'s are present, use BOTH numbers when ordering. If only one model # is present, it's a complete unit. Features a 1.75" straight edge profile.

Designer Tip: Pair deep seating pieces with these Timber tables.

Note: The height listed is the height of the complete table. Heights may vary by up to 1/4".

PRODUCT FEATURE

Homecrest's Maddox and Eden planks are manufactured from high quality recycled HDPE (High Density Polyethylene) to create long-lasting recycled plastic lumber. HDPE is a low-maintenance, environmentally-friendly product and features a textured surface that doesn't rot or splinter, doesn't require paint or stain and is resistant to termites, fungus, salt and oils. Maddox and Eden are available in three color ways, with color consistency throughout the cross section.

COLLECTION WATCH

View additional Allure sling pieces on pages 26 and 27.

EDEN HDPE | ALUMINUM

Eden's warmly functional seating, sparked by Swedish simplicity, clean lines and flawless craftsmanship. Constructed with HDPE materials, Eden is a slatted teak inspired top and an aluminum base that is available in all of Homecrest's textured powder-coated finishes. Available in café, balcony and bar heights, the modern appearance of the Eden collection bears the essence of cool sophistication, and the welcoming warmth of comfort you expect from your Homecrest outdoor furniture.

BENCHES

MADDOX HDPE | ALUMINUM

Modern lines pair with classic teak inspired construction for relaxed yet sophisticated outdoor living. Our Maddox collection is constructed with HDPE material and builds on the look of natural beauty of plantation-grown teak, with wide slats and a sleek silhouette. So enhance your outdoor entertaining area with this popular seating choice. Your guests will love the style and comfort of a café height and you'll appreciate the size and color choices.

PRODUCT FEATURE

The dimensions between the legs on the end of the Maddox tables are shown on the right. Homecrest's Maddox and Eden planks are manufactured from high quality recycled HDPE (High Density Polyethylene) to create long-lasting recycled plastic lumber. HDPE is a low-maintenance, environmentally-friendly product and features a textured surface that doesn't rot or splinter, doesn't require paint or stain and is resistant to termites, fungus, salt and oils. Maddox and Eden are available in three color ways, with color consistency throughout the cross section.

Note: See page 148 for available frame finishes.

CAMDEN CAST ALUMINUM

Discover open-air serenity with Homecrest's Camden Cast aluminum table collection. Camden Cast is offered in a variety of table sizes and heights, ranging from dining to balcony heights. Select from one of Homecrest's many frame finishes and match your Camden Cast table with our large selection of dining chairs and balcony stools.

TABLE TOP DESIGN

AQUATEX

← **TOP CONSTRUCTION**
Our Aquatex glass has a slight ripple pattern and is quite obscure. It is 3/16" thick and is tempered. Tempered glass is about four times stronger than 'ordinary' or annealed glass.

PRODUCT FEATURE

Homecrest glass tables come with a clear vinyl umbrella hole plug and metal grommet. Refer to the product specifications to confirm that your table comes with or without a hole.

Note: See page 148 for available frame finishes.

PRODUCT FEATURE

Dockside is available in Duo-Tone. The base is available in a single frame finish or with contrasting inset center slats. When selecting the contrasting option, list the frame color first followed by the slat color. If a second color is not listed, the Dockside table will be painted in the single color.

Homecrest Dockside tables come with a coordinated metal umbrella hole plug. Refer to the product specifications to confirm that your table comes with or without a hole.

***Note:** The standard Homecrest sling dining and swivel rocker chairs do not fit on the ends of the 32" x 62" tables. See page 148 for available frame finishes.

HOMECREST FABRICS

SENSATION & OTHER SLINGABLE FABRICS

Homecrest offers over 20 collections in our casual outdoor furniture line. Our collections reflect a variety of styles, including deep seating, dining and café. Whether you're relaxing on your patio, celebrating with friends or just enjoying the outdoors, Homecrest furniture will satisfy design tastes from coast to coast.

Sensation fabrics, offered exclusively by Homecrest, are unique in the outdoor furniture industry. They combine the strength and UV-stability of PVC fibers with the comfort and outstanding memory of elastomeric yarns. Combine this with our proprietary double layer, ergonomically contoured sling technology, and you get arguably the most comfortable outdoor sling chair on the market.

They undergo exhaustive testing for wear, memory and UV-stability, to exceptional results. Our Sensation fabrics have been out in the field for more than ten years, and customers who purchased Sensation furniture more than a decade ago currently report that their Homecrest chairs continue to have the same stretch, memory and color fastness as they did when they purchased them.

For all of the excellent technical properties, what really makes Sensation fabrics stand out at retail is the incomparable comfort. We offer several pattern and color options for use on all sling dining and sling deep seating collections that will build on the success of more than ten years of use and enjoyment by consumers across the country. If Sensation fabrics are new to you, be sure to take an opportunity to sit in a Sensation chair — you'll never look at sling furniture the same way again.

For design ideas and inspiration, visit our website. To help you visualize and customize your chair or fire table, use our Interactive Design Center at design.homecrest.com. Here you'll have the opportunity to 1) Pick your frame 2) Choose your finish 3) Select your fabric and 4) View, print and buy.

Five-Year Double Layer Sling Warranty

Homecrest Outdoor Living is excited to announce another industry first: the new five-year residential warranty on the celebrated Homecrest double layer sling. Homecrest's patented sling and padded sling designs have been the industry's most comfortable and durable sling products for decades, and customers can now enjoy the longest consumer warranty protection of any sling or padded sling on the market. Our five-year residential warranty applies to all new Homecrest chairs sold with a double layer sling or padded sling design, including Grace Air and Elements Air products that feature our double layer sling technology.

SUNBRELLA® FABRICS

In addition to the Homecrest sling selections, the Sunbrella stock line is available for new orders and replacement cushions.

- Colors stay strong and vibrant in sun exposure and can be cleaned with bleach.
- Fabrics are soft, durable and create an inviting decorative option.
- Jacquards, stripes and solid-color textures can create a dramatic effect for your outdoor space.

Note: Sunbrella® Action, Blends, Canvas, Cast, Dupione, Echo, Heritage, Hybrid, Linen, Sailcloth, Shadow and Spectrum are the only available back fabric options for Grace. To view images of the Sunbrella stock fabrics, refer to www.homecrest.com/sunbrella.

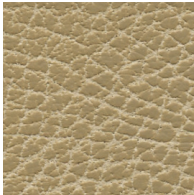

ULTRALEATHER® FABRICS

The Ultraleather outdoor collection is available on our cushion and padded sling seating options. For the padded leather seating option, we recommend selecting a coordinating solid sling welt and back for a seamless look (i.e. Polar leather and Glacier welt and back).

SEATING OPTION & FABRIC SELECTION GUIDE

SS Sensation Sling & Sling | Our patented Air seating option utilizes a sling, giving it the look of a cushion in a sling, and is featured on our Air collections. There is no insert or fill material, and it is based on an empty box design. This cushionless design uses our exclusive Sensation fabrics for unmatched comfort and support. Sensation fabrics are also available on all collections that have a sling seating option. **Note:** *The Elements Air and Grace Air collections feature Homecrest's patented double layer sling (five-year residential warranty).*

S Sling | The Homecrest-pioneered sling is constructed of double layers for unmatched comfort and support. Our durable outdoor sling is available in a variety of outdoor fabrics and is easily replaced. Minimal maintenance and comfortable design continues to make the Homecrest sling a #1 choice from coast to coast. When selecting a Homecrest sling seating option (except for Allure), you will need to select a welt or binding color. Welting will match the frame finish unless an alternate is selected. Slings utilize the same fabric on the front and back for an attractive look. All double layer slings carry a five-year residential warranty.

PS Padded Sling | Our padded sling seating option features a triple layer sling with slight padding for added comfort. This attractive chair with distinctive silhouette stitching gives you not only a comfortable sit, but is also a stylish addition to your backyard or patio. The padded sling seating option expands your fabric options to include cushion or acrylic fabrics in addition to our slingable fabrics. Like the sling seating option, when selecting the padded sling seating option, you will need to select a welt or binding color. Welting will match the frame finish unless an alternate is selected. Padded slings will have the same front and same back if selecting a fabric that is available in both sling and padded sling. However, if you select a fabric that is available as a padded sling and NOT as a sling, you will need to select a sling fabric for the back that says it is available as a sling seating option.

C Cushion | Our durable cushions provide additional comfort in a fast-paced world (the cushion seating option includes UltraCore™, DreamCore™, Luxe Outdoor, dining cushions, removable cushions and padded seats). Homecrest cushions are extremely comfortable and water-resistant. To learn more about our cushion construction, visit pages 12 and 13.

W Welt | Welting or binding will match the frame finish unless an alternate is selected.

HOW TO READ A HOMECREST FABRIC LABEL & MAKE ORDERING EASY...

When choosing a fabric for the product selected, seating options coding will confirm the availability. Please indicate the fabric grade and follow the “ordering process” instructions for that fabric. For additional help with ordering, visit pages 8 and 9.

ORDERING PROCESS:

- ✓ - Select fabric (same front/back)
- ✓ - Sling and Padded Sling: Select welt color (welt will match frame finish unless an alternate is selected)

Denotes what seating option the fabric is available on.

Ordering Process:

Sling (Yes):

- Select fabric (same front/same back)
- Select welt color (welt will match frame finish unless an alternate is selected)

Sling (Yes) and Padded Sling (Yes):

- Select fabric (same front/same back)
- Select welt color (welt will match frame finish unless an alternate is selected)

Cushion (Yes):

- Select fabric (same front/same back)

FRAME FINISHES

All Homecrest outdoor furniture is completely coated with a textured powder-coat finish. Known as an industry leader for our state-of-the-art paint line, our eco-friendly finishing department uses modern powder-coat frame finish colors on all of our furniture frames, tables and bases. With Homecrest's experience and technology, your outdoor space will endure the seasons, year after year.

H: 33.75" W: 18.5" D: 18.5"

35 GALLON
92002 - Painted Steel
H: 33.75" W: 18.5" D: 18.5"

RECYCLING LID
92003 - Black Plastic

PRODUCT FEATURE

Each trash receptacle comes standard with a black, plastic lid that features a 20" opening, an anchor kit and a cable that secures the lid during windy conditions. The protective vinyl coating on the base ring prevents finish damage. A recycling lid with two openings for bottles/cans is available. The 92002 trash receptacle is available in any Homecrest frame finish. See page 148 for frame finish options.

LAZY SUSANS

Note: Lazy susans can be purposed as a fire burner cover. Be sure to specify the top or frame finish color when ordering the metal lazy susan and the color name when ordering the Stonegate lazy susans.

Replace. Revive. Re-love.

REPLACEMENT SLINGS, CUSHIONS & PARTS

Whether you're looking for slings, cushions, pillows, paints or parts, with Homecrest Outdoor Living's exclusive replacement program, you can easily revitalize your existing Homecrest outdoor patio furniture. Replacements for our outdoor furniture are available in both current and discontinued products. Many of our classic outdoor furniture collections are still available today, including our vintage wire frame collections.

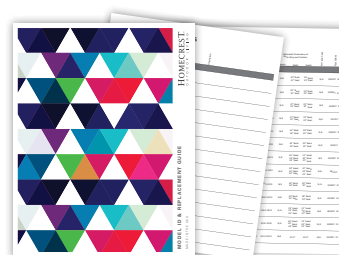

Need Help Identifying a Product?

Homecrest has made it easy to determine which collection your product is a part of. Here are three tools to help you with the identification of your product:

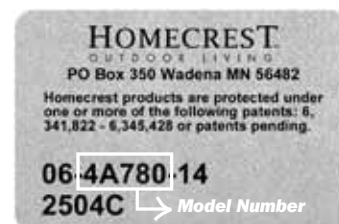

The **Catalog Archive**, found at homecrest.com/catalog-archive, is an invaluable tool for identifying replacements for resilient Homecrest outdoor patio furniture by allowing you to look through past catalogs. With the model number identified, use the Model Identification Guide to direct you to the replacement number needed.

The **Model Identification Guide**, found at homecrest.com/replacements, allows you to search (Ctrl-F) by model number, collection name, year of purchase and product type (i.e. glider, swivel rocker, etc). Once you have found your product, refer to the "Replacement #" column to find the replacement number you need to use when placing an order. **Note:** Replacement arm and floor glides are also listed.

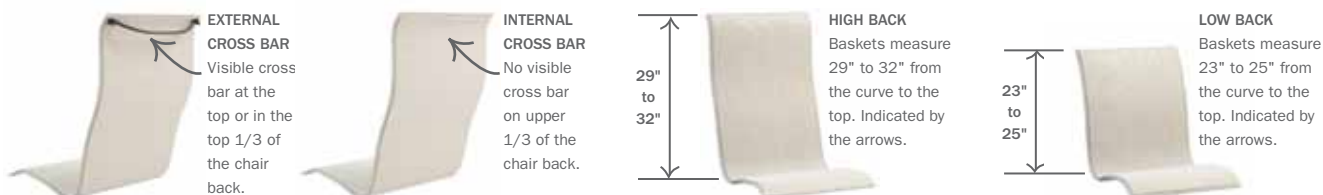

Products manufactured after 1998 have a **manufacturing decal**, which is located on the product's metal frame. On the manufacturing decal, there is a set of digits. The first two digits indicate the week of the year the product was produced, the next set of digits represent the product's model number and the last two digits are the year the product was produced. With the model number identified, use the Model Identification Guide to direct you to the replacement number needed.

How to Determine Your Sling or Padded Sling Basket

The majority of replacement baskets are low back and high back sling chairs that Homecrest has produced over the years. These chairs utilize four different replacement slings. Here is a quick way to identify replacements needed for these four types of chairs.

- Determine if your chair has an external or internal cross bar and if your chair is a high back sling or a low back sling.

- Select your sling style. **Note:** A sling replacement tool is included with each order.

How to Determine the Fabric You Need

Reference swatch labels or the fabric index in both the catalog and price list to identify fabrics that are available for your type of replacement. You can view an example of the fabric label on page 147.

SEATING OPTIONS LEGEND:

Assembly of Replacements

There are several "how-to's" and videos available at www.homecrest.com/replacements that will assist you with the assembly of your slings and padded slings.

dc

Need help visualizing these options? Visit the Interactive Design Center at design.homecrest.com to create the look that fits your style! **Note:** Colors are representations, please refer to an actual sample.

CELEBRATING 65 YEARS...

From early ottomans to the original swivel rocker to one of today's leading outdoor furniture manufacturers, the Homecrest brand has been an industry favorite since 1953. Homecrest combines a rich history of quality and classic design with today's demand for affordable luxury and versatile living. Over the years, Homecrest's focus has broadened to encompass the increasing demands of sophisticated, style-driven consumers seeking to complement their homes' interior designs and create a seamless flow between indoor and outdoor living spaces.

#25 CHAIR

KINGSTON

EDINA

CRICKET

HOLLY HILL

1953

Homecrest begins in the back warehouse of a furniture store making a Hassock ottoman.

1956

Homecrest patents a swivel rocker mechanism and introduces it on an indoor chair, which brings growth to the company.

1960

Enters the outdoor casual market with a wire frame café chair.

1962

Introduces the well-known models like the 36 and 90 chairs.

1966

Homecrest's growth inspires a variety of both indoor and outdoor collection designs.

1971

Vinyl strap is a growing category bringing new color and style. The growing wire frame collection Edina, in the popular Holly Hill fabric pattern, is widely retailed across the country.

1983

Homecrest introduces the double layer sling, which provides unsurpassed comfort. The double layer sling is unique to the industry and is still in use today.

1985

Homecrest retires the wire collection, yet continues to offer replacement cushions and slings today for most collections, including vintage wire.

1988

Homecrest adds the padded sling option to the growing list of collections.

1991

The introduction of the Holly Hill cushion collection allows Homecrest to offer a wider variety of low maintenance aluminum pieces to fit the needs of a growing market.

Since 1953

AFFINITY

2000

Homecrest moves into a new state-of-the-art manufacturing facility, which remains home today. All products continue to be proudly engineered and manufactured in the USA.

2001

Homecrest receives the Manufacturer Leadership Award for the fifth time.

PALISADE

2002

Homecrest takes the comfort of the double layer sling to the next level with the use of Sensation stretchable fabrics. Another industry first.

2004

The Holly Hill sling collection is named a Consumer Best Buy.

2009

Homecrest introduces the industry's first swivel rocker balcony stool.

BELLAIRE

2011

The innovative Airo², a cushionless deep seating group, is introduced to the industry. Airo² offers the comfort of a cushion with the easy care of a sling.

2013

Taking inspiration from Homecrest's 1960s B99 chair, Homecrest launches the Bellaire collection.

2015

It was an exciting new product launch year at Homecrest with fashion-forward styles that continue to speak comfort. A few introductions include Grace deep seating Grace sling and over 100 fire table combinations.

ELEMENTS AIR

2016

The nostalgia of a long-time Homecrest customer favorite prompted Homecrest to introduce the Liberty Barrel Chair.

2017

Homecrest introduces Elements Air and Grace Air. This newly expanded category brings the most revolutionary seating collections to hit the outdoor furniture market in years. The new Air design builds on the Airo² collection and the popular and proven double layer bag sling design Homecrest is well-known for.

ALLURE

2018

This year marks Homecrest's 65th anniversary, and they continue to design and manufacture product in Wadena, Minnesota. Homecrest introduces the five-year warranty on all double layer slings. Homecrest launched three new sling collections that are designed for weight and unveils two new cushion collections: Allure and Sutton.

2019

Homecrest introduces new HDPE and aluminum mixed material collections, Eden and Maddox.

Made in the USA

HOMECREST LIMITED WARRANTIES

Product must be registered at www.myhomecrest.com to activate warranty.

Homecrest Outdoor Living, LLC (Homecrest) is devoted to providing the consumer with industry leading comfort and quality. With over 65 years of experience in manufacturing outdoor furniture, we are widely known for our comfort, quality and style. Our suppliers, manufacturing team and sales personnel are devoted to making your experience with our products an enjoyable one.

Homecrest's Residential Limited Warranties apply to Homecrest products used in a residential setting only. Homecrest's Commercial Limited Warranties apply to Homecrest products used in a commercial setting only. All warranty periods are based on the original purchaser's date of purchase, and are not transferable. Our warranties apply only to products shipped from the factory after January 1, 2008 (product codes ending in -08 or later). The purchaser must comply with the required warranty registration as explained. There is no warranty in existence if there is failure to register. Product must be registered at www.myhomecrest.com within 60 days of purchase for warranty to be activated. A copy of the original sales receipt and the product code must be submitted with all warranty claims (photos may also be required). Any repair of the Product undertaken without prior written authorization from Homecrest will void this warranty. Warranty for any refinished or replaced product shall be only for the remainder of the warranty period applicable to the original product.

THESE LIMITED WARRANTIES ARE IN LIEU OF ALL OTHER EXPRESS OR IMPLIED WARRANTIES AND EXPRESS THE SOLE AND EXCLUSIVE LIABILITY OF HOMECREST EXCEPT AS EXPRESSLY STATED HEREIN, THERE ARE NO OTHER WARRANTIES OR GUARANTEES ORAL OR WRITTEN EXPRESS OR IMPLIED FROM ANY COURSE OF DEALING OR USAGE OF TRADE AND ALL SUCH IMPLIED WARRANTIES, INCLUDING ANY WARRANTIES OF MERCHANTABILITY OR FITNESS FOR INTENDED PURPOSE ARE EXPRESSLY DISCLAIMED. THESE LIMITED WARRANTIES MAY NOT BE MODIFIED, EXTENDED OR ENLARGED BY ANY REPRESENTATIVE OF HOMECREST OR INTERMEDIATE SALES ASSOCIATE OR AGENT.

These warranties give you specific legal rights. You may also have other rights which may vary from state to state. Some states do not allow the exclusion or limitation of incidental or consequential damages so the above limitations or exclusions may not apply to you.

WHAT OUR WARRANTIES COVER

Aluminum and Steel Frames (structural failures) and HDPE surfaces | 15 years residential and 5 years commercial | Aluminum and steel frames are covered from structural failures for 15 years from date of purchase in a residential setting and five years in a commercial setting. HDPE surfaces (table tops and benches) are covered from significant warpage and structural failures for 15 years from date of purchase in a residential setting and five years in a commercial setting. If the frame or HDPE surface fails, or HDPE surface significantly warps, during the 15 years in a residential setting and five years in a commercial setting under normal usage, and is not the result of abuse or an act of God, Homecrest will repair or replace the frame, or the HDPE component, at the manufacturer's discretion. If replacement is required, and your original frame or HDPE surface is no longer manufactured, we will replace it with a similar product. Homecrest will pay the warranty freight if within the first year in the Continental United States. Return of product will not be accepted without prior written approval.

Painted Surfaces (peeling, flaking, or blistering) | 5 years residential and commercial | Painted frame surfaces are covered against peeling, flaking or blistering for a period of five years for both residential and commercial settings. If the painted surface peels, flakes, or blisters and the furniture has been maintained per the recommended care and maintenance instructions, Homecrest will repair or replace the frame at the manufacturer's discretion. If replacement is required, and your original product is no longer manufactured, we will replace with a similar product. Homecrest will pay the warranty freight if within the first year in the Continental United States. Return of product will not be accepted without prior written approval.

Double Layer Slings and Padded Slings | 5 years residential and 2 years commercial | The fabrics used on our double layer slings and padded slings are warranted against tearing, discoloration, or excessive fading for five years in a residential setting and two years in a commercial setting when maintained per the recommended care and maintenance instructions. In the event a replacement is required, Homecrest will replace the double layer sling or padded sling with the same, or comparable, fabric based on manufacturer's discretion (installation labor not included). Homecrest will pay the warranty freight if within the first year in the Continental United States. Return of product will not be accepted without prior written approval. Double layer slings and padded slings residential five-year and commercial two-year warranties are valid on product purchased after March 1, 2017. Product purchased prior to March 1, 2017, but after January 1, 2008 carry a two-year warranty from date of purchase.

Solid Surface Table Tops | 3 years residential and 1 year commercial | Solid surface table tops (i.e. Natural Series table tops) are warranted against structural failures, finish cracks and blisters for three years when used in a residential setting and one year in a commercial setting. Failure to properly maintain the table top, or store it properly during inclement weather, will void the warranty. If the table top (other than glass) fails, or the finish cracks or blisters during the warranty period, we will repair, refinish or replace the top. Homecrest will pay the warranty freight if within the first year in the Continental United States. Return of product will not be accepted without prior written approval.

Note: For product care and maintenance instructions, please visit www.homecrest.com/FAQ.

Vinyl Straps | 3 years residential and 1 year commercial | Vinyl strapping is warranted from discoloration or breakage for three years in a residential setting and one year in a commercial setting. In the unlikely event that the strap significantly discolors or breaks, Homecrest will supply replacement strap (installation labor not included). Glider bearing hangers are warranted for three years against failure in a residential setting and one year in a commercial setting. In the unlikely event a bearing hanger fails, Homecrest will supply a replacement hanger (installation labor not included).

Woven | 3 years residential and 1 year commercial | Homecrest Woven products are covered against fading, cracking and structural failure for three years in a residential setting and one year in a commercial setting. In the event a replacement is required, Homecrest will replace the woven basket or side panel (installation labor not included). If replacement is required, and your original product is no longer available, we will replace it with a similar product based on manufacturer's discretion (installation labor not included). Homecrest will pay the warranty freight if within the first year in the Continental United States. Return of product will not be accepted without prior written approval.

Single Layer Slings, Cushions, and Umbrella Canopies | 2 years residential and 1 year commercial | The fabrics used on our cushions, single layer slings, Airo² and umbrella canopies are warranted against tearing, discoloration or excessive fading for two years in a residential setting and one year in a commercial setting when maintained per the recommended care and maintenance instructions. In the event replacement is required, Homecrest will replace the cushion, single layer sling or umbrella canopy with the same (if available) or comparable fabric based on manufacturers discretion (installation labor not included). Homecrest will pay the warranty freight if within the first year in the Continental United States. Return of product will not be accepted without prior written approval. Airo² is a single layer sling.

Fire Table Burners | 2 years residential and 1 year commercial | Crystal fire burners (24" round and 12" x 24") are warranted to be free from defects in material and workmanship for a period of two years from the date of purchase in a residential setting and one year in a commercial setting. The warranty is limited to the replacement or repair of defective components or workmanship. Homecrest will pay the warranty freight if within the first year in the Continental United States. Return of product will not be accepted without prior written approval. If replacement is required, and your original product is no longer available, we will replace it with a similar product.

Miscellaneous Items | 1 year residential and commercial | The warranty of the finish on coiled steel spring rocker mechanisms, plastic parts, flex plates, glides, swivel inserts, metal umbrellas, cord and umbrella base is warranted for one year in a residential and commercial setting from the date of purchase when maintained per the recommended care and maintenance instructions. Homecrest will repair or replace the product at the manufacturer's discretion. Homecrest will pay the warranty freight if within the first year in the Continental United States. Return of product will not be accepted without prior written approval. If replacement is required, and your original product is no longer available, we will replace with a similar product.

Replacement Program | 1 year residential and commercial | All purchased slings, cushions and parts, etc. bought online through www.homecrest.com or through a retailer carry a one-year warranty from date of purchase.

WHAT OUR WARRANTIES DO NOT COVER

These Limited Warranties are restricted to failures resulting only from normal usage and natural weathering and will not cover damage or failure of product attributable to:

- Acts of God, falling objects, fire, explosions, external forces or any similar physical damage.
- Failure caused by misuse or lack of appropriate care and maintenance of the products. Refer to the care and maintenance instructions.
- Damage caused by caustic chemicals and/or power washers.
- Products shipped from the previous factory prior to 1/1/2008.
- Glass and acrylic table tops.
- Vinyl furniture covers.
- Showroom samples and factory outlet purchases.
- Normal fading of fabrics, straps and painted surfaces.
- Bursting and cracking of tubing and extrusion caused by exposure to moisture and freezing temperatures.
- Return freight after one year.
- Salt water exposure – due to the demands of salt air, weekly cleaning and quarterly waxing of painted surfaces must be maintained to prevent finish blisters and corrosion. Failure to carefully follow our care and maintenance instructions will void the warranty.

CLAIMS PROCEDURE

In the event that a warranty claim file needs to be opened, contact your local Homecrest retailer to facilitate the process. If a local retailer is not available, you may also contact Homecrest via our website by going to www.myhomecrest.com. Warranty for any refinished or replaced product shall be only for the remainder of the warranty period applicable to the original product. During the warranty process, you may be required to either return the defective merchandise or provide proof of destruction. Working through your local retailer is highly recommended, when possible. Many of our retailers can fix and/or handle issues immediately, saving you both time and expense in the warranty process.

FREIGHT

All Homecrest furniture is delivered to the carrier in factory new condition. Claims for damage or losses that occur during shipping must be noted at the time of delivery and filed with Homecrest. Send written notice of the claimed condition to:

Homecrest Outdoor Living, LLC, 1250 Homecrest Avenue, Wadena, MN 56482.

5^{years} DOUBLE LAYER SLING WARRANTY

Homecrest Outdoor Living offers a five-year residential warranty on the celebrated Homecrest double layer sling. Homecrest's patented double layer sling and padded sling designs have been the industry's most comfortable and durable sling products for decades, and customers can now enjoy the longest consumer warranty protection of any sling or padded sling on the market.

MADE IN THE USA

With its made-in-America quality and comfort, its design, innovation and incomparable styling, fabric and finish options, Homecrest outdoor furniture is proud to be an iconic American brand that continues to be designed, engineered and manufactured right here in the USA.
