# The David Lewis Collection

**LCC-890 - Set - 94" Manhattan Forge Dining Table Set with 6 Dining Chairs & 2 Arm Chairs**

*Pictured In Light Gray, Brazilian Walnut, Tudor Brown & Black*

***The Manhattan Forge Dining Table Set is reminiscent of the Open Forging Method, which uses the application of pressure to create a wide variety of shapes by bending and contouring material. We have used this same industrial technique, using poly lumber, to create the unique look you see in this line of outdoor furniture.***

## Meet The Designer

of the Manhattan Forge Dining Table Set and the decorative Garden Jacks

**David L. Schlabach**

David Lewis Designs

See his bio on page 55 of our Wildridge Catalog.
