

CARRERA

INFLUENCES: Finding one's personal style is a process of discovery. Contemporary is the prevailing look today, especially for younger affluents. Its structured perspective feels modern, fresh and functional. In designing Carrera, our objective was transcendent styling combined with a vibe that reflects their desire to create an inviting, uncomplicated and self-expressive home environment.

MATERIALS: Quartered Ash veneers and select hardwoods, metal accents in metallic graphite coloration and some items feature smoked gray glass shelves and/or tops

DRAWER CONSTRUCTION: English dovetails, wood runner & guides, and Lexington drawer plaque

HARDWARE: Custom designed in metallic graphite finish, the substantial weight of the linear bar pull design highlights the Ash grain, with interesting split hardware at the top and base of drawers

FINISH: 911 – Carbon Gray – a dark and smoky graphite with a silvery gray undertone highlighting the linear attributes of Ash grain

DINING CHAIR STANDARD COVERS: 110075 Gray Mist – charcoal gray coloration with soft highlights in a linen weave pattern, 100% polyester

UPHOLSTERY WOOD FINISH: Greystone

UPHOLSTERY FABRICS: The color palette of the Carrera fabrics includes ranges of grays, both warm and cool, monochromatic and sophisticated, while distinctly balanced with light neutrals and hints of metallic accents.

- GROUP 1: Our featured body cloth is a handsome menswear twill in a warmer gray accessorized with pillows in a bold diamond woven metallic yarn, a classic chenille pin stripe, and a bold geometric with lurex to add a little bling. A metallic, embossed crocodile leather creates a complimentary pairing as a married cover on an exposed wood frame.
- GROUP 2: The softened silhouette, and curvilinear shape of the Fontana Sofa reveals a lighter palette, beginning with a light, airy neutral linen body cloth highlighted by pillows in a larger scale, charcoal Greek key design. Accent chairs feature an open loop layered leaf graphic, a new luxurious velvet, and an eye-catching hand-burnished, embossed, metallic ostrich pattern.
- GROUP 3: Quick Ship Toscana frames flaunt a new supple, artisan leather, with a slight pull-up enhancing the natural beauty and characteristic markings. Complementary accent chair and pillow fabrics include a faux leather in silver paired with a dramatic snakeskin with lurex, menswear plaids and geometrics with engaging textures.
- GROUP 4: The modern styling of the exposed wood, swivel chair creates the perfect frame for a new charcoal leather and fabric combo. Modern circles with a menswear herringbone in the ground collaborates with a warm charcoal on brown undertones. A burnished and metallic, embossed ostrich leather, becomes the center of attention on the sleek, tapered ottoman.
