

JAMES MARTIN VANITIES

JAMES MARTIN VANITIES
DALLAS TEXAS

James Martin Vanities' corporate offices are located in Dallas, Texas.

We celebrated opening a new To-The-Trade Showroom in early 2014.
This showroom, located on the Dallas Design Districts' famed "Slocum Street" is open for product review; Monday through Friday, operating from 9:00 a.m. until 6:00 p.m.

James Martin maintains offices throughout the U.S. with key personnel located in Mississippi, Washington, California, Illinois and Texas.

Please visit our new Showroom in Dallas during a Dallas Market or contact your representative about visiting our showroom at your convenience.

You may also view our latest introductions during the annual KBIS Show, each January.

James Martin is a proud supporter and member or industry partner of NKBA, AIA, ASID and the NAHB.

JAMES MARTIN HOSPITALITY

Our dedicated hospitality division focuses on supplying custom curated client experiences.

We have been servicing the commercial & hospitality Industry for over 10 years, using the latest innovations in construction and features. James Martin provides clients with freedom to control specifications and function of items to fulfill project requirements to the highest level. We pride ourselves on our range of ever evolving materials and color palettes in combination with premium craftsmanship.

378-V72D-OAE

We are forward thinking regarding innovations in construction and technology.
Currently we of incorporate electrical and USB outlets in our best selling cabinet series and we will continue to explore and test new advancements. Connected "Smart Home" technology will quickly expand into commercial spaces and we have the tools to help you create exceptional projects. Our commercial cabinet construction uses sustainable & renewable materials such as North American hardwoods, innovative engineered veneers, formaldehyde-free adhesives and low VOC polyurethane coatings. Our emphasis on engineering, testing and craftsmanship creates excellent results and beautiful pieces to accentuate your space.

212-V59D-GW

James Martin has access to a remarkable variety of surfaces for your project: quartz, natural marble, granite and quartzite, as well as acrylic solid surface materials. Colors, materials and textures can be sourced to fit each client's individual project needs. Quality countertop materials enhance the beauty of the cabinetry and add value through low maintenance performance during the project's lifetime. Our partnership with Cosentino allows us offer their full range of quartz collections. We carry ready-made countertop inventory in five colors of Silestone. Three of these in-stock colors feature NBOOST technology which creates greater depth of color and shine, as well as superior stain resistance.

James Martin's versatility makes us a worthwhile option. Our capabilities go well beyond cabinetry and countertops. We have assisted clients with common rooms, lobbies and grand meetings spaces. Our relationship with other FF&E suppliers allows us to help craft more focused project planning. From lighting to faucets and basins, our partners may have just the right pieces.

Whether specified with simple, sleek contemporary forms or designs with strong angles echoing mid-century modern, we would welcome the opportunity to partner with you and create visually enticing spaces.

388-V72D-AGR-A

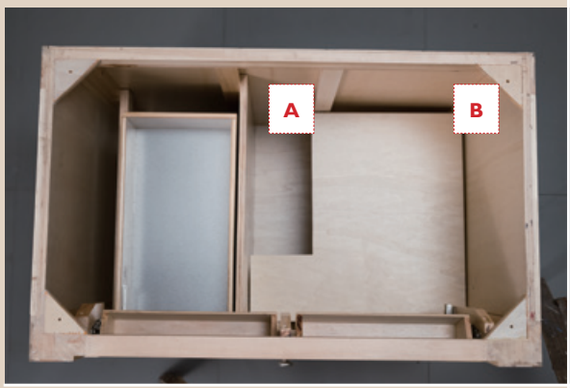

PREMIUM CABINET CONSTRUCTION

All James Martin cabinets are constructed with kiln-dried hardwood solids and hardwood plywood faced with Maple or Birch veneers.

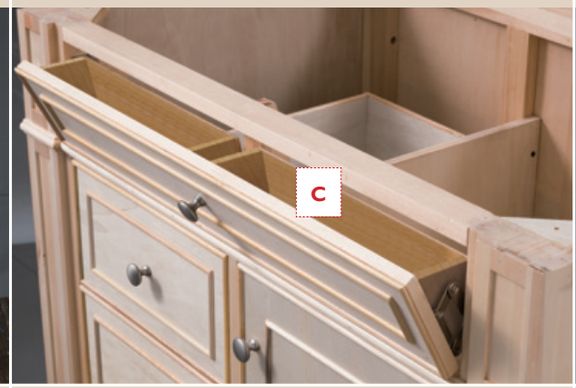

Our cabinets conform to all TSCA Title VI and CARB 2 standards and certifications.

A Vertical supports are used for strength and to help distribute the weight of countertops.

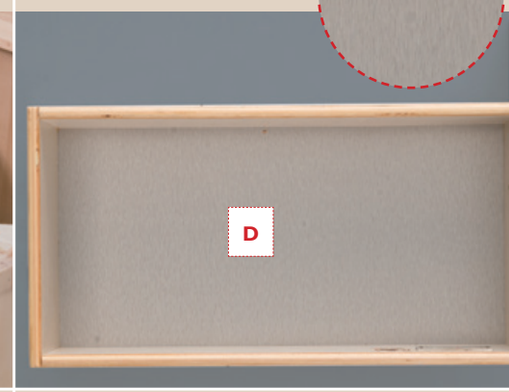

B Corner Brackets (Gussets) reinforce strength of the cabinet corners and also help distribute countertop weight. These brackets (also called braces) are secured with both wood glue and wood screws.

C Where space allows, many James Martin cabinets feature top row "tip out" Bamboo drawers for handy storage of small items. The containers are removable for easy cleaning.

D Our drawer bottoms feature brushed aluminum finish laminate for worry free storage of liquids, easy cleaning and a simple, modern aesthetic.

G Interior shelves are both adjustable (and removable), and pre-cut with channels to allow for plumbing drain pipes and access to water shut-off controls.

H Shelves are made from 1/2 inch (13mm) thick multi-layered plywood faced with stain-grade Birch or Maple veneers.

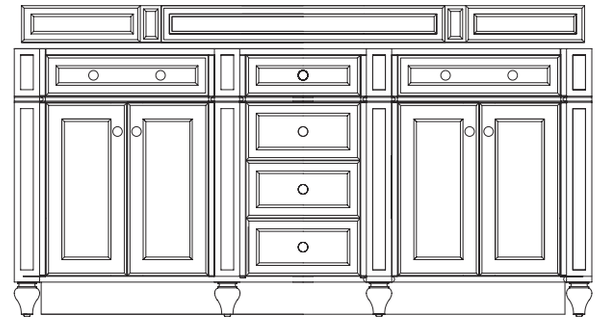

I In James Martin cabinets with narrow drawer boxes (which allow for undermount sink placement and pipes), we use panels to improve the visual appeal of the vanity and to prevent dust from settling inside the cabinets.

J James Martin cabinets (with the exception of our 206 and 207 series), feature full-extension and 3/4 extension, soft-close, undermount drawer slides. These slides have quick-release clips for easy removal of drawers.

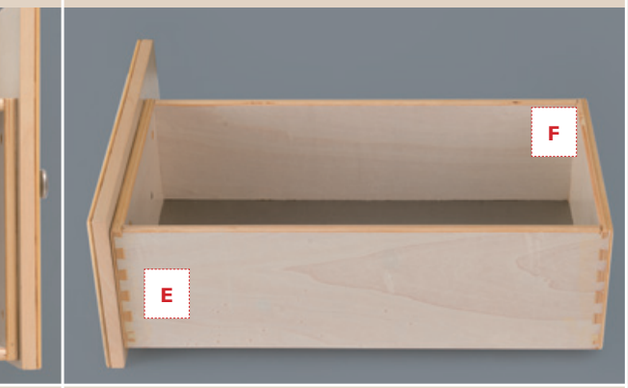

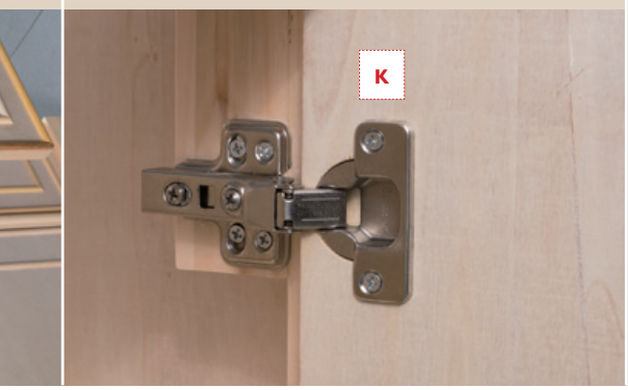

E All James Martin cabinets have drawer boxes crafted with classic English dovetail joinery. This type of strong joint has long been considered a hallmark of quality construction.

F Drawer box sides are constructed using either 13mm thickness plywood or 15mm solid White Poplar.

K James Martin Cabinets feature soft-close door hinges, (except in instances where interior construction or the design style requires the use of traditional barrel hinges). These soft-close hinges have dual adjustments (up & down / forward & backward) top allow for alignment adjustments after the cabinets are installed.

L Many of our *Transitional* and *Old World* style cabinets feature decorative wooden backsplashes. These are included with the cabinets, so you need not order an optional James Martin countertop to receive one.

M All James Martin cabinets ship with full back panels. Since many of our cabinets are available without countertops (you may create your own custom design) our clients have requested we not pre-cut the panels, as the final plumbing locations are variable.

N All cabinet interiors and exteriors are sealed with moisture and UV resistant finishes.

O Cabinet bottoms are made from 1/2 inch (13mm) thick multi-layered plywood faced with stain-grade Birch or Maple veneers.

P Cabinet sides are made from 1/2 inch (13mm) thick multi-layered plywood faced with stain-grade Birch or Maple veneers.

SILESTONE by COSENTINO

James Martin Vanities is proud to announce our partnership with Silestone Quartz.

Silestone is a division of the Cosentino Group, a global family-owned company which produces and distributes high value innovative surfaces for architecture and design.

With the involvement of its customers and partners, this leading company imagines and anticipates design solutions which bring value and inspiration to people's lives. This goal is made possible by pioneering brands which are leaders in their respective segments such as **Silestone®**, Dekton®, and Sensa by Cosentino®. Technologically advanced surfaces which allow create unique spaces and designs for the home and public spaces.

The Cosentino Group currently distributes its products and brands in more than 80 countries, from its headquarters in Almeria (Spain). Cosentino is present in 32 countries, with its own facilities in 29 of them.

Silestone® by Cosentino, world leading brand for quartz surfaces, is a material made of 90% natural quartz. Silestone® surfaces are highly stain, impact and scratch resistant as well as having a low liquid absorption rate.
This material also features exclusive bacteriostatic properties for determined colors, numerous guarantees and certifications, and is supplied with the high level of service, quality and responsibility which is shared by all Cosentino Group products.

Silestone® is manufactured in over 90 colors, three textures and various formats making it very versatile; it can even be applied in large, joint-free pieces. It is the perfect material for use in a great many applications in kitchens and bathrooms as well as for laboratories, hospitals, hotels, restaurants and other professional uses.

In 2017, **Silestone®** once again showcased its leadership in the quartz surface industry, presenting the innovative technology **N-Boost.**

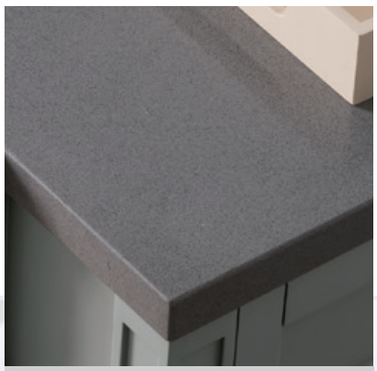

N-Boost modifies the surface of the material at a molecular level, thus enhancing further still the excellent technical and aesthetic features of the material. This innovative development, whose patent is owned by Cosentino, facilitates the easier cleaning and maintenance of **Silestone®** countertops.
N-Boost also achieves a greater intensity of color and increases the level of surface brightness.

N-Boost has initially been launched with the Eternal and Iconic collections. **James Martin Vanities** has selected three N-Boost colors for our stocking program of 3cm thickness countertops: ***Charcoal Soapstone*** (Eternal), ***Pearl Jasmine*** (Eternal) ***and Iconic Black*** (Iconic).

In addition to these three colors, we have added ***Classic White*** (Mythology) and ***Grey Expo*** (Mythology), to round out our offerings of neutral colors from brightest white to deepest black.

Charcoal Soapstone has a finish called Suede; a matte texture with a soft touch and high color consistency.

Classic White, Grey Expo, Pearl Jasmine and Iconic Black are offered by James Martin with a classic Polished Finish.

Premium solid surface sinks

James Martin has introduced premium sinks specifically made for our 3cm Silestone quartz countertops.

These rectangular undermount sinks are crafted from pure acrylic solid surface and features four colors curated to coordinate with our five standard colors of Silestone quartz.

These solid surface sinks are rated for both residential and commercial use and carry certifications from UPC, ANSI, CB-PVS OCPS , CSA and IAPMO.

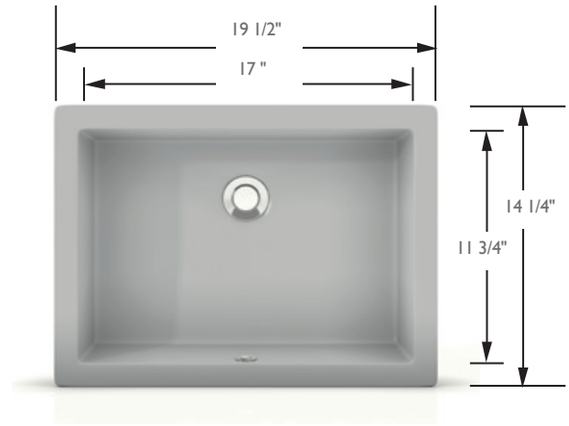

Acrylic solid surface materials are prized for the superior resistance to staining, fire and mildew. Our solid surface sinks are also resistant to fading and discoloration from ultraviolet sources.

Pictured on the right, are James Martin's four sink colors:
Bright White, Dark Gray, Dove Gray and Natural Concrete.
All sinks are offered with a polished finish for easy cleanup and maintenance and overflow drains for safety and convenience.

When paired with our Silestone countertops, these classically colored sinks allow you to thoroughly craft your bathroom's personality.

Whether your style is boldly basic to mid century modern to coastal cottage, these premium sinks provide the finishing touch.

BAINBRIDGE

368 SERIES

Modern Simplicity

Our Bainbridge series is derived from our best selling collection;
Mercer Island.
This series features repeating rectangular shapes for a pure, simple silhouette.

Interior space is abundant with a combinations of drawers and door options
based on the width of the cabinet,
(Width choices: 36" 48" 59" 72")

Cabinets are constructed with premium hardwood plywood cores
with solid wood braces and brackets.
Bainbridge features innovative exterior veneers comprised of woods
from multiple post-use and new sources,
commonly referred to as engineered woods.

Engineered wood veneers are comprised of reclaimed and cast-off woods,
as well as new wood from rapidly growing, renewable species.

In addition to the merits of its inherent green story, customers
enjoy the consistency of pattern, wood grain and color.

Bainbridge cabinets use a veneer we call Tribeca Oak.
The linear grain and natural color compliment the cabinet's clean lines.

Softly arched, brushed nickel finish drawer pulls complete the look.

Two premium features include a component with electrical and USB outlets
and a solid bamboo drawer organizer.

Bainbridge also features a custom sized solid surface countertops
with integrated basins.

These countertops are offered in two colors: Bright White with a soft matte & glossy finish
and Dark Gray with a glossy finish.

BRISBANE

516 SERIES

Modern Campaign

Brisbane was designed to lend a modern flair to the traditional Campaign style cabinets.

Hints of the Directoire style are present in the reeded front doors and drawers, and the tapered legs present a clean profile.

Cabinets are crafted from North American Birch Hardwood.

Interior space is ample, with three row drawers concealed behind the sliding top row drawers and shelves behind the lower sliding doors.

Premium feature is an electrical and USB outlet located in a custom designed shelf behind the right-hand, lower door.

Offered in a generously sized 72" width.
Finish color available: Bright White.

Brisbane 30" Mirror
516-M30-BW

BRISTOL

157 SERIES

Functional Fashion

The Bristol Collection marries personality with function.
This series was designed for maximum storage space and maximum ease of use.
Directly behind the square "tulip" legs, we have crafted a full plinth base, also known as a toe kick or pedestal base.

This wraparound base allows for quick clean ups, so it is perfect for high traffic use bathrooms.

Bristol cabinets are constructed from kiln-dried Poplar & Mahogany hardwood solids and Poplar & American Walnut veneers, and are offered in three neutral, but far from boring colors: Cottage White, Whitewashed Walnut and Vintage Vanilla

Find the perfect vanity size to fit your bathroom as this series has five cabinet sizes and configurations. From a smaller 30" width, up to a full-size 72" cabinet with dual sinks.

Simple brushed nickel finish knobs compliment the beautiful finishes, and coordinating wooden backsplashes complete the custom appearance of the cabinets.

You also have a choice of two sizes of mirrors to complete the room.

BRITTANY

650 SERIES

Our most popular collection.

Brittany was designed to merge Traditional and Transitional tastes.

The tapered legs are a nod to the past, but the overall lack of ornamentation suggests a modern aesthetic.

Interior space and storage are ample, including our top row "tip out" drawers which utilize the space in front of the sink.

Cabinets are crafted from kiln-dried North American Birch and White Poplar hardwoods.

This Brittany series available in seven widths of cabinet and in five finishes;

Black Onyx / Burnished Mahogany / Cottage White / Urban Gray / Victory Blue

Grand Portal 43" Mirror
914-M43-PLN
Plated Nickel Finish
43 1/2"Dia x 3 1/2"D

Brittany 46" Single Vanity
650-V46-VBL
Victory Blue Finish
46 5/8"W x 23"D x 32 5/8"H
Top shown: Iconic Black Countertop,
(Special Order Only.)

CHICAGO

305 SERIES

The Chicago series is an updated take on Mid-Century Modern.

Clean lines and ample storage make these vanities a welcome addition to your bathroom.
Hand-crafted from Mahogany hardwoods and North American Walnut veneers, the Chicago series features a whitewashed walnut finish to compliment today's interiors.

The simple, modern drawer and door knobs are finished in a soft brushed satin silver color. This series also features premium soft-close drawer glides and door hinges. The cabinets ship with Brushed Nickel finished metal legs for standard installation.

The Chicago cabinets may also be wall mounted for a "floating" vanity look. Heavy-duty brackets for wall mounting are included with the cabinet.

You may view our instructional videos for installation on our website: www.JamesMartinVanities.com

This series looks particularly striking with our Quartz / Solid Surface tops with rectangular basins.

COLUMBIA
&
MERCER ISLAND
388 / 389 SERIES

Basic Bold

The design of our Columbia and Mercer Island series place an emphasis on clean lines and simple sculpted hardware.

Interior space is versatile with a combinations of drawers and door options based on the width of the cabinet, (Width choices: 36" 48" 59" 72")

Cabinets are constructed with premium hardwood plywood cores with solid wood braces and brackets.

Both series offer four finish colors. North American White Oak is used for colors: Coffee Oak & Latte Oak, while the Glossy White color is applied over Birch and Poplar veneers. An innovative new color: Ash Gray is created with a veneer derived from multiple post-use and new sources, commonly referred to engineered woods.

Engineered wood veneers are comprised of reclaimed and cast-off woods, as well as new wood from rapidly growing, renewable species. In addition to the merits of its inherent green story, customers enjoy the consistency of pattern, wood grain and color.

Two premium features include a component with electrical and USB outlets and a solid bamboo drawer organizer.

Columbia & Mercer Island also features a custom sized solid surface countertops with integrated basins.

These countertops are offered in two colors: Bright White with a soft matte & glossy finish and Dark Gray with a glossy finish.

Columbia has a striking metal base with storage shelves, while Mercer Island is a wall mounted, floating cabinet.

The standard metal finish is Brushed Nickel with an option for a premium Brushed Gold color and Dark Gray with a glossy finish.

COPPER COVE
&
COPPER COVE ENCORE
300 & 301 SERIES

Scandinavian Simplicity

Copper Cove and its versatile Encore sister series cater to all daily needs.

These collections feature simple silhouettes with a hint of Gustavian style.

Interior space is abundant with a combination of drawers and/or door options based on the width of the cabinet,

Designed for use in many spaces, the Copper Cove Encore has an optional, modular 26" width drawer unit designed to connect multiple cabinets.

Standard side mounted towel bars add to the collection's versatility.

The original 300 Copper Cove series is available in a soft rustic finish named Driftwood Patina, and has two cabinet widths: 26" and 48"

The 301 Copper Cove Encore series has three colors and three cabinet widths: 30" 48" and 72" plus the 26" modular drawer unit.

Oiled pewter finish knobs complete the look.

The 48" and 72" cabinets feature a component with electrical and USB outlets and a solid bamboo drawer organizer.

Our 300 and 301 series cabinets are designed for use with all James Martin designed optional countertops.

DE SOTO

825 SERIES

Maximum Versatility

De Soto was designed to fulfill a wide range of tasks.

Storage and convenience are foremost in this collection.
De Soto provides ample storage in each of the
six available widths and configurations.

Cabinets are crafted from North American Birch hardwoods
and veneers.

Interior space is generous, even in the smallest size.
Low maintenance is provided with the full plinth base
located behind the rounded bracket feet.

Premium features include an electrical and USB outlet
and beautiful
faux-shagreen drawer organizers.

Also available are optional
22" modular "make-up" counters, so you can connect vanities
and create a grand bathroom.

Offered in three finish colors:
Bright White, Burnished Mahogany and Silver Gray.

LINEAR
&
LINEAGE

210 & 212 SERIES

Mid Century Modern

Linear and Lineage series marry simplicity with style.

These collections feature strong horizontal bands which bring an updated style to the Scandinavian influences of mid century modern design.

Interior space is abundant with a combinations of door and drawer options based on the width of the cabinet,

The Linear 210 series has three cabinet widths:
36" 59" and 72"
The wider cabinets: 59" and 72"
features a component with electrical and USB outlets
and a faux shagreen drawer organizer.

The Lineage 212 series is available exclusively in a 59" width.
This cabinet also features
a component with electrical and USB outlets
and a faux shagreen drawer organizer.

Both series are available in three finish colors:
Glossy White, Mid Century Walnut and Whitewashed Walnut

Cabinets are constructed with premium hardwood plywood cores with solid wood braces and brackets.
The Glossy White cabinet exterior is made from solid Poplar, while exteriors of both walnut color finishes (WLT and WWW) are crafted from solid American Walnut.

The 210 and 212 series also features a custom sized solid surface countertops with integrated basins.

These countertops are offered in two colors:
Bright White with a soft matte & glossy finish
and Dark Gray with a glossy finish.

MALIBU

500 SERIES

Step back in time with the Malibu Collection.

These cabinets were inspired by the California Mission style of the 1820s and 1830s.
The apothecary style of the vanities provide your bathroom with a rugged, yet charming look.

The oversize rustic iron and Alder hardware create the focal point for this collection.

With a distressed, Honey color finish, the Malibu Collection is a versatile fit for a variety of bathroom styles.
Whether you are looking for storage space or upscale aesthetics, this collection has it all.

With primitive simplicity, the Malibu Collection updates your bathroom to a relaxing retreat.

The vanity cabinets and coordinating round mirrors are crafted of North American, kiln-dried Birch hardwood veneers and solids.

Cabinets are offered in three widths and are complimented by two sizes of mirrors.

MERCERISLAND & COLUMBIA

389 / 388 SERIES

Basic Bold

The design of our Columbia and Mercer Island series place an emphasis on clean lines and simple sculpted hardware.

Interior space is versatile with a combinations of drawers and door options based on the width of the cabinet, (Width choices: 36" 48" 59" 72")

Cabinets are constructed with premium hardwood plywood cores with solid wood braces and brackets.

Both series offer four finish colors. North American White Oak is used for colors: Coffee Oak & Latte Oak, while the Glossy White color is applied over Birch and Poplar veneers. An innovative new color: Ash Gray is created with a veneer derived from multiple post-use and new sources, commonly referred to as engineered woods.

Engineered wood veneers are comprised of reclaimed and cast-off woods, as well as new wood from rapidly growing, renewable species. In addition to the merits of its inherent green story, customers enjoy the consistency of pattern, wood grain and color.

Two premium features include a component with electrical and USB outlets and a solid bamboo drawer organizer.

Columbia & Mercer Island also features custom sized solid surface countertops with integrated basins.

These countertops are offered in two colors: Bright White with a soft matte & glossy finish and Dark Gray with a glossy finish.

Columbia has a striking metal base with storage shelves, while Mercer Island is a wall mounted, floating cabinet.

The standard metal finish is Brushed Nickel with an option for a premium Brushed Gold color.

METROPOLITAN

850 SERIES

Sleek and Simple.

Minimal modern style is featured in our Metropolitan Series.

Clean lines and ample storage make these vanities a welcome addition to your bathroom.
Hand-crafted from North American Birch hardwoods,
This series features two different veneers catering to different lifestyles.
Mid-century modern enthusiasts may prefer our American Walnut and Silver Oak has burnished gray tones to compliment todays neutral interiors.
The sleek drawer and door pulls are finished in a soft brushed satin silver color.

The Metropolitan cabinets arrive in your home with Brushed Nickel finished metal legs for standard installation.
However, these cabinets may also be wall mounted, for a “floating” vanity look.
Heavy-duty brackets for wall mounting are included with the cabinet.

OASIS

378 SERIES

Modern Geometry

Basic Bold

Welcome to Oasis,
James Martin's signature vanity.

Bold circular shapes lend this cabinet statement piece status.

Cabinets are constructed with premium hardwood plywood cores
with solid wood braces and brackets.

Oasis is offered in two finish colors.
The most striking color is achieved using Natural Zebrano Wood veneers,
while the slightly more subtle Olive Ash Eclipse uses Eucalyptus Burl veneers.

Paired with these 72" cabinets are custom sized
solid surface countertops with an integrated sloping trough style basin.

These countertops are offered in two colors:
Bright White with a soft matte & glossy finish
and Dark Gray with a glossy finish.

Choose from either single faucet or double faucet configurations.

Gracefully curved drawer pulls are finished in Brushed Nickel
with an option for a premium Brushed Gold color.

PALISADES

527 SERIES

Shaker made Modern

Palisades was designed to lend a modern flair to
traditional Shaker style cabinets.

Hallmarks of Shaker style are simple
panel doors and gracefully tapered legs.
Our Palisades cabinets also have softly arched base valences.

Cabinets are crafted from North American Birch solids and veneers.

Interior space is ample, with equal amounts of drawers and doors.

Premium features include an electrical and USB outlet located
in a custom designed shelf behind the right-hand door
and a bamboo drawer organizer.

Offered in six widths and configurations:
from a petite 30" cabinet, up to a generous 72" width.

Two finish colors: Bright White and Silver Gray

PALM BEACH

420 SERIES

Art Deco made Modern

Our Palm Beach cabinets marry the flair of the Art Deco period with modern functionality.

Cabinet sides and doors feature striking marquetry inlays of Tulipwood set into book-matched veneers of Eucalyptus Burl.

These beautiful doors conceal multiple drawers for optimal storage, and the cabriole legs support a lower shelf for additional organization.

Sized as accent pieces for dramatic bath and powder rooms, the Palm Beach cabinets are offered in two widths;

31" (single sink) and 48" (single sink)

The smaller 31" cabinet has a married top, crafted from our new Solid Surface countertop: Arctic Fall.

The 48" Cabinet is designed to use all of James Martin's optional tops.
So you may choose from Marble, Granite, Quartz or Solid Surface.

Palm Beach 48" Single Vanity
420-V48-DKA
Dark Amber Finish
47 7/8"W x 23 1/2"D x 33"H

PORTLAND

620 SERIES

Thoroughly Modern

Inspired by the American design aesthetic prevalent from the mid 1930's through the mid 1960's
James Martin's Portland Collection relies on pleasing proportions and simple, modern lines.

The cabinets' stylized, louver doors, conceal ample storage and with a multitude of drawers - elements of organization.

Portland Cabinets are offered in our four most popular widths: 36 inch, 48 inch, 60 inch and a grand 72 inch width.

The two finishes are James Martin's most popular colors as well; Burnished Mahogany / Whitewashed Walnut

These cabinets look outstanding with our Quartz and Solid Surface Tops, with rectangular, white ceramic undermount sinks.

Our coordinating 28" Mirror was designed to compliment all cabinets widths.

ACRYLIC SOLID SURFACE
PEDESTAL SINKS

These sculpted pedestal sinks are crafted from pure acrylic solid surface material.

Solid surface is prized for superior resistance to staining, heat and mildew.
Our solid surface sinks are also resistant to fading and discoloration from ultraviolet sources.

SEASIDE

960 SERIES

Form Follows Function

Our Seaside series is derived from one of our best selling collections; Sonoma.
This series features pleasing rectangular shapes for a pure, unadorned design.

Interior space is abundant with a combination of drawers, doors and open shelves.
(Width choices: 48" 60" and 72")

Cabinets are constructed with premium hardwood plywood cores with solid wood braces and brackets.
Seaside features innovative exterior veneers comprised of woods from multiple post-use and new sources, commonly referred to engineered woods.

Engineered wood veneers are comprised of reclaimed and cast-off woods, as well as new wood from rapidly growing, renewable species.

In addition to the merits of its inherent green story, customers enjoy the consistency of pattern, wood grain and color.

Seaside cabinets use a veneer we call Silver Apricot.
The oak like grain and soft silver taupe color enhance the cabinet's clean lines.

Simple reeded edge, brushed nickel finish knobs complete the look.

Two premium features include a component with electrical and USB outlets and a faux shagreen drawer organizer.

All Seaside cabinets have a removable base so they may be wall mounted as floating cabinets

These 960 series cabinets are designed for use with all James Martin optional countertops.

SILVERLAKE & WESTLAKE

312 & 311 SERIES

Beautiful Basics

The design of our Silverlake and Westlake series embrace clean lines and simple sculpted hardware.

Interior space is versatile with a combination of drawers and door options based on the width of the cabinet, (Width choices: 30" 36" 48" 60" 72")

Cabinets are constructed with premium hardwood plywood cores with solid wood braces and brackets.

Both series offer two finish colors. North American Birch and Poplar is used for the color Mountain Mist, while the Natural Apple Wood color is created with real Apple Wood veneers.

(At this time, only the 30" and 36" width cabinets are available in the Natural Apple Wood finish)

Two premium features include a component with electrical and USB outlets and a solid bamboo drawer organizer.

Westlake cabinets have grandly scaled rectangular legs crafted from stainless steel with a brushed nickel color.

Silverlake cabinet are designed to be wall mounted as floating cabinets.

Both 312 & 311 series cabinets are designed for use with all James Martin optional countertops.

SONOMA & SONORAN

860 & 864 Series

Marvelous Modern

James Martin's Sonoma and Sonoran series use pleasing geometric lines to create a handsome focal piece vanity.

Interior space is versatile with a combination of drawers and doors as well as open shelving for everyday items as well as accent pieces. (Width choices: 48" 60"and 72")

Cabinet interiors are constructed with premium hardwood plywood cores with solid wood braces and brackets. Cabinet exteriors are hardwood solids and veneers.

Both series offer two finish colors. North American White Oak is used for both colors: Coffee Oak & Silver Oak

These 860 and 864 series cabinets are designed to work with all James Martin optional countertops.

Sonoran has a striking stainless steel base finished in a soft Brushed Nickel color and features additional storage shelves.

Sonoma is designed to be wall mounted, floating cabinet to achieve an exceptional modern aesthetic.

TAHOE & TIBURON

867 / 868 SERIES

Orderly and Organized

The design of our Tiburon and Tahoe series caters to organized living, with multiple open shelves and versatile storage.

Cabinets are constructed with premium hardwood plywood cores with solid wood braces and brackets.

Both series offer four finish colors. We use North American white oak wood for the Coffee Oak and Silver Oak finishes. The most striking color is achieved using Natural Zebrano Wood veneers. An innovative new color: Champagne Tiger is created with a veneer derived from multiple post-use and new sources, commonly referred to engineered woods.

Engineered wood veneers are comprised of reclaimed and cast-off woods, as well as new wood from rapidly growing, renewable species. In addition to the merits of its inherent green story, customers enjoy the consistency of pattern, wood grain and color.

Tiburon & Tahoe also feature custom sized solid surface countertop with integrated basins.

These countertops are offered in two colors: Bright White with a soft matte & glossy finish and Dark Gray with a glossy finish.

Tahoe has a striking metal base with storage shelves, while Tiburon is a wall mounted, floating cabinet.

The standard metal finish is Brushed Nickel with an option for a premium Brushed Gold color.

WESTLAKE & SILVERLAKE

311 & 312 SERIES

Beautiful Basics

The design of our Silverlake and Westlake series embrace clean lines and simple sculpted hardware.

Interior space is versatile with a combination of drawers and door options based on the width of the cabinet, (Width choices: 30" 36" 48" 60" 72")

Cabinets are constructed with premium hardwood plywood cores with solid wood braces and brackets.

Both series offer two finish colors.
North American Birch and Poplar is used for the color Mountain Mist while the Natural Apple Wood color is created with real Apple Wood veneers. (At this time, only the 30" and 36" width cabinets are available in the Natural Apple Wood finish)

Two premium features include a component with electrical and USB outlets and a solid bamboo drawer organizer.

Westlake cabinets have grandly scaled rectangular legs crafted from stainless steel with a brushed nickel color
and
Silverlake cabinets are designed to be wall mounted as floating cabinets.

Both 311 & 312 series cabinets are designed for use with all James Martin optional countertops.

WESTON

148 SERIES

Crystal Clear

James Martin's Weston collection was inspired
by our best selling Brookfield.

Frosted Glass Doors (tempered) are the hallmark of this series.
Specially sized in the James Martin line,
these cabinets are shallow (22")
and tall (37")

We married traditional and transitional elements
in the cabinet design and details.
Hints of architectural elements are found in the
tapered block legs and smooth pilaster corners.

Cabinets are crafted from White Poplar solids and veneers.

Interior space is ample, especially in the larger
width cabinets.
Weston cabinets feature married countertops
crafted from our beautiful and durable
Arctic Fall solid surface material.

Offered in three different widths and configurations:
from a petite 30" cabinet, up to a generous 72" width.

Standard finish colors: Cottage White

Weston 29" Rectangular Mirror
148-M29-CW
Cottage White Finish
29" W x 7/8"D x 40"H

BALMORAL

150 SERIES

Fall in love with the Balmoral Collection.

These dramatic vanities are the perfect addition to your master or guest bathroom. With intricately detailed hand carvings, the Balmoral Collection caters to exuberant style.

From the period-style of the square paw feet to sun-burst door panels, the Balmoral Collection evokes an antique feel.
Bring the essence of the Scottish Highlands to your home.

Crafted from thick and sturdy North American White Oak and kiln-dried Birch hardwood solids and veneers these cabinets will hold a variety of health and beauty necessities.
The finish: Antique Walnut has light physical distressing and is hand-burnished to create a deep, warm color.

Make the most of your space, who says bathrooms need to be boring!
The Balmoral Collection is now available in four cabinet sizes with two coordinating mirrors.

Be Bold….Balmoral

BROOKFIELD

147-114 SERIES

Our "Classic" Collection

The Brookfield Series is one of James Martin Vanities' very first collections and has expanded over the years to include five finish colors and seven sizes and configurations.

Classic design elements of carved accent filigrees and raised panel doors are the hallmarks of this collection.
These handsome cabinets were designed for ample storage options and versatility.

Cabinets are crafted using White Poplar hardwood solids and veneers.

To complete this series, we also offer three sizes of companion mirrors and a linen cabinet with both glass and wood doors.

Choose from one of James Martin optional countertops, or select your own top to create your perfect combination.

Colors:
Antique Black / Burnished Mahogany / Cottage White
Country Oak / Warm Cherry

PROVIDENCE

238-105 SERIES

Town & Country

Designed as a sister to our Savannah Collection; Providence was also created to work well with many styles and sizes of homes.

The classic elements of the raised panel doors are complimented by the grand French style cremone hardware.

Cabinets are crafted from Ash and Birch Wood solids, White Oak and Poplar veneers, and the hardware is finished in satin pewter color.

Providence is offered in two finish colors:
Cottage White & Driftwood

Cabinets are available in six widths.

A companion mirror rounds out the collection;
and a louvered tower style linen cabinet is offered in the Driftwood finish color.

SAVANNAH

238-104 SERIES

Goodness. Gracious.

Inspired by the louvered shutters of its namesake city in Georgia;
The Savannah Collection embraces a clean, uncluttered look for
your bathroom.
The simple lines allow this collection to be a welcome addition
regardless of where you call home.

Countryside or City. Cottage or Cabin.

Cabinets are crafted from Ash and Birch Wood solids, White Oak and Poplar
veneers, and the hardware is finished in an oiled pewter color.

Savannah is offered in two finish colors;
Cottage White & Driftwood

Cabinets are available in six widths to accommodate a wide range
of spaces. From petite powder rooms to master suites.

A companion mirror rounds out the collection.
