Karastan brings fashion to the floor in this stylish collection of relaxed, easy-to-live-with patterns. Weathered colors in a trendy mix of robin's egg blue, limestone and maize are stunningly accented with butter cream, latte and brick to enliven every inch. A woven display of palmettes and vines fill the fields with a quiet level of beauty that complements today's decorating tastes.

Sierra Mar encourages whole-house decorating. The use of shared palettes gives rise to a new level of mix-and-match sophistication that is both timeless and timely. The versatile coordinates also marry beautifully with many of the patterned broadloom and roll runners from Karastan.

Karastan's Sierra Mar™ Collection is woven in the U.S.A of premium New Zealand worsted wool making it as soft as it is durable. The wool is specially twisted and space-dyed to give each rug a multi-hued 'stria' reminiscent of fine hand-woven qualities.

Refined Elegant Sophisticated

Karastan continues to take its passion for color in exciting directions with two sets of Sierra Mar triplets woven in a tranquil Robin's Egg Blue palette and a stunning Ivory/Black arrangement. Each trio embodies a fresh, dynamic mood that inspires the personality and style of today's interiors.

Lavishly patterned Jakarta Batik and floral trellis Marie-Louise are Karastan styles that share both palettes. Unexpected accents of mocha and latte add a modern stroke of softness to the Ivory/Black offerings, while a trendy mix of soft blue, maize, ivory and latte fashion each sister product. One-of-a-kind patterns, Kismet and Ventana, further the decorating possibilities with versatile looks that make a statement. Your own.

Karastan is always moving ahead with new ideas. Look to us for new colors, patterns and textures that complement today's casual lifestyles, while filling your home with the comfort, craftsmanship and design for which Karastan is known.
