HOUSE OF TROY

2022 Supplement

HOUSE OF TROY

Tucked into the northern Vermont hills, just down the road from the picturesque ski village of Stowe, House of Troy has been producing classic lighting since the mid 1940's. Though off the beaten path and far from the spotlights of the big cities, our reputation burns brightly. For nearly eighty years, House of Troy has offered lighting known for its craftsmanship and quality.

We began as metal workers, making products to illuminate fine art work. Over the years we expanded our line to include floor lamps, table lamps and wall lamps. We design our products around a light source creating fine task lamps which suit a need.

In 2013 we purchased Scatchard Stoneware and opened our pottery in Hyde Park, Vermont. Using a high fire reduction process and proprietary glazes, we now offer decorative lamps with beautiful deep finishes that will stand the test of time.
