Thoughtful Design **MADE RIGHT**

For more than 20 years Oxford Garden has created outdoor furniture with thoughtful design made right, and this philosophy permeates everything we do. Our products enhance commercial and residential spaces, creating outdoor living experiences that stand the test of time.

Beginning with our design process, each piece of furniture is tailored to achieve a balance of form and function. Our materials are selected for their beauty, as well as proven durability in outdoor conditions. Each piece is crafted with commercial-grade quality to deliver superior comfort and performance that will be enjoyed for years.

Our commitment to "making it right" continues through the service and support we provide through the purchase process. Our sales and support professionals provide responsive customer service that continues once our furniture is installed. We are committed to providing customer satisfaction and fostering long-term relationships.

Installed in hotels, resorts, restaurants, golf clubs, and other commercial applications, we have become an established partner in providing comfort and style for the outdoor room.

MIXED MATERIALS

Oxford Garden's mixed materials collections pair contemporary lines with the luxury of Nauticau synthetic leather, the sophistication of granite, the texture of woven, the comfort of cushions, the functionality of sling, and the ease of Tekwood. A variety of options of seating and table styles can be combined to create unique outdoor spaces that bring the comfort and style of the indoors outdoors.

DETAILS

The quality of Oxford Garden outdoor furniture begins with the details. We carefully design and produce our collections with excellent craftsmanship so the structure of the furniture will endure as long as its beauty. The following pages serve as a tool in creating your perfect outdoor space. Product specifications enable you to better plan your area. Sling, cushion, and umbrella offerings provide a finishing touch that fits your style and complements your environment. For downloadable tear sheets of Oxford Garden products, please visit our website.

Eiland is as practical as it is beautiful. With a subtle, sophisticated look, this collection will compliment a variety of spaces.

It is ideally suited for commercial applications with low-maintenance, durable materials. The open weave of the seating using PVC coated polyester is surprisingly comfortable and light, yet durable and sturdy, even in windy conditions.

Leg endcaps provide protection from marring and scratching of surfaces.

Composite cord is PVC coated polyester thread woven into a cord. Similar to our composite sling it is durable with the right amount of give for maximum comfort.

Tabletops are CNC milled slatted aluminum with an elegant boat curved shape.

Occasional tables coordinate with the Salino Collection.

Seat cushions feature quick-dry construction. See page 100 for details.

Powder Coat **CARBON**

Composite Cord **MOCHA**

Solution-Dyed Olefin **PEPPER**

*Eiland cushions available in stocking solution-dyed olefin Pepper, or as Made To Order in Sunbrella fabrics, as well as custom options. See pages 102-103 for more details.

TRAVIRA

TRAVIRA is a lightweight, mixed material collection that combines classic styling with a contemporary appeal. With a variety of material and finish options, Travira is our most robust collection. Whatever the application, Travira is sure to make a bold statement.

Leg endcaps provide protection from marring and scratching of surfaces.

Chairs and chaise lounges include sculpted arm caps, adding contrast and warmth.

Mix and match chair and table options to create a unique dining environment.

Chaise lounge features a four position adjustable back that lays flat for total comfort.

Chairs and chaise lounge stack for storage.

HAMPTON

HAMPTON is the versatile solution to any outdoor dining environment. Choose from five sizes to seat from 2 to 6 people. Link tables end-to-end to create additional dining space.

Slatted tabletops allow water to pass through which prevents ponding.

All tables have a 2" (50mm) umbrella hole with removable plug.

Table leg joinery is wood-to-wood for a solid union.

(MTO) - This Item Made To Order

OXFORD features timeless styling with pieces for dining and relaxing that can be paired with our other Shorea collections to create unique outdoor settings.

ADIRONDACK has a deep seat, comfortable and easy to get in and out of. Wide arms for resting books or drinks, and a matching footstool for complete relaxation.

CHAISE features a sliding tray, 5-position adjustable back, and rubber treads on wood wheels for smooth movement that won't scratch surfaces.

BENCHES can be used as a beautiful accent in a garden or combined with Hampton tables. Ergonomically curved seat and traditional mortise and tenon cross-doweled construction.

DINING tables have slatted tops to prevent ponding, a 2" (50mm) umbrella hole with removable plug, and wood-to-wood leg joinery. Pair with seating from Classic, Chadwick, Mera, Torbay, or Wexford Collections.

SIGNATURE is based on the graceful design and remarkable craftsmanship of Chadwick. Signature makes a great memorial or corporately branded bench. The back has been tailor-designed to accept a wide panel that allows for customized, precise laser engraving.

Patented bench design (US Patent No. 6,644,750) allows you to create a custom laser engraved bench that is one-of-a-kind.

Reproduce a company logo, image, illustration, or message with laser engraved accuracy.

Mortise and tenon joint construction adds strength and longevity.

The engraving area for the bench is 4.5" wide x 13" length.

Adding your company logo, a personal image, or a message makes an enduring impression in any setting.

ACCESSORIES add a finishing touch to an outdoor environment or help enhance your outdoor lifestyle. Oxford Garden trash receptacles and divot boxes are sturdy and include a removable liner. Planters will help define your garden or interior green space. Each upright is figured and adorned with a turned finial for a distinct presence. You can cultivate directly in the planter or use it to house a pre-potted plant.

Turned finials adorn each upright creating a distinct style.

Slatted bottoms allow water to drain easily, preventing root rot.

Cultivate directly or use to house a pre-potted plant.

Trash receptacles and divot box include a removable liner.

Optional hinged lid provides a finishing touch for the Oxford Trash Receptacle.

CALL TOLL FREE 877 866 3331 OR VISIT oxfordgarden.com

FINISHING TOUCHES

Finishing Touches help complete your outdoor area. Anchor brackets serve as an inconspicuous way to anchor furniture in busy or public areas, while commemorative plaques transform a garden bench into the ideal memorial. Use Cabot Australian Timber Oil to protect and maintain your Oxford Garden shorea wood furniture. "Grigio" Instant Gray finished shorea wood turns the golden brown new shorea into a driftwood-gray color and will keep this color longer. To help prevent stains and keep natural or Grigio finished shorea lasting longer use Teak Shield.

Australian Timber Oil

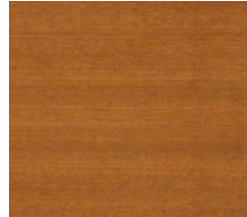

Penetrates deep into dense hardwoods, using triple oil protection, to accentuate natural wood depth and patina. Linseed, Tung, and Alkyd oils along with trans iron oxide pigments create an ideal outdoor oil that is long lasting, protects against UV rays, and contains water repellents, mildewcide and fungicide.

ATONAQ/ATONAG
Cabot Australian Timber Oil
Natural

quart - covers 4-5 pieces of furniture
gallon - covers 16-20 pieces of furniture

Liter (1.06 quart) - covers about
5 pieces of furniture

Almost invisible wood protection that makes it difficult for wine, olive oil or butter to seep into shorea. Built in mold & mildew inhibitor also allows moisture vapor transmission. Use on natural shorea or over Instant Gray finish.

Teak Shield is colorless, and maintains natural color of wood. (Shorea Natural shown)

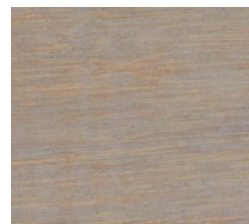

Without Teak Shield or Timber Oil, shorea and teak will weather to a silver gray. (Untreated, aged Shorea Natural shown)

GIGQ - "Grigio" Instant Gray

Instant Gray turns the golden brown color of new shorea into a weathered, driftwood-gray color of old shorea. Instant Gray finish will disappear over time as the shorea naturally grays. Instant Gray slows the natural graying process down and the color lasts longer.

GIGQ
Grigio Instant Gray

liter (1.06 quart) - covers about
3 pieces of furniture

Turns shorea into driftwood color instantly. Use to touch up previously finished Grigio Instant Gray furniture.

PCBK4
Anchor brackets, set of 4
Black powder coat with stainless hardware

width 1.5"
depth 1.75"
height 2"

Ensure safety and security with this inconspicuous way to anchor furniture in busy or public areas.

BP
Commemorative plaque
Brass with engraving

width 5"
height 2"

COMPOSITE SLINGS

Customize a Bold Statement

CUSTOM CAPABILITY

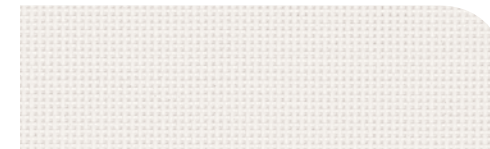

For large projects, Oxford Garden has the capability of using custom sling options not shown in our standard offering. For more information regarding project size requirements, lead-time and pricing, call 877-866-3331 or email sales@oxfordgarden.com.

Available for immediate shipment are cushions featuring Sunbrella® fabric in seven standard colors and patterns.

Bench and chair cushions are filled with a 2.5" thick comfortable thermal bonded polyester core (chaise lounge cushions are 3.5" thick). This unique combination of materials results in reliable quick drying, mold and mildew resistant cushions.

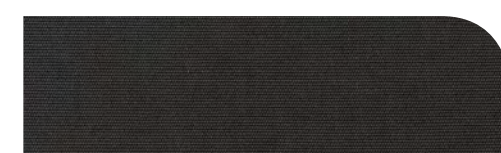

Ties or Hook & Loop straps secure cushions to furniture and where necessary notched corners provide for a custom fit to Oxford Garden furniture.

On striped cushions for benches wider than 50" the stripes will run side to side instead of front to back.

Oxford Garden is proud to be partnering with Sunbrella® to offer a collection of coordinated cushion fabrics. Each cushion is manufactured with Sunbrella® 100% solution-dyed acrylic.

MATERIALS

A Good Foundation

Materials Oxford Garden uses fine materials that have qualities perfect for outdoor use. Because our materials resist natural elements so well, little maintenance is required. Our materials are well suited to withstand the elements of the outdoors. Quality construction turns our classic designs and raw material into timeless furniture. For more details regarding materials and product care, please visit our website.

Protection Exposed to the outdoor elements of sun and rain, our wood products weather naturally to a beautiful silvery gray color unless treated. If you wish to slow the graying process or enhance the natural wood color, apply Cabot Australian Timber Oil (page 98) or other quality timber protector seasonally. Oxford Garden recommends a regular application of 303® Indoor and Outdoor Furniture Protectant™ on Tekwood to protect against staining and natural weathering. Nauticau Synthetic Leather should be kept free of dirt and grime and covered when not in use. Our other materials require minimal maintenance to protect from outdoor exposure.

TEKWOOD is a wood-alternative developed from polystyrene, available in a natural or vintage finish. Designed for the outdoors, Tekwood provides the look of wood with minimal weathering or maintenance.

TEKWOOD

LITE-CORE

LITE-CORE is an engineered panel that combines the durability of natural granite stone and the light weight of aluminum. One of the hardest stones available, granite is a highly scratch resistant solid surface that is backed with an aluminum honeycomb panel. This combination results in a beautiful surface that is durable and light weight.

RESIN WICKER is made of a synthetic polyethylene material. Durable and elastic, resin wicker provides a comfortable seat that will resist weathering and endure.

RESIN WICKER

COMPOSITE SLING & CORD use PVC coated polyester threads woven into mesh and cord respectively. Both materials are ideally suited to the outdoor environment. Durable, easy to maintain and comfortable, Oxford Garden's composite sling and woven cord provide commercial grade quality outdoor seating. We offer mesh sling in many colors allowing for personalized style in any environment.

COMPOSITE SLING

NAUTICAU SYNTHETIC LEATHER is a PVC material used to make boat upholstery. It can withstand extreme temperatures, has ultraviolet inhibitors in the pigment system, and is healthcare grade mold and mildew resistant. This material has been used for years in marine environments for its luxurious look and feel and ability to withstand the harshest weather conditions.

NAUTICAU

SUNBRELLA FABRICS deliver unparalleled style with the proven performance of Sunbrella. They are 100% solution-dyed acrylic, which means the fibers are dyed in a color solution before they are woven – not printed on after the fabric base cloth is made. These are water resistant and the colors stay true for a long period of time.

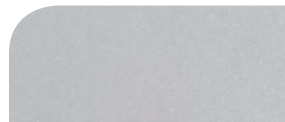

SUNBRELLA FABRICS

SOLUTION-DYED POLYESTER FABRICS are an economical option for outdoor cushions and umbrellas. These fabrics have the look and feel of cotton with the strength, weather and sun resistance of polyester.

SOLUTION-DYED POLYESTER FABRICS

POWDER COATED ALUMINUM AND ELECTROPLATED STEEL serves as a complimentary element to other materials, creating a contemporary design. Durable and lightweight, the rust proof nature of the powder coated aluminum frame offers high quality and strength. Electroplated steel is used to offer additional strength to bistro and bar elements.

POWDER COATED ALUMINUM & STEEL

SHOREA is a tropical hardwood that grows naturally and plentifully in Southeast Asia. Similar to teak in many ways, shorea is highly suited for outdoor furniture. Heavy and dense, shorea is resistant to rot and will last for years in all weather conditions.

SHOREA

TEAK has well known qualities that make it superior to other woods for outdoor furniture applications. The beautiful dense grain and high oil content of teak allow it to resist rot, moisture, warping, and splintering.

TEAK

Actual colors may vary from printed samples.

PRODUCT CARE

WARRANTY

We offer one, three and five-year warranties – provided the furniture is assembled correctly and subjected to normal use. For more detailed warranty information visit oxfordgarden.com/warranty

CLEANING

SHOREA

Rinse the furniture and using a sponge or soft bristle brush, scrub the furniture with a mild cleanser. Lastly, rinse the furniture with more fresh water.

TEAK

For seasonal cleaning rinse the teak well and use a sponge or soft bristle brush to scrub with a mild cleaning solution. Rinse with fresh water.

COMPOSITE SLING & CORD

Using a stiff brush, scrub with a mild, non-foaming, commercial cleanser. Rinse well and air dry.

POWDER COATED ALUMINUM, STEEL, TEKWOOD, & RESIN WICKER

Wash gently with a mild, non-abrasive cleanser. Rinse well and let dry.

LITE-CORE

Regularly clean Lite-Core using a soft rag and mild soap or pH balanced cleaner, rinse thoroughly, and dry with a clean rag. Avoid bleach and cleaners that are acidic, alkaline, or abrasive. To protect against stains, clean spills immediately and re-seal with a penetrating stone sealer twice a year. Scrape away gum or sticky material with a plastic putty knife.

FABRIC

Brush off dirt before it becomes embedded in the fabrics, and clean spills soon after a stain occurs. Blot (don't rub) liquid spills with a clean, dry cloth. For oil-based spills, apply an absorbent such as corn starch, then remove with a straight edge. Spray on a mild cleaning solution of soap (such as Dawn® or Woolite®) and water. Rinse the fabric thoroughly to remove all soap residue and air dry.

NAUTICAU SYNTHETIC LEATHER

Regularly clean Nauticau using a soft rag and mild soap. Or if desired, a marine synthetic leather cleaner/conditioner, rinse thoroughly, and dry with a clean rag. Avoid bleach and cleaners that are acidic, alkaline, or abrasive. To prevent stains, clean spills immediately and cover furniture when not being used.
