### To Our Loyal Frog Partners,

We can't thank you all enough for helping us achieve yet another year of growth in this great business we are building together. Since launching our furniture line in 2000, we have continued a steady path of growth, year over year, by remaining true to our core values. In fact, we are so committed to our values, that in 2019, we started a new program called 5F. Everything we do inside and outside the walls of Frog Furnishings, is done with these values in mind. Fast, Focus, Family, Future, and Fiscal are the words that drive every one of our valued employees, day in and day out, to bring you the best experience possible.

So, what do these words mean to us and how are we showcasing them throughout our organization?

**Fast:** We work quickly to deliver solutions and products faster than anyone in our industry.

**Focus:** We concentrate at the task at hand and work hard to things right the first time.

**Family:** Our employees are our family and our customers are an extension of that family. We believe in the Golden Rule! "Treat Others as You Want to be Treated."

**Future:** We anticipate trends, opportunities, and risks. We implement new ideas and products today that will positively impact generations to come.

**Fiscal:** We make financially sound decisions in the best interest of the customer, our employees, the business, and the owners.

We believe with these 5 words at the forefront of our minds, we will deliver quality products, quickly, and backed by exceptional service, all while helping you achieve your financial goals as a business. As we enter our 20th year of building beautiful outdoor furniture, we look back in thanks for all you've done to help us get to where we are, and we look forward to serving you for many years to come.

Best Regards,

Nick J. Paradise  
General Manager

We use a minimum of 30% recycled content that is 100% post-consumer HDPE, in our products

### At Frog, we believe in 5 guiding values:

**Fast:** We work quickly to deliver solutions and products faster than anyone in our industry.

**Focus:** We concentrate at the task at hand and work hard to things right the first time.

**Family:** Our employees are our family and our customers are an extension of that family. We believe in the Golden Rule! "Treat Others as You Want to be Treated."

**Future:** We anticipate trends, opportunities, and risks. We implement new ideas and products today that will positively impact generations to come.

**Fiscal:** We make financially sound decisions in the best interest of the customer, our employees, the business, and the owners.

# Why is Frog Furnishings Leaping the Competition?

## INDUSTRY LEADING QUALITY :

Our state of the art manufacturing processes, careful attention to detail and unique engineering expertise are the reasons why our material is of exceptional quality.

## COMPETITIVE PRICING :

Frog continues to lead the market in highest margins available to its distributors with pricing the competition cannot beat.

## 2 DAY SHIPPING :

Stock products ship in 2 days or less while our competition can take several weeks or months to ship your order. We turn your orders into dollars, FAST!

## BRAND DISTRIBUTION :

Frog Furnishings sells all products exclusively through distribution. We promote, advertise and actively market our products through partnership participation. Distributors are our lifeline to the end user and we stand behind them 365 days a year. Frog only sells through authorized Distributors.

## EXCEPTIONAL SERVICE SINCE 1973 :

Frog has provided world class customer service and sales support which continues to create loyal and long term distributor relationships.

## GREEN INITIATIVE :

Frog's plastic Resinwood and recycled plastic bases help reduce plastics that end up in landfills. Our products also help fight deforestation.

# What's in a name?

Jayhawk Plastics Inc. has been manufacturing plastic and steel products and parts since 1973 and decided in 2013 to create a new brand name for our Outdoor Furniture division. We wanted to bring a brand to life that encompassed those things that matter most to our company. Frog Furnishings became the result of hard work and dedication by our marketing team to embody the fun energy we share at Jayhawk and our commitment to manufacturing quality plastic and steel site furnishings.

## Benefits of Frog's Recycled Plastic

1. **Materials :** Using recycled plastic in our products reduces landfill usage. Our Resinwood slats use a minimum of 30% recycled materials made from 100% post-consumer HDPE. Our recycled plastic bases also help fight deforestation.
2. **Maintenance-Free :** Frog's recycled plastic material does not need to be sealed, painted or stained and cannot rot. Our proprietary coloring process seals in color and is uniform throughout the material with the introduction of our unique UV Protection Phase and ensures the beauty of the plastic well beyond wood, metal or expanded steel. Our products are designed to be placed in service and left alone. Maintenance departments love the ease of recycled plastics!  
*Note: product coloring and various non-plastic materials are not made of recycled materials*
3. **Vandal Resistant :** Paint will not bond to the surface and can be easily removed with sand paper or automotive paint thinner.
4. **The Future :** Recycled plastic products are becoming the way of the future. Today's demand for recycled plastic site furnishings is on the rise while furnishings made of traditional materials like wood, metal and expanded steel are on the decline. Adding Frog Furnishings to your park, business or project lets your community know you are providing a durable product that helps fight deforestation.

# Mounting Options

Many of Frog's site furnishings are sturdy enough to be placed in service without using an in-ground or surface mount. However, all of our products are designed with easy mounting in mind.

## 1. In-Ground J-Bolt (PB 1999)

Frog's in-ground mounting kit is simple and effective. Simply attach our solid steel J-Bolts to the bottom of the recycled plastic base, and set the base in concrete, quickcrete or dirt. The J-Bolt's shape makes it impossible to pull out, and the below ground mount is guaranteed to last.

There are 4 in each box.

## 2. Surface L-Bracket (PB 1008)

Frog's surface mounting kits utilize a unique Poly-L bracket, which is pound for pound as strong as steel. Our Poly-L brackets are recommended for all products with recycled plastic bases. Standard lag screws, Tap-Cons, or rebar can be used to secure the Poly-L bracket to any surface.

There are 2 in each box.

## 3. Surface U-Bracket (PB 1998)

Our standard U-Brackets are recommended for surface mounting our galvanized frame picnic tables and other items with irregular shaped bases. The galvanized U-Bracket will not rust, and is made to last. The kit includes four brackets as well eight screws and one concrete drill bit.

## 4. In-Ground T-Mount (PB 1997)

Our round trash receptacles can be mounted into the ground with our recycled plastic T-Mount. This heavy duty and maintenance free option allows for the receptacle to sit slightly above the ground.

## 5. Surface Wedge Anchor (RMO 6020)

The 3/8" concrete wedge anchor is used to secure metal frames to concrete surfaces. This type of mount kit is excellent for deterring theft or movement of products. Kit includes 4 anchors.

## 6. Surface Elite Bolt (PB 1008JAY)

The Elite Bolt surface mount kit allows any product made with the Elite Series base to be secured to a concrete surface. A concrete drill bit is included as well as a drill bit for the plastic base and all necessary hardware for securing the base to the surface.

## 7. Surface Post Mount (PB 1995)

The Surface Post mount can be used to secure any 4x4 post to a hard surface, such as concrete. The heavy duty black steel mount can be bolted to the surface and the 4x4 post can be secured by screwing through the holes in the mount into the recycled plastic post.

# Resinwood™

Frog’s recycled plastic Resinwood is made from a minimum of 30% recycled content made with 100% post-consumer HDPE. Our Resinwood contains no fillers, such as sawdust, which are used by many manufacturers to cut costs. Our material is solid all the way through and contains no holes or voids, which can decrease the strength of the product.

Our UV stabilizers protect against sun-fading, ensuring the plastic lumber will last for years to come. Custom colors, profiles and lengths are available for quantity orders.

# CUSTOM-MADE

## CUSTOM SIZES

Being the manufacturer, we are in the unique position to create custom sizes for many of our products. Extra long benches are often requested for playing fields. Custom length tables are perfect for large shelters. Let us know if you have a special request and we'll do our best to service you.

## CUSTOM COLORS

We are able to offer color matching if requested by a customer. This is a great chance for businesses looking to carry branding through their establishment to offer our products in the colors they use. Schools and universities can put on a display of school pride with our vast color selection and custom color options. Quantity orders are generally expected for custom color requests.

## CUSTOM ENGRAVING

Custom engraving provides the perfect chance for customers to broadcast any message they want. This is ideal for memorial and donor bench programs and is very popular with schools and universities. Any logo or artwork saved as a digital file in a vectorized format can be engraved into our plastic. Engraving may add 1-3 weeks to shipping times. As a general rule of thumb, you can fit 28 characters on a 4ft board, 38 characters on a 6ft board and 48 characters on an 8ft board, although this can vary by product.

## CUSTOM DESIGN

Have a specific design in mind? Work with one of our sales team members to get your idea into a CAD program and see it come to life. Or let one of our designers give you a few unique designs to choose from. Once a design is chosen and finalized, production can begin immediately. Usually, lead times for custom designs are 6 – 10 weeks. Custom designs are generally only entertained for unique, large scale projects. They can be the perfect way for schools and businesses to make a strong statement about their identity.

# TESTIMONIALS

## SATISFIED DISTRIBUTOR

"I am extremely pleased with your products and so are my clients. They are extremely durable, yet stylish at the same time. Working with Frog is always a great experience. Your sales and customer service staff are great!"

—Jamee, Frog Distributor

## DESERT PROOF

"I purchased several benches and tables for a break area for my employees. We were replacing other plastic and wooden furniture that faded and broke down in the Las Vegas sun. The benches and picnic tables look great years later. They clean easily and have stood up to the elements in the Nevada desert."

—Captain USAF, Nellis AFB, Las Vegas, NV

## LET IT SNOW

"After months of snow piling up on our outdoor break table, we uncovered a perfectly level and unscathed picnic table. I can't believe the table was able to withstand a load of snow that measured 70" high."

—Dennis, Minnesota

## THE GIFT THAT KEEPS GIVING

"I bought this bench as a gift for my kid's school and had a plaque made for it and it looked awesome. The bench design is attractive and it's comfortable, easy to clean, simple to put together, weather proof and well constructed."

—Linda, Westwood, MA
