The Sadler semi-flush and pendant styles combine tough, industrial steel with the graceful glow of candle Edison bulbs. The grey ash finish creates drama and graphic contrast without the harshness of true black. Incorporate this design into an entryway or kitchen for a look that spans both industrial and farmhouse sensibilities.

With elements of industrial and Spanish design, this iron-wrought chandelier is available in both rectangular and circular styles. Chain suspensions and a rustic black finish feel strong — but not austere. This design marries strength with sensibility: with either six or eight bulbs, the Hughes series affords a wealth of overhead light for living or dining spaces.
