At Tonik®, we design durable, American-made furniture that pushes boundaries, connects people and sets the scene for life's best moments.

We work with the best and brightest designers to bring you modern furniture that is as functional as it is fashionable, in colors that are UV-resistant, easy to clean and built to last. Oh, and some of these pieces even light up. So take a seat, order a drink and enjoy. Life is more fun with a splash of Tonik®.

A vibrant outdoor seating area featuring a variety of colorful, modern plastic furniture. In the foreground, there's a bright orange armchair, a white circular table, and a blue armchair. To the left, a pink armchair with a patterned cushion sits next to a white bucket. Further back, yellow and pink armchairs are visible. Large patio umbrellas in orange, yellow, and red provide shade. The ground is covered in dark gravel. In the background, there are green trees and a building. The word "TONIK" is overlaid in large white letters.

KANGA™

Kanga™ is a quirky piece of multi-functional furniture with a tilted design and spherical form that gives it a dynamic sense of motion. It can be used as a stool or side table and features a flat top, plus an open “pass-through” from one side to the other that makes it perfect for taking a seat or sharing a cocktail.

Kanga™ is a highly durable, versatile product that can be used indoors or outdoors. It's UV- and chlorine-resistant construction makes it a perfect compliment to your pool patio, while its lightweight design makes it easy to pick up and move around depending on where the festivities are.

GOBY™

Goby™ is a voluptuously designed collection of furniture with bold curves that hints at high-end pop art when used on funky roof top bars and in amusement parks. But the series can just as easily aid in creating more elegantly spirited areas in hotel lobbies and resorts.

The Goby™ Seating Series is defined by its swaying design lines and optional two-tone version that make this a fashionable and versatile furniture option.

RIPTIDE™

Riptide™ is a modular seating system with three primary shapes that make endless configurations. It's made especially for hospitality and other commercial environments, but fits in just as well in cocktail lounges, outdoor recreational areas and any space where you might find old friends hanging out together or new friends making connections.

Our Swizzle™ stool is a stylish perch that adds character to any space. Swizzle™ planters make a big statement indoors or out and feature drainage to ensure that your foliage stays fresh.

# SWIZZLE™

Our Swizzle™ floor lamp elevates our surface light, allowing it to brighten a space from any angle. Mounted on a 60" stand, this playful pod uses an elegant and efficient LED bulb, so you can set a romantic mood or keep the party going well after dark.

# JIGGER™

Its timeless shape is universally recognized, but has been given a fresh update from Tonik's design, and our vivid colors that allow you to match the product to any space that is looking for genuinely off-beat, funky furniture. To boot, the light-weight construction of Corky® makes it easy to move these pieces around and use your creativity to make wildly playful configurations.

# DIMPLE™
