# MALDIVES

BY Panama Jack

Maldives is a collection based on the essence of the ocean. It combines a distinctive woven pattern with slim and agile lines that shape it as a versatile timeless contemporary collection. This breathtaking collection is hand woven with a unique bronze wicker high density polyethylene fiber over an aluminum tube frame.

The Maldives collection by Panama Jack® features two seating groups, both eye-catching in their own way. The classy and unconventional Maldives dining set features two table sizes to accommodate a party of four or six. Matching barstool, chaise lounge, and daybed, are also available as a finishing touch to the Maldives ensemble. Live it up all year round with our outdoor Maldives collection.

The St. Barths collection by Panama Jack® incorporates an extruded aluminum frame with an exclusive thick woven wicker fiber.

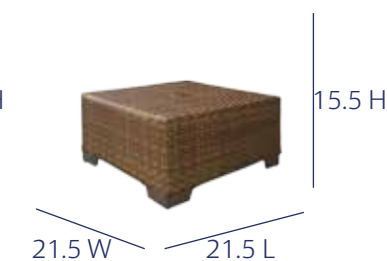

The St. Barths collection has a modular sectional allowing for a variety of setups for your outdoor seating area. The square coffee table has an umbrella hole with cap that allows for shade coverage from the hot sun. The end table is set to tuck underneath the armless chair and will hold drinks, books, or even electronics. Plastic connector clips are included with each armless chair package to help keep your sectional held together.

# Island Cove

The Island Cove collection by Panama Jack® was developed from the Island Breeze Sling group. The addition of an exclusive woven synthetic wicker called Viro® eliminates the need for cushions. It incorporates a tubular extruded aluminum frame in a unique baked on powder-coated Espresso finish that will not rust. The Island Cove collection is designed to coordinate with the PJO-1001 Island Breeze tables.

The residential Panama Jack® Umbrellas collection features a cantilever 10ft umbrella and 5 fun colored 9ft umbrellas: Red, Orange, Teal, Blue, and Grey. The umbrellas are constructed with tubular extruded aluminum and powder-coated frame with steel ribs for added strength. Additionally, an outdoor polyester fabric and a convenient tilt mechanism help to block the sun from any direction.

It is important to close umbrellas during heavy rain storms and high winds to prevent damage.
